Sedevacantism ,2003      **American Book Publishing Record** ,2003      Books In Print 2004-2005 Ed Bowker  
Staff,Staff Bowker, Ed,2004      *Sede Vacante!* Griff Ruby,2017-06-05 Many concerned Catholics today seeing the ways and teachings of Jorge Mario Bergoglio Pope Francis are asking themselves Can that man be a real Catholic pope From the time of Paul VI a small contingent of faithful Catholics known as sede vacantists have expressed the gravest doubts that he and each of his successors in turn since then were real popes of the Catholic Church This minority view long dismissed by most now emerges into a wide public view as Jorge Bergoglio seems to go out of his way to puncture every expectation a Catholic should have for a Vicar of Christ But this latest step in the deCatholicization of the church is merely the fullest flowering yet seen of an erroneous direction taken during the Second Vatican Council Those looking to find detailed lists of all the abominable acts and teachings of Jorge Bergoglio or his immediate few predecessors or justly deserved ecclesiastical anathemas heaped upon them will doubtless be disappointed Rather the severe theological implications of the Sede Vacante findings are explored and vindicated for the first time in a systematic and complete book form In this volume a theory to account for the Sede Vacante findings is academically ventured based on the theological findings presented in the previous volume and on events doctrinally predicted therein and herein documented      **True Or False Pope?** John Salza,2015-11-01

True Or False Pope? Refuting Sedevacantism John Salza,      The Sedevacantist Delusion John C. Pontrello,2015-08-22  
The Sedevacantist Delusion concerns the new face of Roman Catholicism introduced with Vatican II 1962 1965 and its most antagonistic enemy since the Protestant Reformers the Sedevacantists The Sedevacantists believe that the Church under Pope Francis is a substantially different organism than the Roman Catholic Church Maintaining that today s Church has been a counterfeit sect since the commencement of the reforms called for at Vatican II they believe they are engaged in a battle of epic proportions for the one true Church of Jesus Christ In provocative style lifelong Catholic and former Sedevacantist John C Pontrello wrote this book with the objective of proving that Sedevacantism violates fundamental doctrines of the Church and is therefore heretical But in making his case he does not shy away from the truth Sedevacantism brings to light about the Catholic Church Pope Francis is the real pope but only because the Church can fail and defect in contradiction of its own terms yet still remain the Catholic Church of the ages With its critical examinations of the doctrines of indefectibility visibility apostolicity and the papacy it will be difficult if not impossible for the Catholic faithful to look at the Church in the same way after reading this probing book
