The International Ambitions of Mao and Nehru Andrew Kennedy, 2011-12-29 Why do leaders sometimes challenge rather than accept the international structures that surround their states In *The International Ambitions of Mao and Nehru* Andrew Kennedy answers this question through in depth studies of Chinese foreign policy under Mao Zedong and Indian foreign policy under Jawaharlal Nehru Drawing on international relations theory and psychological research Kennedy offers a new theoretical

explanation for bold leadership in foreign policy one that stresses the beliefs that leaders develop about the national efficacy of their states He shows how this approach illuminates several of Mao and Nehru s most important military and diplomatic decisions drawing on archival evidence and primary source materials from China India the United States and the United Kingdom A rare blend of theoretical innovation and historical scholarship The International Ambitions of Mao and Nehru is a fascinating portrait of how foreign policy decisions are made *'Global Warming' Scare Is Population Reduction Not Science* Helga Zepp-LaRouche,Jeffrey Steinberg,Paul Gallagher,2015-09 Exactly 70 years after the end of the Nazi dictatorship preparations are underway largely unnoticed or misinterpreted by unsuspecting contemporaries for the establishment of a fascist world government which would exceed Hitler s most audacious dreams In place of the discredited doctrine of eugenics which provided the pretense then for the elimination of so called inferior races today it is the swindle of alleged anthropogenic climate change which supplies the argumentation to establish a global eco dictatorship whose results and whose declared intention is to eliminate six billion human beings if it is not stopped from the Introduction by Helga Zepp LaRouche Report Contents INTRODUCTION Defend Mankind from the Satanic Climate Change Swindle by Helga Zepp LaRouche I DEPOPULATION PLOT BRITISH SATANISTS CAPTURE THE VATICAN How the British Turned Genocide and Race Science Green by Jeffrey Steinberg British Crown s Depopulation Pope CBE Hans Joachim Schellnhuber The Encyclical from Hell by Paul Gallagher Prince Philip Founding Father of the Environmentalist Movement by Alicia Cerretani Interview with Paul Driessen Develop the Ultimate Resource The Mind II THE TRUE SCIENCE OF CLIMATE Temperature Doesn t Follow CO2 As Alarmists Claim by Benjamin Deniston What Causes Climate Change The Sun the Solar System and the Galaxy by Benjamin Deniston Methods of Climate Alarmists by Benjamin Deniston III REJECT DECARBONIZATION FRAUD Increasing Energy Flux Density The Only Competent Energy Policy by Benjamin Deniston Germany Case Study in the Failure of Green Energy by Alicia Cerretani Benjamin Deniston The Facts on Fusion by Liona Fan Chiang Benjamin Deniston Wall Street and London Made a Carbon Copy of the Subprime Swindle by Paul Gallagher U S Green Disease Spread After Kennedys and King Were Eliminated by Marcia Merry Baker *The 1956 War* David Tal,2014-02-04 Recently declassified documents and new scholarship have prompted this reassessment of the collusion between Israel France and England which drove the 1956 War International aspects Israeli involvement the plot which sparked off hostilities and the Egyptian losses and gains are analyzed *The Frontier Gandhi: My Life and Struggle: The Autobiography of Abdul Ghaffar Khan* ,2021-02-01 Born in 1936 Imtiaz Ahmad Sahibzada joined the erstwhile Civil Service of Pakistan in 1959 After serving in a number of assignments in the Provincial bureaucracy of the province of Khyber Pakhtunkhwa which included that of the Chief Secretary he was transferred to Islamabad in 1987 There he served as Secretary to the Federal Government in different ministries and superannuated in 1996 as the Cabinet Secretary Thereafter he went on to become a member of the Federal Public Service Commission a member of the National Security Council Chairman of the Federal Lands Commission

Hong Kong and the Cold War Chi-kwan Mark, 2004-08-05 After 1949 the British Empire in Hong Kong was more vulnerable than the lack of Chinese demand for return and the success of Hong Kong's economic transformations might have suggested Its vulnerability stemmed as much from Britain's imperial decline and America's Cold War requirements as from a Chinese threat It culminated in the little known 1957 Question a year when the British position in Hong Kong appeared more uncertain than any time since 1949 This is the first scholarly study that places Hong Kong at the heart of the Anglo American relationship in the wider context of the Cold War in Asia Unlike existing works which tend to treat British and US policies in isolation this book explores their dynamic interactions how the two allies perceived responded to and attempted to influence each other's policies and actions It also provides a major reinterpretation of Hong Kong's involvement in the containment of China Dr Mark argues that concerned about possible Chinese retaliation the British insisted and the Americans accepted that Hong Kong's role should be as discreet and non confrontational in nature as possible Above all top decision makers in Washington evaluated Hong Kong's significance not in its own right but in the context of the Anglo American relationship Hong Kong was seen primarily as a bargaining chip to obtain British support for US policy elsewhere in Asia By using a variety of British and US archival material as well as Chinese sources Dr Mark examines how the British and US government discussed debated and disagreed over Hong Kong's role in the Cold War and reveals the dynamics of the Anglo American alliance and the dilemmas of small allies in a global conflict

History at War Noble Frankland, 2012-07-18 *History at War* is a unique book It throws light on important unexplored aspects of the pursuit of historical truth It tells how alone among historians Noble Frankland fought in the bomber offensive during the Second World War and then together with Sir Charles Webster wrote its official history how he transformed the Imperial War Museum from a dying institution into one of the world's leading historical centres for the study of the conflicts of the twentieth century how he played a major part in television documentary productions including in particular *The World at War* and how he wrote a series of original rigorously researched historical works In *History at War* he describes the battles he had to fight against the mandarins and media merchants who sought to impose a spin on history to suit their own ends and were ruthless and unscrupulous in their methods Its meticulous documentation gives a guarantee of authenticity to his staggering account of how those in high places tried to distort history which might otherwise seem scarcely credible The revelations about Bomber Harris relations

with his superior Lord Portal during the war and their joint opposition to the two authors account of the strategic air offensive still a highly topical issue will set alight a new debate among military and other historians Unlike most books on the theory and practice of history it does not confine itself to what can be written on the page It also covers Dr Frankland's experience of demonstrating history in museum galleries on the television screen on sites such as Duxford Airfield near Cambridge and on board HMS Belfast in the Pool of London The problem for historians of publishing a full and unbiased account and analysis of controversial events and episodes in politics and international affairs is as acute in the 1990s as it ever has been All readers with a concern for the truth will learn much about such issues from this unflinching and penetrating book Robert Crawford Director General Imperial War Museum it is brilliant rivetingly trenchant and should be required reading for all aspirant historians Professor R B Wernham former Professor of Modern History Oxford It really is a splendid and fascinating story and a sharp warning to historians to beware of mandarins and great commanders In Francis Bacon's categorization Some books are to be tasted some to be swallowed and a few to be chewed and digested It certainly rates among the few Professor Geoffrey Best in TLS The subtitle is exactly right for a book by Noble Frankland a tough character who views the successive phases of his post war life as battles to bring truths and lessons plainly before the public and who can happily conclude that he has been generally successful In at least two fields the history of the most painfully controversial of Allied campaigns in the Second World War and the rescue and make over of the least well known of London's great museums his achievements have been of great national value and importance this astringently truth telling professional autobiography required reading for historians of the British Establishment from Attlee to Macmillan Piers Mackesy Fellow of British Academy and former Fellow of Pembroke College Oxford I admired History at War on many levels characterizations of Webster Bradley Willis etc the balance between Museum Trustees and the chief executive functioning of Civil Service Bomber Command the picture of Noble Frankland's developing career and the qualities it called for etc I often laughed aloud at the wit and the penetrating observations of functioning individuals Also much enjoyed final reflections on history by a practitioner Haven't enjoyed a book so much for ages
