Khan, 2005 Prophet's Daughter examines the extraordinary life of Bahiyyih Khanum 1846 1932 the daughter of Baha'u'llah founder of the Bahá'í Faith From the mid nineteenth century to the early twentieth century when women in the Middle East were largely invisible deprived of education and without status in their communities Bahiyyih Khanum was an active participant in the religion's turbulent early years and contributed significantly both to the development of its administrative structure and to its emergence as a worldwide faith community Her appointment to head the Bahá'í Faith during a critical period of transition stands unique in religious history *Advancement of Women* Janet Adrienne Khan, Peter Khan, 2003 The equality of women and men is one of the basic tenets of the Bahá'í Faith and much is said on the subject in the Bahá'í writings Until now however no single volume created for a general audience has provided comprehensive coverage of the Bahá'í teachings on this topic and its many aspects In this broad survey husband and wife team Janet and Peter Khan address even those aspects of equality of the sexes that are usually ignored or glossed over in the existing literature *It's Not Your Fault* Patricia Romano McGraw, 2004

Dr. McGraw describes how trauma affects the brain and therefore one's ability to carry out good advice. Explains the subtle and largely hidden processes of attunement and attachment that take place between parents and children. Examining their impact on all future relationships tells what is needed for healing to occur. Discusses the profound health benefits of spirituality and a relationship with God in assisting and accelerating the healing process and suggests how members of the helping professions can begin to tap the deepest, most authentic parts of themselves to touch the hearts of those they seek to help. **The**

Challenge of Bahá'u'lláh Gary L. Matthews, 2005. Author Gary Matthews documents why he believes that the Revelation of Baha'u'llah is divine in origin, representing a unique summons of unequalled importance to humanity. The book contains discussions of Baha'i prophecies concerning historical events and scientific discoveries. Among the events and discoveries discussed are the fall of the Ottoman Empire, the worldwide erosion of ecclesiastical authority, the Holocaust, and the development of nuclear weapons. A new and updated edition. The previous edition, George Ronald, was a limited release and not offered to the U.S. trade/consumer market. **Seeking Faith** Nathan Rutstein, 2002. Many people express a need for spiritual fulfillment but are troubled or at best put off by what is often and loosely called organized religion. This is especially true today when once venerated institutions and trusted public figures have become subjects of investigation, sources of disappointment, and worse. People fear becoming victims of crime and alter their daily lives to avoid it. Terrorism committed in the name of religion and political causes painfully reminds us of how human capacities can be turned with devastating results against ourselves. At times much of the world appears to be in a state of decay and sources of spiritual strength seem scattered and elusive. Nathan Rutstein understands this. His book *Seeking Faith: Is Religion Really What You Think It Is* describes his personal search for purpose and meaning in life, a search that led him to the Baha'i Faith and its distinctive perspective on the past, its reassuring understanding of the present, and its confident vision of the future. **The Hidden Words** Baha'u'llah, 2002. A collection of lyrical, gem-like verses of scripture that convey timeless spiritual wisdom clothed in the garment of brevity. *The Hidden Words* is one of the most important and cherished scriptural works of the Baha'i Faith. Revealed by Baha'u'llah, the founder of the religion, the verses are a perfect guidebook to walking a spiritual path and drawing closer to God. They address themes such as turning to God, humility, detachment, and love, to name a few. These verses are among Baha'u'llah's earliest and best-known works, having been translated into more than seventy languages and read by millions worldwide. This edition will offer many readers their first introduction to the vast collection of Baha'i scripture. **The Reality of Man** Terry Cassiday, Chris Martin, 2005. *The Reality of Man* presents a glimpse of the unique depth, range, and creative potency of Baha'u'llah's writings on such fundamental questions as: What is a human being? What is the purpose of human existence? Where did we come from? Is there a God? What is God like? Do we each have a preordained

role or mission in life Is there life after death Are some religions true and others false How can one evaluate religions This compilation provides a sample of the Baha'i religion's vast teachings on the nature of man and answers these questions and more

The Book of Certitude, 2003 The *Kitáb-i-Íqán* The Book of Certitude is one of the most important scriptural works in the Baha'i Faith In it Baha'u'llah gives a sweeping overview of religious truth explaining the underlying unity of the world's religions describing the universality of the revelations humankind has received from the Prophets of God illuminating their fundamental teachings and elucidating allegorical passages from the New Testament and the Qur'an that have given rise to misunderstanding among religious leaders practitioners and the public
