Refugees Four Political Case Studies:

Escape from Violence Aristide R. Zolberg, Astri Suhrke, Sergio Aguayo, 1989 A crisis in the making **Refugees** Milton E. Refugee Manipulation Stephen John Stedman, Dr. Fred Tanner, 2004-05-13 Since World War II refugee organizations have faced a recurrent challenge the manipulation of refugees by warring parties to further their own aims Some armies in civil wars facing military defeat use refugees as assets to establish the international legitimacy of their cause treat refugee camps as sanctuaries and recruitment pools and limit access to refugees to ensure that they will not repatriate Focusing on the geopolitical security environment surrounding militarized camps and the response of humanitarian agencies the contributors to this volume examine the ways armed groups manipulate refugees and how and why international actors assist their manipulation They then offer suggestions for reducing the ability of such groups to use the suffering of refugees to their own advantage The contributors examine three cases Cambodian refugees along the Thai border in the 1970s and 1980s Afghan refugees in Pakistan in the 1980s and 1990s and Rwandan refugees in Eastern Zaire from 1994 96 They argue that refugee manipulation occurs because warring parties gain resources in their fight for power and other actors often the host government and regional and major powers encourage and support it Manipulation is allowed to occur because the international refugee regime and major states have not identified a consistent approach to stopping it In the post Cold War era the United Nations and its members have chosen to treat the issue as a humanitarian problem instead of a security problem As the contributors make clear however manipulation of refugees has important ramifications for international security turning some civil wars into larger protracted regional wars. They argue that the geopolitics of refugee manipulation leads to sanguine conclusions about stopping it Solutions must change the moral political and strategic calculations of states that are implicated in the manipulation As long as the problem is not deemed a security threat US-Pakistan Relationship A.Z. Hilali, 2017-07-05 Hilali provides an excellent study into the US Pakistan partnership under the Reagan administration The book explores the causes of Pakistan's involvement in the Afghanistan war and the United States support to prevent Soviet adventurism It shows that Pakistan was the principal channel through which assistance was provided to Afghan freedom fighters it also provided access to its military bases to use against the Soviet Union The study looks at the consequences of the war on Pakistan and explains how it became enmeshed within its domestic politics Furthermore it evaluates the role of Pakistan as a key partner in the global coalition against terrorism and discusses how General Pervez Musharraf brought about Pakistan's development towards a progressive moderate and democratic society Ideally suited to **Governance, Development and Conflict** Manas courses on foreign policy Political Refugees Mary A. Handbook of Conflict Analysis and Resolution Dennis J.D. Sandole, Sean Byrne, Ingrid Sandole-Staroste, Jessica Senehi, 2008-07-31 This major Handbook comprises cutting edge essays from leading scholars in the field of Conflict Analysis and Resolution CAR The volume provides a comprehensive overview of the core concepts theories approaches processes and intervention designs in the field The central theme is the value of multidisciplinary approaches to the analysis and Third World Conflicts and Refugeeism Harto Hakovirta, 1986 PROBLEM OF VIETNAM BOAT PEOPLE IN HONG KONG Gutti Raja Mohan Rao, 2018-04-24 One of the legacies of the unification of Vietnam under Communist leadership in 1976 was the problem of Vietnamese boat people Tens of thousands of Vietnamese refugees fled the country in order to escape persecution and economic hardships Since majority of them used small boats to flee the country to the neighbouring Southeast Asian Countries and Hong Kong the Vietnamese refugees came to be called as boat people This dissertation is an attempt to analyse the problem of Vietnam boat people from 1975 to 1991 that is from the birth of the boat people problem in the wake of American withdrawal from Vietnam in April 1975 to the conclusion of Paris Peace Accords on Cambodia in October 1991 which among other things facilitated Vietnam's reintegration into the World Community and the consequent growth of Vietnamese economy which in turn it was fervently hoped would not only induce the Vietnamese refugees to return to their native country but also discourage the Vietnamese from leaving the country Migration, Refugee Policy, and State Building in Postcommunist Europe Oxana Shevel, 2011-10-24 Why do similar postcommunist states respond differently to refugees Why do some states privilege certain refugee groups while other states do not This book presents a theory to account for this puzzle and it centers on the role of the politics of nation building and of the office of the UN High Commissioner for Refugees UNHCR A key finding of the book is that when the boundaries of a nation are contested and thus there is no consensus on which group should receive preferential treatment in state policies a political space for a receptive and nondiscriminatory refugee policy opens up The book speaks to the broader questions of how nationalism matters after communism and under what conditions and through what mechanisms international actors can influence domestic polices The analysis is based on extensive primary research the author conducted in four languages in the Czech Republic Poland Russia and Ukraine **Refugees in Higher Education** Jacqueline Stevenson, Sally Baker, 2024-05-30 The second edition contains new sections focused on issues of race and racialisation treatment of people seeking asylum in both national contexts and international efforts to respond to issues with refugee access to higher education including international educational complementary pathways and national sanctuary movements Refugees and International Relations Gil Loescher, Laila Monahan, 1990 This book by leading experts in refugee protection and assistance examines such problems as
