This book presents in accessible form the most relevant readings from the diverse criminology literature and provides students with direct access to the main theories and perspectives which underpin and shape the discipline of criminology

The Crime of All Crimes Nicole Rafter,2016-03-29 Cambodia Rwanda Armenia Nazi Germany History remembers these places as the sites of unspeakable crimes against humanity and indisputably of genocide Yet throughout the twentieth century the world has seen many instances of violence committed by states against certain groups within their borders from the colonial ethnic cleansing the Germans committed against the Herero tribe in Africa to the Katyn Forest Massacre in which the Soviets shot over 20 000 Poles to anti communist mass murders in 1960s Indonesia Are mass crimes against humanity like these still genocide And how can an understanding of crime and criminals shed new light on how genocide the crime of all crimes transpires In The Crime of All Crimes criminologist Nicole Rafter takes an innovative approach to the study of genocide by comparing eight diverse genocides large scale and small well known and obscure through the lens of criminal behavior Rafter explores different models of genocidal activity reflecting on the popular use of the Holocaust as a model for genocide and ways in which other genocides conform to different patterns For instance Rafter questions the assumption that only ethnic groups are targeted for genocidal cleansing and she also urges that actions such as genocidal rape be considered alongside traditional instances of genocidal violence Further by examining the causes of genocide on different levels Rafter is able to construct profiles of typical victims and perpetrators and discuss means of preventing genocide in addition to delving into the social psychology of genocidal behavior and the ways in which genocides are brought to an end A sweeping and innovative investigation into the most tragic of events in the modern world The Crime of All Crimes will fundamentally change how we think about genocide in the present day Gangland Laura L. Finley,2018-10-01 This two

volume set integrates informative encyclopedia entries and essential primary documents to provide an illuminating overview of trends in gang membership and activity in America in the 21st century *Gangland An Encyclopedia of Gang Life from Cradle to Grave* includes extended discussion of specific gangs types of gangs based on ethnicity and environment rural suburban and urban recruitment and retention methods leadership structure and other internal dynamics of various gangs impacts of gang membership on extended family the historical evolution of gangs in American society depictions of gang life in popular culture violent and nonviolent gang activities and programs policies agencies and organizations that have been crafted to combat gang activities In addition the encyclopedia includes a suite of primary sources that offer a look into the personal experiences of gang members examine efforts by law enforcement and public officials to address gang activity and address wider societal factors that make eradicating gangs such a difficult task The Gendered Society Michael S. Kimmel,2000 They say that we come from different planets men from Mars women from Venus that we have different brain chemistries and hormones and that we listen speak and even define our morals differently How is it then that men and women live together take the same classes in school eat the same food read the same books and receive grades according to the same criteria In *The Gendered Society* Michael S Kimmel examines our basic beliefs about gender arguing that men and women are more alike than we have ever imagined Kimmel begins his discussion by observing that all cultures share the notion that men and women are different and that the logical extension of this assumption is that gender differences cause the obvious inequalities between the sexes In fact he asserts that the reverse is true gender inequality causes the differences between men and women Gender is not simply a quality inherent in each individual it is deeply embedded in society s fundamental institutions the family school and the workplace The issues surrounding gender are complex and in order to clarify them the author has included a review of the existing literature in related disciplines such as biology anthropology psychology and sociology Finally with an eye towards the future Kimmel offers readers a glimpse at gender relations in the next millennium Well written well reasoned and authoritative *The Gendered Society* provides a thorough overview of the current thinking about gender while persuasively arguing that it is time to reevaluate what we thought we knew about men and women Sociological Snapshots 5 Jack Levin,2008-06-11 A collection of short informal and contemporary essays that start students on the road to thinking sociologically *Genocidal Crimes* Alex Alvarez,2009-12-04 *Genocidal Crimes* draws upon the extensive criminological literature on criminality and violence to provide a comprehensive and contemporary analysis of genocide Written in an accessible style this book differs from much of the writing on genocide in that it explicitly relies on criminological theory and research to help provide new insight into the nature and functioning of genocide Criminology Eamonn Carrabine,2009 This fully revised textbook ground in original research is a clear and insightful introduction to the key topics studied in undergraduate criminology courses Accessible and user friendly it is essential reading for all criminology students **Draculas, Vampires, and Other Undead Forms** John Edgar Browning,Caroline

Joan "Kay" S. Picart, 2009-04-08 Since the publication of Dracula in 1897 Bram Stoker's original creation has been a source of inspiration for artists, writers, and filmmakers. From Universal's early black and white films and Hammer's Technicolor representations that followed, iterations of Dracula have been cemented in mainstream cinema. This anthology investigates and explores the far larger body of work coming from sources beyond mainstream cinema, reinventing Dracula. *Dracula's Vampires and Other Undead Forms* assembles provocative essays that examine Dracula films and their movement across borders of nationality, sexuality, ethnicity, gender, and genre since the 1920s. The essays analyze the complexity Dracula embodies outside the conventional landscape of films with which the vampire is typically associated. Focusing on Dracula and Dracula-type characters in film, anime, and literature from predominantly non-Anglo markets, this anthology offers unique perspectives that seek to ground depictions and experiences of Dracula within a larger political, historical, and cultural framework.

Crime, Inequality and the State Mary Vogel, 2020-10-28 Why has crime dropped while imprisonment grows? This well-edited volume of ground-breaking articles explores criminal justice policy in light of recent research on changing patterns of crime and criminal careers. Highlighting the role of conservative social and political theory in giving rise to criminal justice policies, this innovative book focuses on such policies as three strikes, two in the UK, and your re-out mandatory sentencing and widespread incarceration of drug offenders. It highlights the costs in both money and opportunity of increased prison expansion and explores factors such as labour market dynamics, the rise of a prison industry, the boost prisons provide to economies of underdeveloped regions, the spreading political disenfranchisement of the disadvantaged it has produced. Throughout this book, hard facts and figures are accompanied by the faces and voices of the individuals and families whose lives hang in the balance. This volume, an essential resource for students, policy makers, and researchers of criminology, criminal justice, social policy, and criminal law, uses a compelling interplay of theoretical works and powerful empirical research to present vivid portraits of individual life experiences.

The Urban Ethnography Reader Mitchell Duneier, Philip Kasinitz, Alexandra Murphy, 2014-01-16 The *Urban Ethnography Reader* assembles the very best of American ethnographic writing from classic works to contemporary research and aims to present ethnography as social science, social history, and literature rather than purely as a methodology. The selections capture the diversity, the historical development, and the continuing importance of the ethnographic approach to understanding American communities.

Theoretical Criminology from Modernity to Post-Modernity Wayne Morrison, 2014-12-18 This book incorporates many of the exciting debates in the social sciences and philosophy of knowledge concerning the issues of modernity and post-modernism. It sets out a new project for criminology, a criminology of modernity, and offers a sustained critique of theorizing without a concern for social totalities. This book is designed to place criminological theory at the cutting edge of contemporary debates. Wayne Morrison reviews the history and present state of criminology and identifies a range of social problems and large-scale social processes which must be addressed if the subject is to attain intellectual commitment. This book marks a new

development in criminological texts and will serve a valuable function not only for students and academics but for all those interested in the project of understanding crime in contemporary conditions **Edgework** Stephen Lyng, 2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company **Gender and Crime** Sandra L. Browning, Leah C. Butler, Cheryl Lero Jonson, 2024-05-23 This volume takes stock of contemporary perspectives on gender and crime In 1975 Freda Adler published her pathbreaking book *Sisters in Crime: The Rise of the New Female Criminal* She made the bold claim that changes in American society including changing attitudes and opportunities would allow for greater participation of women in criminal enterprises Beyond her substantive thesis which turned out to be partially accurate Adler opened up a vibrant new area within criminology the study of gender and crime Now nearly a half century later the field of criminology is replete with women scholars who are making plentiful and important contributions As a result this volume explores cutting edge issues Part I starts by laying out a theoretical foundation focusing on the origins of theories of female criminality and then providing an overview of more contemporary perspectives Part II explores the role of race in shaping women's criminality drawing on the novel approaches of Black Criminology and the study of intersectionality Part III gives attention to issues that heretofore were male centric illuminating female desistance from crime the effects of peer groups and gender differences in attitudes toward criminal justice policies Finally Part IV considers the explanation of three important realms of criminality risky lifestyles white collar crime and terrorism This volume will be of interest to a wide range of criminologists and is an ideal choice for use in graduate seminars and upper level undergraduate courses

Significance and System Mark Timmons, 2017-03-31 *Significance and System: Essays on Kant's Ethics* brings together central lines of thought in Mark Timmons's work on Kant's moral theory The first part of the book concerns the interpretation and justification of the categorical imperative in which Timmons argues for a differential roles interpretation of the categorical imperative according to which distinct formulations of this principle play different roles in the overall economy of Kant's ethics In addition he offers a detailed interpretation of the analytic synthetic distinction in Kant's ethics that plays a central role in Kant's justification of his supreme moral principle In the second part Timmons addresses questions about the relation between motive and rightness arguing for example that contemporary Kantians have misunderstood that relation This part also examines Kant's attempt in the *Doctrine of Virtue* to ground a system of ethical duties in the categorical imperative In part three Timmons turns to issues in Kant's psychology of moral evil including the psychology of the devilish vices Throughout Timmons combines interpretive insight with a critical eye in interpreting and criticizing Kant's ethical thought **The Relativity of Deviance** John Curra, 2019-10-21 This unique text uses historical and contemporary examples to demonstrate how deviance is socially constructed depending on time place and situation

Ethnography At The Edge Jeff Ferrell, Mark S. Hamm, 2016-03-01 The candid first person accounts of their experiences especially in illegal immoral and dangerous situations reveal the horrors perils and joys of ethnographic research The

methodological theoretical and political implications of field work are also thoroughly discussed Describing their deep involvement with such diverse groups as skinheads phone sex workers drug dealers graffiti artists and the homeless many of the authors confess to their own episodes of illegal drug use drunk driving weapons violations assault at gunpoint obstruction of justice and arrest while engaged in ethnographic studies Although field research is seldom safe convenient or above professional criticism this volume demonstrates that it is vital for providing a fuller understanding of deviant and criminal populations

Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. Seductions Of Crime The Moral And Sensual Attractions Of Doing Evil : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Seductions Of Crime The Moral And Sensual Attractions Of Doing Evil : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Seductions Of Crime The Moral And Sensual Attractions Of Doing Evil : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
