**Selected Letters of Katherine Anne Porter** Darlene Harbour Unrue, 2012-11-28 Katherine Anne Porter 1890 1980 produced a relatively small body of fiction but she wrote thousands and thousands of letters The present selection of 135 unexpurgated letters written to seventy four different persons begins with a 1916 letter written from a tuberculosis sanatorium in Texas and ends with a 1979 letter dictated to an unnamed nursing home attendant in Maryland Different from any previous selection this body of letters does not omit Porter s frank criticism of fellow writers and spans her entire life Within that circumscription is the chronicle of Porter a twentieth century woman searching for love while she struggles to become the writer who she is sure she can be Porter s letters vividly showcase the twentieth century as the writer observes it from her historical vantage points tuberculosis sanatoria and the influenza pandemic of 1918 the leftist community in Greenwich Village in the 1920s the Mexican cultural revolution of the 1920s and early 1930s the expatriate community in Paris in the 1930s the rise of Nazism in Europe between the World Wars the Second World War and its concomitant suppression of civil liberties Hollywood and the university circuit as a haven for financially strapped writers in the 1940s and 1950s the Cold War and its competition for supremacy in space the women s rights and the civil rights movements and the evolution and demise of literary modernism      **Catalog of Copyright Entries. **Law and Revolution, the Formation of the Western Legal Tradition** Harold J. Berman,2009-07-01 The roots of modern Western legal institutions and concepts go back nine centuries to the Papal Revolution when the Western church established its political and legal unity and its independence from emperors kings and feudal lords Out of this upheaval came the Western idea of integrated legal systems consciously developed over generations and centuries Harold J Berman describes the main features of these systems of law including the canon law of the church the royal law of the major kingdoms the urban law of the newly emerging cities feudal law manorial law and mercantile law In the coexistence and competition of these systems he finds an important source of the Western belief in the supremacy of law Written simply and dramatically carrying a wealth of detail for the scholar but also a fascinating story for the layman the book grapples with wideranging questions of our heritage and our future One of its main themes is the interaction between the Western belief in legal evolution and the periodic outbreak of apocalyptic revolutionary upheavals Berman challenges conventional nationalist approaches to legal history which have neglected the common foundations of all Western legal systems He also questions conventional social theory which has paid insufficient attention to the origin of modern Western legal systems and has therefore misjudged the nature of the crisis of the legal tradition in the twentieth century
