on its meaning and practice in a variety of social and cultural settings in history and in the present time focusing on Asia and
the Western Euro American world The extension of the group in which friendship is recognized and degrees of intimacy
whether or not involving an erotic dimension and genuine appreciation may vary widely Friendship may simply include
kinship bonds solidarity being one of its more general characteristics In various contexts of travelling migration and a dearth
of offspring friendship may take over roles of kinship also in terms of care **The American Friend** ,1900 Friendship
East and West Oliver Leaman,1995 There has been renewed interest in the concept of friendship in contemporary philosophy
Many of the existing treatments of the topic have been limited to Western notions of friendship yet there is a far wider
