Security In The Caribbean Basin The Challenge Of Regional Cooperation:

Security in the Caribbean Basin Joseph S. Tulchin, Ralph H. The DISAM Journal of International Security Assistance Management ,2003 **Crime, Violence and Security in the Caribbean** M. Raymond Izarali, 2017-11-20 Security challenges pose significant hardship for citizens of Caribbean nations Public safety is threatened by high rates of crime especially violent crime in much of the region the plague of the illicit drug trade transnational organized crime gangs the current global proliferation of crimes of terrorism and related violent extremism and radicalization The situation diminishes morale among the youth their education and their future and operates as a major push factor Yet surprisingly there has been a scarcity of scholarly work that addresses these conditions This interdisciplinary volume succinctly responds to the gap in criminological and security studies on the Caribbean by drawing attention to the understudied nexus of crime violence and security that is so pervasive in the region and the ways in which underdevelopment re creates environments for insecurity The book is organized in three parts Part one encompasses conceptualizations of crime violence and punishment Part two takes up country cases on crime and security Part three addresses issues of regional security both public and private This timely volume will be valuable reading for scholars students practitioners and policy makers who share a critical interest in the scope impact and inter relationality of crime violence and in security in the region **Caribbean Security in the Age of Terror** Ivelaw L. Griffith, 2004 The security

issues which have come into prominence since the September 11 terrorist attack in the USA provide both the starting point and the focus for this comprehensive survey of contemporary security issues in the Caribbean This volume assesses the impact of the 9 11 terrorist attack on Caribbean states and examines the institutional and operational terrorism response capacity of security agencies in the region However understanding security challenge and change in the Caribbean context requires a broad based multidimensional approach terrorism for the small open and vulnerable nation states of the Caribbean region is a real security issue but even more so is a range of untraditional threats like crime drug trafficking territorial disputes environmental degradation and the rapid spread of the HIV AIDS epidemic How these states adapt policies and practices to adjust to the new regional and global circumstances represent the challenge and the change

Transnational Security Marie-Helen Maras, 2014-10-09 Globalization and the easy movement of people weapons and toxins across borders has transformed security into a transnational phenomenon Preventing transnational security threats has proven to be a very difficult challenge for governments and institutions around the world Transnational Security addresses these issues which are at the forefront of every global security professional s agenda This book analyzes the most pressing current transnational security threats including weapons of mass destruction terrorism organized crime cybercrime
