Noah And The Great Flood Jerry Blount, 2017-04-17 The apostle Peter warned us that in the last days before the end times there would be a new philosophy that would deny that there ever was a worldwide flood They would deny that God created the world the existence of God and the coming end time judgment by fire Today we see this taking place exactly as Peter had predicted This book provides proof of a Biblical worldwide flood and backs it up with geological data The information in this book offers evidence of creation by an omnipotent God and a global flood as God s judgment of a sinful world It provides evidence as to what the earth was like before the flood It was a world which after creation God had declared very good Even after the fall of man it was still paradise compared with the world we know today The effects of catastrophic worldwide flood changed this planet drastically This book also offers extensive proof that disproves the theory of evolution New scientific discoveries are showing that evolution is impossible Also contained in this book is considerable scientific evidence showing that the earth is only a few thousand years old This book may go against much of the popular scientific views of today but it does so with the evidence to back it The Bible gave us the history as well as the future of this world The scientific and geological data that is available today fits well within that Biblical framework In fact it fits within the Biblical framework much better than any theories the evolutionary community has come up with as this book will show

**Stones Still Speak** Amanda Hope Haley,2025-09-23 When we first encounter the Bible we are taught its stories Adam and Eve Moses and the Red Sea David and Goliath Jonah and the whale and more When a story lacks the details we crave we fill in the blanks with what we've seen in movies read in books and been told by our Sunday school teachers But there's a better way to encounter the whole story of Scripture uncovering and understanding the ancient world and the people who experienced biblical events In *Stones Still Speak* Harvard trained archaeologist and theologian Amanda Hope Haley scrapes back 2 000 years of misguided cultural interpretations to reveal God's Word in its historical archaeological and literary contexts Far from a dry academic exercise this process explains how our misunderstandings developed and revitalizes the Scripture you thought you knew with the greater purpose of encouraging a more intentional rigorous study of the Bible in your daily life

an artifact itself of the postwar fascination with all things mysterious from flying saucers to ancient astronauts to the third eye In this wildly entertaining and more than a little bit preposterous document Wilkins takes us from mountain jungles to unexplored swamps on a search for the hidden secrets of old South America Seekers after the arcane and fans of the paranormal will delight in this odd and extraordinary volume British journalist and historian HAROLD T WILKINS 1891-1960 is also the author of *Mysteries of Ancient South America* 1945 and *Mysteries of Time and Space* 1958 Digging for Hitler David Barrowclough ,2017-01-20 During the 1930s in the build up to the Second World War the Nazis established a band of specialists the SS Ahnenerbe under the command of Heinrich Himmler and Hermann Wirth Their aim was nothing less than to prove the superiority of the Aryan race and with it the unique right of the German people to rule Europe The occult figured as a key feature in many of these increasingly desperate quack research efforts Part science part espionage and part fantasy Archaeological expeditions were sent to Iceland Tibet Kafiristan North Africa Russia the Far East Egypt and even South America and the Arctic The Nazi Ancestral Heritage Society's chief administrator was Dr Wolfram Sievers who cruelly conducted medical experiments on prisoners in concentration camps and was responsible for the looting of historic artefacts considered Germanic for return to Germany He rewarded those academics that took part with high military office whilst those academics who contradicted or criticized the SS Ahnenerbe were carted off to concentration camps where they faced certain death This book tells the true history of the real life villains behind the Indiana Jones movies Sometimes truth really is stranger than fiction **Traces on the Rhodian Shore** Clarence J.
