Refugees In Botswana In The Light Of International Law:

Refugees in Botswana in the Light of International Law Jenny Zetterqvist, 1990 **The Rights of Refugees under International Law** James C. Hathaway, 2005-09-15 This book presents the first comprehensive analysis of the human rights of refugees as set by the UN Refugee Convention In an era where States are increasingly challenging the logic of simply assimilating refugees to their own citizens questions are now being raised about whether refugees should be allowed to enjoy freedom of movement to work to access public welfare programs or to be reunited with family members Doubts have been expressed about the propriety of exempting refugees from visa and other immigration rules and whether there is a duty to admit refugees at all Hathaway links the standards of the UN Refugee Convention to key norms of international human rights law and applies his analysis to the world s most difficult protection challenges This is a critical resource for advocates judges and policymakers It will also be a pioneering scholarly work for graduate students of international and human rights law

The Refugee in International Law Guy S. Goodwin-Gill, Jane McAdam, 2021-09-09 The status of the refugee in international law and of everyone entitled to protection has ever been precarious not least in times of heightened and heated debate people have always moved in search of safety and they always will In this completely revised and updated edition the authors cast new light on the refugee definition the meaning of persecution including with regard to gender and sexual orientation and the protection due to refugees and those affected by statelessness or disasters They review the fundamental principle of non refoulement as a restraint on the conduct of States even as States themselves seek new ways to prevent the arrival of those in search of refuge Related principles of protection non discrimination due process rescue at sea and solutions are analysed in light of the actual practice of States UNHCR and treaty monitoring bodies The authors closely examine relevant international standards and the role of UNHCR States and civil society in providing protection contributing to the development of international refugee law and promoting solutions New chapters focus on the evolving rules on nationality statelessness and displacement due to disasters and climate change This expanded edition factors in the challenges posed by the movement of people across land and sea in search of refuge and their interception reception and later treatment The overall aim remains the same as in previous editions to provide a sound basis for protection in international law taking full account of State and community interests and recognizing the need to bridge gaps in the regime which now has 100 years of law and practice behind it

Human Rights Law in Africa, Volume 3 (1998) Christof Heyns, 2021-11-01 **Human Rights Law in Africa 1998** Christof Heyns, 2001-04-11 Statute of the ICTR **National Law and International Human Rights Law** Onkemetse Tshosa, 2017-07-05 This title was first published in 2001 This text critically examines the role and relevance of international human rights law in the process of protection especially in the cases of Botswana Namibia and Zimbabwe It argues that international human rights law does have a role to play in the protection and indeed the enforcement of human rights in these countries and that there is an emerging trend to that effect

Asylum-Seeker and Refugee Protection in Sub-Saharan Africa Cristiano d'Orsi, 2015-08-11 It is not often acknowledged that the great majority of African refugee movement happens within Africa rather than from Africa to the West. This book examines the specific characteristics and challenges of the refugee situation in Sub Saharan Africa offering a new and critical vision on the situation of asylum seekers and refugees in the African continent. Cristiano d'Orsi considers the international, regional and domestic legal and institutional frameworks linked to refugee protection in Sub Saharan Africa and explores the contributions African refugee protection has brought to the cause on a global scale. Key issues covered in the book include the theory and the practice of non refoulement, an analysis of the phenomenon of mass influx, the concept of burden sharing and the role of freedom fighters. The book goes on to examine the expulsions of refugees and the historical role played by UNHCR in Sub Saharan Africa. As a work which follows the persecution and legal challenges of those in search of a safe haven, this book will be of great interest and use to researchers and students of immigration and asylum law, international law, human rights and African studies. *The Comparative and International Law Journal of Southern Africa*, 1995

The Cambridge Survey of World Migration Robin Cohen, 1995-11-02 This extensive survey of migration in the modern world begins in the sixteenth century with the establishment of European colonies overseas and covers the history of migration to the late twentieth century when global communications and transport systems stimulated immense and complex flows of labour migrants and skilled professionals. In ninety five contributions, leading scholars from twenty seven different countries consider a wide variety of issues including migration patterns, the flights of refugees and illegal migration. Each entry is a substantive essay supported by up to date bibliographies, tables, plates, maps and figures. As the most wide ranging coverage of migration in a single volume, *The Cambridge Survey of World Migration* will be an indispensable reference tool for scholars and students in the field.

Historical Dictionary of Botswana Fred Morton, Jeff Ramsay, Part Themba Mgadla, 2008-04-23 In September 2006 Botswana celebrated its 40th anniversary of independence. During its four decades of freedom, the average individual annual income in Botswana has risen from less than 500 in 1966 (in today's prices) to more than 5 000 in 2006. It has held nine open and free national elections, it has expanded the provision of electricity, water, education and health services to most of its people, and it has become an archetype for other nations wanting to put the profits from its natural resources back into the nation's development. While much has improved in the country, Botswana still faces three major issues: the AIDS epidemic, the tens of thousands of refugees from South Africa, Namibia and Zimbabwe, and conflict diamonds. The fourth edition of the *Historical Dictionary of Botswana*, through its chronology, introductory essay, appendixes, map, bibliography, and hundreds of cross referenced dictionary entries on important persons, places, events, institutions, and significant political, economic, social and cultural aspects, provides an important reference on this burgeoning African country.

Legal Issues of Inter-Korean Economic Cooperation under the Armistice System Eric Yong-Joong Lee, 2002-09-01 This unique work examines the highly topical national and international legal issues of economic cooperation

between North and South Korea under the current divided situation In recent years the relationship between the two Koreas has been generating more concern than in earlier times This new interest has been followed by two epoch making developments over the past decade the conclusion of the Basic Agreement of 1991 and the Declaration of the North South Summit of 2000 These events have caused remarkable changes in political as well as economic relations between the north and the south This book reviews the current legal regime and the setting up of a positive legal framework for inter Korean economic cooperation beginning to be regulated by international law This research provides two ultimate outcomes One is to resolve the legal problems for transnational economic cooperation relating to North and South Korea the other is to develop a juridical model of south north cooperation as a new world economic framework for the 21st century Three interrelated areas are involved in this work The first part describes the external environmental factors regarding inter Korean economic cooperation from an international legal perspective The second part deals with the legal framework of inter Korean economic cooperation examining concrete issues arising from practical economic exchanges and cooperation between the two Koreas The last part discusses the legal foundations for inter Korean economic integration beyond economic cooperation This book clarifies the significance of the legal environment as an indispensable servant for the parts of a divided country to recover their relationship offering both a normative and practical framework **University of Botswana Law Journal** ,2006

"The Inevitable Pipeline Into Exile" Johann Alexander Müller,2012 The role played by Botswana in various southern African liberation struggles has previously been neglected in historical studies The country s politics of support and mobilisation early on in Namibia s struggle for independence from South Africa proved crucial for the formative period of both nation states Botswana s difficult and contradictory position as neighbour of the South African apartheid state and colonial power in Namibia are carefully dealt with as are the challenges faced by the fragile Namibian refugee networks and liberation movements SWANU and SWAPO operating in Botswana for decades The Inevitable Pipeline into Exile deals with a crucial phase of nationalism and transnational politics during the period of southern African decolonisation at the height of South Africa s diplomatic and military aggression throughout the region Questioning the Universality of Human Rights Lone Lindholt,2019-07-09 First published in 1997 this volume analyses the material provisions of the African charter on Human and Peoples Rights from 1981 discussing the issues this raises both with respect to the theoretical aspects of human rights law and in relation to its implementation in various African member states Illustrating the first aspect in particular the question of universality of human rights is discussed with respect to the national implementation the Southern African states are the main focal points in particular Botswana Malawi and Mozambique Historical Dictionary of Botswana Barry Morton,Jeff Ramsay,2018-06-13 The death of Botswana s last founding father Sir Ketumile Quett Masire in June 2017 marked the end of an era Since the release of the Fourth Edition of Historical Dictionary of Botswana in 2008 Botswana has gone through its most turbulent and divided decade to date Throughout September 2016 when Botswana celebrated its 50th

anniversary of independence all the successes of the Seretse and Masire era were sources of massive national pride Botswana had expanded provisions of electricity water education and health services to almost all of its people and become a model nation that owned its natural resources and plowed the profits back into the nation's development Despite these successes Botswana has a high unemployment rate about 20 percent and a much larger cohort of the underemployed This fifth edition of Historical Dictionary of Botswana contains a chronology an introduction appendixes an extensive bibliography and more than 700 cross referenced entries on important personalities and aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Botswana

Refugees in a Chess Game Medard Rwelamira,1990 Covers the period 1967-1980s African Refugees, an Overview Renu M. Anand,1993

Tales of the Nation Lene Bull-Christiansen,2004 In light of the uses and misuses of history in Zimbabwean politics in recent years this research report focuses on how versions of the country's liberation war history have become a site of struggle over the definition of Zimbabwean national identity As identity politics often do Zimbabwean nationalism draws on a wide field of cultural symbols of identity and political discourses of inclusion and exclusion Therefore the report takes a cross disciplinary approach to the issue of national identity by mapping out the imaginary field of Zimbabwean nationalism This approach opens up the possibility of cross reading the political discourses of the President and the ruling party ZANU PF with opposing voices such as those in the works of the author Yvonne Vera This cross reading shows how Vera's novels and the political discourses participate in the struggle over Zimbabwean national identity by offering different versions of the nation's history in the form of patriotic history feminist nationalism or narratives of difference In this way the research report adds to our understanding of power and resistance in Zimbabwean politics of national identity

Exile Identity, Agency and Belonging in South Africa Zosa De Sas Kropiwnicki,2017-07-13 This book examines the experiences of 49 second generation exiles from South Africa Using generation as an analytical concept it investigates the relational temporal and embodied nature of their childhoods in terms of kinship relations life cycle cohort development and memory making It reveals how child agents exploited the liminal nature of exile to negotiate their sense of identity home and belonging while also struggling over their position and power in formal Politics and informal politics of the everyday It also reflects upon their political consciousness identity and sense of civic duty on return to post apartheid South Africa and how this has led to the emergence of the Masupatsela generational cohort concerned with driving social and political change in South Africa
