SECULAR LIVES, SACRED HEARTS: THE ROLE OF THE CHURCH IN A TIME OF NO RELIGION. ALAN. BILLINGS, 2004

A Short History of Secularism Graeme Smith, 2007-11-28 What does it mean to call Western society secular What is secularism And how should we understand the concept of secularism in international relations particularly the clash between radical Islam and the West The Latin term from which the word secular is derived saeculum means generation or age and came to mean that which belongs to this life to the here and now in this world It is widely used as a shorthand for the ideology which shapes contemporary society without reference to the divine However according to Graeme Smith secularism represents a great deal more He offers a radical reappraisal of the notion of secularism and its history beginning with the Greeks and proceeding to modernity and the contemporary period The assumption that the West is becoming increasingly secular is often unquestioned By contrast Dr Smith discerns a different kind of society one informed by a historical legacy which makes sense only when it is appreciated that it is religious Secularism was born of Christianity Daringly and very originally Smith argues that it is impossible to understand the idea of the secular without appreciating that at root it is Christian A Short History of Secularism will fundamentally reshape discussions of western culture religion and politics It will have strong appeal to students of religion political philosophy and the history of ideas **Truth that Never Dies** Nigel G Wright, 2015-03-26 The Dr G R Beasley Murray Memorial Lectures were delivered annually between 2002 and 2012 with the aim of extending the legacy of this significant New Testament scholar and church leader into the twenty first century Themes addressed include baptism ministry preaching mission and theological faithfulness Having first been delivered at the annual Assembly of the Baptist Union of Great Britain the lectures in this volume are now made available to a wider audience and will be of interest to church leaders across the denominations and across the world and not least to those who stand in Beasley Murray's own Baptist tradition George Beasley Murray died in 2000 The lectures cover a wide range of topics from baptism to missions from Evangelical identity to preaching The lecturers are Paul Beasley Murray former Principal of Spurgeon's College David Coffey former President of the Baptist Union and of the Baptist World Alliance John E Colwell Pastor of Budleigh Salterton Baptist Church Anthony R Cross Emeritus Director of the Centre for Baptist History and Heritage Oxford Ruth M B Gouldbourne former Tutor in Church History at Bristol Baptist College Stephen R Holmes Senior Lecturer at the University of St Andrews Mark Hopkins Associate Professor of Church History Theological College of Northern Nigeria Bruce Milne formerly Minister of First Baptist Church Toronto Michael Quicke former Principal of Spurgeon's College London Brian Stanley Professor of World Christianity University of Edinburgh *Chaplaincy and Practical Theology* Stephen B. Roberts, Sarah Dunlop, 2022-02-23 Chaplaincy has emerged as a highly significant form of ministry in the twenty first century and chaplaincy studies is growing as a field of study that learns from the experience and work of chaplains in their diverse sectors Chaplains from a range of different faith traditions pioneer ministry within the

secular yet religiously plural contexts of contemporary life with often considerable creativity and skill generating a wealth of insight to be gleaned for understanding the place of faith in the modern world One of the disciplines that has been most concerned with gleaning those insights and developing the field of chaplaincy studies is practical theology The journal Practical Theology formerly Contact is a key repository for much of the wisdom gained through such study and this book draws on the archive of the journal to trace the development of chaplaincy research and provide a resource for those seeking to join the conversation about the nature and significance of chaplaincy as a form of ministry and mission today Drawing on different sectors of chaplaincy and different methodological approaches this book is invaluable for those engaged in chaplaincy work those seeking to research that work and for anyone interested in contemporary pioneering forms of ministry

Home and Away Stephen Burns, Clive Pearson, 2013-01-11 Home and Away is a cluster of exercises in contextual theology in different but related modes Preface **For the Parish** Andrew Davison, 2014-04-15 Fresh Expressions of Church are most significant development in the Church of England Parishes are the mainstay of the inherited church The authors demonstrate that the traditions of the parish church represent ways in which time space community are ordered in relation to God and the gospel Approaches to Monasticism in the Context of Christian Responses to Modern Culture Kevin Maddy, 2022-06-20 Approaches to Monasticism in the Context of Christian Responses to Modern Culture is a study of how the values and practices of monasticism are being shaped by the shift to a cultural understanding of Christianity in modern times The values and practices of traditional monasticism are contrasted with those of various expressions of new monasticism against the background of a multicultural and fluid social environment in an effort to find some reciprocal illumination The study aims to describe monasticism in terms of authenticity and lived religion Kevin Maddy was educated at Cambridge University and has recently completed a PhD at Radboud University Nijmegen He currently works in Canterbury as an Anglican parish priest and is a probationary member of the Society of the Resurrection Mission-Shaped Parish Paul Bayes, Tim Sledge, John Holbrook, Mark Rylands, Martin Seeley, 2010-09 This is a practical how to guide introducing new mission shaped practices in a traditional parish setting This book looks at the church's bread and butter activities worship pastoral contacts civic and public responsibilities faith formation administration and leadership and creatively points out how to reframe them with a focus on God's mission **Crossover City** Andrew Davey, 2010-08-05 Reflections on key themes in missiology and theology from an urban perspective Making God Possible Alan Billings, 2011-09-22 What are clergy for In this lively and provocative volume Alan Billings argues that they serve the mission and ministry of the Church which is to make God possible In each new era how to carry out this mission effectively will vary as the Church seeks to respond to changes in society and culture but it is likely to involve clergy in a refocusing of their ministry Part 1 of Making God Possible looks at recent cultural shifts and the challenges they present to Christianity in the twenty first century Part 2 explores some of the models of ministry which have been found in the Church in the past and which continue to exercise an influence

classical the parson evangelical the minister catholic the priest and utility the social activist and personal therapist The author skilfully draws out those things of lasting importance and value in each model that might contribute towards the renewal of the ordained ministry today **Worship that Cares** Mark Earey, 2013-01-03 An introduction to the principles and skills of pastoral liturgy Inter denominational this text can be used across different Christian traditions in both formal and informal contexts and to meet traditional and non traditional pastoral needs **A Rite on the Edge** Sarah Lawrence, 2019 When it comes to baptism there is a profound disconnect between what churches and clergy understand it to mean and the understanding of those non churchgoing families seeking the rite for their children Clergy and regular churchgoers feel that the church is being used and abused by families seeking a baptism when they perceive them to be looking for just an excuse for a party On the other hand families seeking a christening in their local churches are baffled by the lack of enthusiasm and encouragement they find when they approach their local church Using a new interdisciplinary approach to practical theology A Rite on the Edge reflects theologically on the findings of research conducted by Sarah Lawrence into baptism in the Church of England and in English culture more widely using insights and research methods from corpus linguistics It offers a profound challenge for those struggling to comprehend how outsiders understand baptism More fundamentally it asks how the Church of England can remain present and available for all at a time of heightened tensions and confused expectations about who the church is for The Sociology of Religion Grace Davie, 2007-05-09 Grace Davie is one of the best analysts of religion in contemporary sociology This book caps a distinguished record of studies of religion first of Britain then of Europe then globally This is a magisterial work which should be read by anyone interested in the place of religion in the modern world Peter L Berger Boston University This book offers both an expert survey of contemporary sociology of religion and the personal reflections of one of the leading scholars in the field Grace Davie is a good model for students and their teachers she is clear engaging and fair minded but unafraid to express a point of view David Voas University of Manchester Grace Davie has written a book about what is currently happening in the sociology of religion which is clear accessible devoid of jargon and authoritative Though addressed to the educated reader it also provides an ideal text for students If you want expert guidance about what is going on in the sociology of religion and to have useful indications about what is going on in religion on the global scene this book does the job extremely well Theology Why is religion still important Can we be fully modern and fully religious The Sociology of Religion works at two levels First it sets out the agenda covering the key questions in the sociology of religion today At the same time it interrogates this agenda asking if the sociology of religion as we currently know it is fit for purpose If not what is to be done This book describes the origins of the sociology of religion demystifies secularization as a process and a theory relates religion to modern social theory unpacks the meaning of religion in relation to modernity and globalization grasps the methodological challenges in the field provides a comparative perspective for religions in the west introduces questions of minorities and margins sets out a

critical agenda for debate and research In a single volume Grace Davie captures the nature and forms of modern religion the current debates in the field and the prospects for future development *Creating Space* Sacha Pearce, Jan Collis, 2022-03-15 *Creating Space* models the way in which practice development emerges from reflecting on the human story and reveals to healthcare the Church and the community the unique role of the chaplain s experiences as a resource to others **The Dove, the Fig-Leaf and the Sword** Alan Billings, 2014-05-15 Why does the pacifist movement of the first few centuries so quickly become an organization that supports emperors and finds reasons for fighting What leads the Church to formulate just war principles only to abandon them when in pursuit of heretics and infidels What impact did two world wars have on Christian thinking Why have the churches in more recent years and a more secular age apparently taken a more cautious approach to war These are the sort of questions this absorbing book sets out to answer It makes a unique and intriguing contribution to the literature published to mark the centenary of the outbreak of the Great War in August 2014 **Thinking Again About Marriage** John Bradbury, Susannah Cornwall, 2016-02-28 What is involved in the practice of thinking theologically about marriage Key writers and thinkers offer an informed considered and constructive guide to a number of central questions including Mike Higton on marriage gender and Christian doctrine Charlotte Metheun on what we can learn from the history of marriage Ben Fulford on thinking about marriage with scripture Julie Gittoes on the liturgical theology of marriage John Bradbury on marriage as vocation Brett Gray on reproduction and the body s grace Susannah Cornwall on being faithful to our sexuate bodies Rachel Muers on developing a contemporary theology of marriage and much more Reflecting a broad theological and ecclesiological spectrum within the Christian tradition *Thinking Again About Marriage* offers a vital resource for critical thinking and reflective practice *Church Planting in Europe* Evert Van de Poll, Joanne Appleton, 2015-05-28 Church leaders and those who endeavor to plant new churches in Europe today face tremendous challenges not least because the church itself is considered by many to be outdated irrelevant or even an abusive sect Drawing on a wealth of experience *Church Planting in Europe* helps to answer the question of how churches can become more relevant to the societies in which they exist From biblical and missiological reflections to case studies and practical examples the book gives insights into many of the key issues that church planters and those concerned with missionary renewal of existing churches are grappling with Special attention is paid to the sociocultural and religious characteristics of Europe which is marked by secularization new forms of spirituality and a unique Christian heritage asking what are typical barriers and bridges for the communication of the gospel The contributors represent a wide variety of backgrounds and contexts across Europe and this is reflected in the breadth of topics covered The chapters were presented during the Mission in Europe Symposium in Belgium July 2014 and the highlights of the discussions afterwards are also included The result is a valuable resource for church leaders mission practitioners and theologians alike **Everyday Public Worship** Susan H. Jones, 2019-04-30 Public worship is core to the Church s identity public worship nurtures and shapes the faithful public

worship plays a central role in forming new disciples public worship is the shop window through which those on the outside may see the Church at work public worship in the form of baptisms weddings and funerals may reach out into the wider community in acts of service and mission Everyday Public Worship has been designed to engage with the ordinary experience and ordinary theology of Christian disciples as they work to develop and deepen their discipleship learning In so doing it links the reader s everyday experience with the key influences that have shaped the Church s understanding of public worship with the Scriptures with Christian doctrine with Church history and with the landmarks in Christian liturgy The book explores the themes raised by a serious and thoughtful consideration of public worship by engaging in conversation with three Christian disciples who came from very different backgrounds and who have very different experiences of and expectations for public worship

Lost Church Alan Billings, 2013-01-17 In trying to understand the relationship of the British people to religion specifically Christianity we tend to say that people believe or do not attend or do not The argument of Lost Church is that the majority of people do not really fit either of these categories Rather they belong in the sense that they feel some affinity to Christianity and the Church they are not hostile to its ministers they do not find churches alien places to be and they turn to the Church and its clergy on specific occasions But they do not want to attend regularly and their beliefs may be incoherent or even nonexistent and often flicker on and off like a badly wired lamp This absorbing and encouraging volume is a call to lay Christians and clergy to take stock of what is happening and to recover an understanding of the Church that will not alienate those who belong but rather enable ministry to them to continue

Christian Roots, Contemporary Spirituality Lynda Barley, 2006 Time to Listen is a series of booklets that present current research messages for the Church today in an accessible way It is intended to help ordinary churches understand the changes in the world around them Christian roots contemporary spirituality the first title in the series looks at recent social trends and attitudes towards church God and belief Drawing on current research Lynda Barley addresses the question of how British society engages with church today and uncovers some surprising signs of encouragement Her analysis shows that the Christian faith still has a place at the heart of the nation on a personal and national level Combining analysis with real life stories she encourages the Church to take advantage of residual inherited faith in order to engage with the spiritual needs of those outside the Church
