ECCWS2014-Proceedings of the 13th European Conference on Cyber warfare and Security Andrew Liaropoulos,George Tsihrintzis,2014-03-07 *Provable and Practical Security* Khoa Nguyen,Wenling Wu,Kwok Yan Lam,Huaxiong Wang,2020-11-20 This book constitutes the refereed proceedings of the 14th International Conference on Provable Security ProvSec 2020 held in Singapore in November 2020 The 20 full papers presented were carefully reviewed and selected from 59 submissions The papers focus on provable security as an essential tool for analyzing security of modern cryptographic primitives They are divided in the following topical sections signature schemes encryption schemes and NIZKS secure machine learning and multiparty computation secret sharing schemes and security analyses The conference was held virtually due to the COVID 19 pandemic *The Secret Society of Demolition Writers* Aimee Bender,Benjamin Cheever,Michael Connelly,Sebastian Junger,2007-12-18 What would you write if no one knew who you were In the spirit of the demolition derby where drivers take heedless risks with reckless abandon welcome to the first convocation of the Secret Society of Demolition Writers Here is a one of a kind collection by famous authors writing anonymously and dangerously

With the usual concerns about reputations and renown cast aside these twelve daredevils have each contributed an extreme no holds barred unsigned story each shining as brightly and urgently as hazard lights Unconventional and unapologetic this publishing equivalent of a whodunit features an eclectic group of fictional characters including a delusional schizophrenic narrator an egg donor with second thoughts about her decision a pharmacist who forms a weird crush on a woman who beat both of her parents to death and a little girl who understands that an old safe is the threshold to another ghostly world Equally diverse and surprising are the authors themselves Aimee Bender Benjamin Cheever Michael Connelly Sebastian Junger Elizabeth McCracken Rosie O'Donnell Chris Offutt Anna Quindlen John Burnham Schwartz Alice Sebold Lauren Slater and Marc Parent the editor of the collection Never before has such a wide ranging and talented group of authors been assembled to such explosive and entertaining effect The Secret Society of Demolition Writers is an intriguing puzzle in itself but it's also an important addition to the careers of some of our finest storytellers even if we never really know who wrote what Its boundary smashing fiction offers exhilarating proof that for an artist withholding your identity can mean gaining your freedom

The Secrets of the Threshold Rudolf Steiner, 1928 **Legal Secrets** Kim Lane Scheppelle, 1988 Does the seller of a house have to tell the buyer that the water is turned off twelve hours a day Does the buyer of a great quantity of tobacco have to inform the seller that the military blockade of the local port which had depressed tobacco sales and lowered prices is about to end Courts say yes in the first case no in the second How can we understand the difference in judgments And what does it say about whether the psychiatrist should disclose to his patient's girlfriend that the patient wants to kill her Kim Lane Scheppelle answers the question Which secrets are legal secrets and what makes them so She challenges the economic theory of law which argues that judges decide cases in ways that maximize efficiency and she shows that judges use equality as an important principle in their decisions In the course of thinking about secrets Scheppelle also explores broader questions about judicial reasoning how judges find meaning in legal texts and how they infuse every fact summary with the values of their legal culture Finally the specific insights about secrecy are shown to be consistent with a general moral theory of law that indicates what the content of law should be if the law is to be legitimate a theory that sees legal justification as the opportunity to attract consent This is more than a book about secrets It is also a book about the limits of an economic view of law Ultimately it is a work in constructive legal theory one that draws on moral philosophy sociology economics and political theory to develop a new view of legal interpretation and legal morality
