## Losers Blues:

*Living Blues*, 2005      *Loser Sons* Avital Ronell, 2012-01-30 There are sons who grow up unhappily believing that no matter what they do they cannot please their fathers Often unable to shed their sense of lifelong failure either they give up and suffer in a permanent sulk or they try with all their might to prove they are worth something after all These are the loser sons a group of historical men as varied as President George W Bush Osama bin Laden and Mohammed Atta Their names quickly illustrate that not only are their problems serious but they also make serious problems for others expanding to whole nations When God is conceived and inculcated as an angry and impossible to please father the problems can last for generations In *Loser Sons* Avital Ronell draws on current philosophy literary history and political events to confront the grim fact that divested boys become terrifying men This would be old news if the problem didn't recur so often with such disastrous consequences Looking beyond our current moment she interrogates the problems of authority paternal fantasy and childhood as they have been explored and exemplified by Franz Kafka Goethe's *Faust* Benjamin Franklin Jean-François Lyotard Hannah Arendt Alexandre Kojève and Immanuel Kant Brilliantly weaving these threads into a polyvocal discourse Ronell shows how with their arrays of powerful symbols ideologies of all sorts perpetuate the theme that while childhood represents innocence adulthood entails responsible cruelty The need for suffering preferably somebody else's has become a widespread assumption not only justifying abuses of authority but justifying authority itself Shockingly honest *Loser Sons* recognizes that focusing on the spectacular catastrophes of modernity might make writer and reader feel they're engaged in something important while in fact what they are engaged in is still only spectacle To understand the implications of her insights Ronell addresses them directly to her readers challenging them to think through their own notions of authority and their responses to it

**Born Losers** Scott A. Sandage, 2006-04-30 What makes somebody a Loser a person doomed to unfulfilled dreams and humiliation Nobody is born to lose and yet failure embodies our worst fears The Loser is our national bogeyman and his history over the past two hundred years reveals the

dark side of success how economic striving reshaped the self and soul of America From colonial days to the Columbine tragedy Scott Sandage explores how failure evolved from a business loss into a personality deficit from a career setback to a gauge of our self worth From hundreds of private diaries family letters business records and even early credit reports Sandage reconstructs the dramas of real life Willy Lomans He unearths their confessions and denials foolish hopes and lost faith sticking places and changing times Dreamers suckers and nobodies come to life in the major scenes of American history like the Civil War and the approach of big business showing how the national quest for success remade the individual ordeal of failure Born Losers is a pioneering work of American cultural history which connects everyday attitudes and anxieties about failure to lofty ideals of individualism and salesmanship of self Sandage s storytelling will resonate with all of us as it brings to life forgotten men and women who wrestled with The Loser the label and the experience in the days when American capitalism was building a nation of winners *Catalog of Copyright Entries* Library of Congress.
