King,1988-06-18 This exploration of the economic underworld and its treatment by orthodox economists has at its core a set of intellectual biographies of nine economic heretics ranging from Sir James Steuart in the 18th century to E F Schumacher in the 20th and covering a wide political spectrum The Statesman's Year-Book 1968-69 S. Across the Aisle David E. Smith,2013-01-01 David E Smith argues that Canada has in fact failed to develop such a tradition He investigates several possible reasons for this failure including the long dominance of the Liberal party which arrested the tradition of viewing the opposition as an alternative government periods of minority government induced by the proliferation of parties the role of the news media which have largely displaced Parliament as a forum for commentary on government policy and finally the increasing popularity of calls for direct action in politics *The Publishers' Trade List Annual* ,1980 Annual Bulletin of Historical Literature ,1957 **Alberta History** ,1992 *Subject Guide to Books in Print* ,1984 The Statesman's Year-Book S. Steinberg,2016-12-13 The classic reference work that provides annually

updated information on the countries of the world **Canadian Books in Print** ,1985 *The British National Bibliography*
Arthur James Wells,1957 *The People's House of Commons* David E. Smith,2007-04-21 Canada's House of Commons has
come under considerable attack in recent years Many critics have contended that the House has been unresponsive to public
opinion and that its party leaders have too much control while leaving individual MPs essentially powerless The House has
also faced challenges by the courts since the introduction of the Charter a powerful bureaucracy equipped with specialized
knowledge and new telecommunications systems that are redefining the transfer of information Through an examination of
academic judicial political and legal commentary *The People's House of Commons* explores the role of the House as a public
institution While addressing much of the criticism that has been levelled at the House David E Smith considers the competing
political models and inherent tensions and their affect on public understanding Smith maintains that court decisions are
transforming the political system from one dominated by parties to one that promotes individual participation He argues that
reforms such as fixed election dates or stronger parliamentary committees have constitutional significance since their
implementation would alter the practice of responsible government which for more than a century has been a party
government A definitive work by one of Canada's foremost experts in the field of political science *The People's House of
Commons* explores the ramifications of many of the changes currently being proposed to Canada's political system with
particular reference to their affect on prerogative power parliamentary privilege party discipline bicameralism and the role
of the opposition
