Victorian Sappho Yopie Prins, 2020-12-08 What is Sappho except a name Although the Greek archaic lyrics attributed to Sappho of Lesbos survive only in fragments she has been invoked for many centuries as the original woman poet singing at the origins of a Western lyric tradition Victorian Sappho traces the emergence of this idealized feminine figure through reconstructions of the Sapphic fragments in late nineteenth century England Yopie Prins argues that the Victorian period is a critical turning point in the history of Sappho's reception what we now call Sappho is in many ways an artifact of Victorian poetics Prins reads the Sapphic fragments in Greek alongside various English translations and imitations considering a wide range of Victorian poets male and female famous and forgotten who signed their poetry in the name of Sappho By declining the name in each chapter the book presents a theoretical argument about the Sapphic signature as well as a historical account of its implications in Victorian England Prins explores the relations between classical philology and Victorian poetics the tropes of lesbian writing the aesthetics of meter and nineteenth century personifications of the Poetess as current scholarship on Sappho and her afterlife Offering a history and theory of lyric as a gendered literary

Ecstasy and Terror Daniel Mendelsohn, 2019-10-08 The role of the critic Daniel Mendelsohn writes is to mediate intelligently and stylishly between a work and its audience to educate and edify in an engaging and preferably entertaining way His latest collection exemplifies the range depth and erudition that have made him required reading for anyone interested in dissecting culture *The Daily Beast* In *Ecstasy and Terror* Mendelsohn once again casts an eye at literature film television and the personal essay filtering his insights through his training as a scholar of classical antiquity in illuminating and sometimes surprising ways Many of these essays look with fresh eyes at our culture's Greek and Roman models some find an arresting modernity in canonical works *Bacchae* the *Aeneid* while others detect a Greek DNA in our responses to national traumas such as the Boston Marathon bombings and the assassination of JFK There are pieces on contemporary literature from the aesthetics of victimhood in Hanya Yanagihara's *A Little Life* to the uncomfortable mixture of art and autobiography in novels by Henry Roth Ingmar Bergman and Karl Ove Knausgård Mendelsohn considers pop culture too in essays on the feminism of *Game of Thrones* and on recent films about artificial intelligence a subject he reminds us that was already of interest to Homer This collection also brings together for the first time a number of the award winning memoirist's personal essays including his critic's manifesto and a touching reminiscence of his boyhood correspondence with the historical novelist Mary Renault who inspired him to study the Classics

The Shadow of the Parthenon Peter Green, 2008-12 A lively combination of scholarship and unorthodoxy

makes these studies in ancient history and literature unusually rewarding Few of the objects of conventional admiration gain much support from Peter Green Pericles and the democracy of fifth century Athens are treated to a very cool scrutiny but he has a warm regard for the real virtues of antiquity and for those who spoke with an individual voice The studies cover both history and literature Greece and Rome They range from the real nature of Athenian society to poets as diverse as Sappho and Juvenal and all of them without laboring any parallels make the ancient world immediately relevant to our own There is for example a very perceptive essay on how classical history often becomes a vehicle for the historian's own political beliefs and fantasies of power The student of classical history will find plenty in this book to enrich his own studies The general reader will enjoy the vision of a classical world which differs radically from what he probably expects
