Change for America Mark Green,Michele Jolin,2009-01-06 Mark Green and Michele Jolin look to 2009 as the beginning of an era of renewal and progressive governance in America Change for America presciently and insightfully offers specific ideas for what our next President can do to revitalize our nation and restore our standing abroad President Bill Clinton It was an election about change but how will that change actually happen The result of a collaboration between the Center for American Progress Action Fund the advocacy arm of Washington s leading edge progressive think tank led and the New Democracy Project s Mark Green this comprehensive volume is written by over sixty leading policymakers scholars and advocates Based on four core values of democracy security through diplomacy opportunity and a greener world Change for America offers scores of solutions how to repair our broken government and create an enduring progressive era The Center for American Progress Action Fund and Mark Green have assembled some of our nation s best minds and their best ideas into a book is packed with innovative practical and progressive solutions that will help take America in a New Direction Speaker Nancy Pelosi These thoughtful essays offer a progressive way forward for the vast majority of Americans who hope their government works for the many not just the few Senator Ted Kennedy We don t just need a transition we need a transformation Mark Green and Michele Jolin s encyclopedia of change offers a brilliant roadmap for the 44th President Senator John Kerry This is one of the most important books to be published this year It s a handbook for restoring the New Deal s social compact with our citizens over the first 100 Days and the next 1360 James Roosevelt Jr Change for America is brilliant timely and practical and teems with hard earned wisdom and common sense Michael Eric Dyson

The Shock and Vibration Digest ,1989-07

Eco-Capitalism Robert Guttmann,2018-06-20 Our planet faces a systemic threat from climate change which the world community of nations is ill prepared to address and this book argues that a new form of ecologically conscious capitalism is needed in order to tackle this serious and rising threat While the Paris Climate Agreement of 2015 has finally implemented a global climate policy

regime its modest means belie its ambitious goals Our institutional financial organizations are not equipped to deal with the problems that any credible commitment to a low carbon economy will have to confront We will have to go beyond cap and trade schemes and limited carbon taxes to cut greenhouse gas emissions substantially in due time This book offers a way forward toward that goal with a conceptual framework that brings environmental preservation back into our macro economic growth and forecasting models This framework obliges firms to consider other goals beyond shareholder value maximization outlining the principal tenets of a climate friendly finance and introducing a new type of money linked to climate mitigation and adaptation efforts
