C. Jette, 2020-12-16 How many times do we wonder why we are ill prepared for the darkness that tries to assail us daily and become victims instead of victors It is all based on the soil ground into which the seed of knowledge the promise the revelation is sown that determines what is done during the darkness and the results of our harvest This book will disclose an understanding that the soil in which the seeds are sown is the condition of our heart at any given moment We will learn how to always harvest a crop that will bring forth fruit some thirtyfold some sixty and some a hundred Presently some of us are in a storm and it is pounding furiously We feel undone Have we allowed the cares of the world the deceitfulness of riches our finances our children our job our country's unrest politics etc to overwhelm us Have we forgotten our God is infinite unlimited and able to perform his word God's word is efficacious If it is not performing God's will in our life it is time to understand the importance of our heart's condition at the time the seed of knowledge is sown Changing Fate Through Reincarnation Gerald Sze, 2012-11-30 In *Changing Fate Through Reincarnation* author Gerald Sze explores the theory of reincarnation connectivity He provides a philosophical survey of the

[Earthing the Cosmic Christ of Ephesians--The Universe, Trinity, and Zhiyi's Threefold Truth, Volume 5](#) John P. Keenan,2025-06-12 This series reads Ephesians within its post Paul trajectory but considers it also in light of a Mah y na Buddhist hermeneutic that is likely unfamiliar to most New Testament scholars New Testament specialists rarely stray into theological issues outside the Jewish Christian context although that context itself is more and more distant from readers today Academicians are prone to make universal affirmations and claims and yet it seems that few scholars of Christianity consider the theological universe that exists beyond the bounds of their own familiar guild And the rare attempts to look East beyond those bounds often result in caricatures of Buddhists and their teachings much as early New Testament scholars caricatured the Jews Even more commonly such distant foreign traditions and their theologies are simply ignored as though the history of the Christian presence in the eastern Mediterranean basin were coterminous with the entire world of meaning Certainly one is no more likely to make a name in New Testament scholarship by pondering Chinese Buddhism than to become famous in the field of Buddhology by engaging with a Greek New Testament text Nevertheless it is good fun John P Keenan
