Imagined Frontiers Carl Abbott, 2015-09-10 We live near the edge whether in a settlement at the core of the Rockies a gated community tucked into the wilds of the Santa Monica Mountains a silicon culture emerging in the suburbs or in the future homesteading on a terraformed Mars In *Imagined Frontiers* urban historian and popular culture scholar Carl Abbott looks at the work of American artists who have used novels film television maps and occasionally even performance art to explore these frontiers the metropolitan frontier of suburban development the classic continental frontier of American settlement and the yet unrealized frontiers beyond Earth Focusing on writers and artists working during the past half century an era of global economic and social reach Abbott describes the dialogue between historians and social scientists seeking to understand these frontier places and the artists reimagining them in written and visual fictions This book offers perspectives on such well known authors as T C Boyle and John Updike and on such familiar movies and television shows as *Falling Down* and *The Sopranos* By putting *The Rockford Files* and the cult favorite *Firefly* in conversation with popular fiction writers Robert Heinlein and Stephen King and literary novelists Peter Matthiessen and Leslie Marmon Silko Abbott interweaves the

disparate subjects of western history urban planning and science fiction in a single volume Abbott combines all new essays with others previously published but substantially revised to integrate western and urban history literary analysis and American studies scholarship in a uniquely compelling analysis of the frontier in popular culture *Science Fiction and the Two Cultures* Gary Westfahl, George Slusser, 2009-06-01 Essays in this volume demonstrate how science fiction can serve as a bridge between the sciences and the humanities The essays show how early writers like Dante and Mary Shelley revealed a gradual shift toward a genuine understanding of science how H G Wells first showed the possibilities of combining scientific and humanistic perspectives how writers influenced by Gernsback's ideas like Isaac Asimov illustrated the ways that literature could interact with science and assist in its progress and how more recent writers offer critiques of science and its practitioners

Thrall, 2024-05-17 Religion and Science Fiction An Introduction guides students into deeper understanding of how religion and science fiction engage often overlapping questions This textbook introduces key ideas of religious studies through critical consideration of print and visual media that fall within the general category of science fiction The goal throughout is to help students move beyond simply identifying points of interrelation between religious studies and forms of what is often called more broadly speculative fiction to considering how the studied texts open new ways of thinking about human and nonhuman experience taken to be religious With discussion questions lists of key terms extensive additional resources and suggestions for projects and essay questions this book is a foundational text for students and instructors of religion and science fiction

Frontiers Past and Future Carl Abbott, 2006 Abbott offers a fruitful new way to read science fiction one that also greatly enriches our understanding of western history and its impact on our collective imagination Detailing the overlap of science fiction and western fiction especially relating to their mutual interest in and concerns about frontier expansionism he reveals an unsuspected common ground that informs the writings of both camps Reviewing the work of many Hugo and Nebula Award winners as well as drawing upon popular film and television series like the Buck Rogers serials Abbott's study journeys across the far reaches of science fiction's universe

tyranny of the Eagle Knights it soon becomes clear something very bad has happened in the City of Glass soon after their escape Something so bad that it sends waves of sonar into Chevakia causing even the Chevakians to flee Several streams of refugees are heading for the Chevakian capital Southerners by train Chevakians by road into a city that is tragically unprepared a country in turmoil with a leader whose support hangs by the merest thread For people who like their fantasy dark and gritty Think Joe Abercrombie Karen Miller Robin Hobb George R R Martin dark fantasy steampunk post apocalyptic magic sorcery epic fantasy knights eagles bears *Fire & Ice (book 1 Icefire Trilogy)* Patty Jansen,2011-10-06 Love the writing characters and story Kevin Anderson author of the Dune novels about the Icefire story on which this fantasy series is based Deep under the City of Glass in the frozen southern land an age old machine called the Heart of the City radiates a power which locals call icefire Most citizens are immune to it but a few always born with physical disabilities can bend it to their will For fifty years the ruling Eagle Knights who fly on the back of giant birds have killed these Imperfects fearing the return of the old royal family who used icefire to cut out people s hearts turning them into ghostly servitors The old king s grandson Tandor only sees the good things icefire brought power and technology now forgotten while the people of the south live in dire poverty He s had enough of seeing his fellow kinsfolk slaughtered by ignorant Knights of Imperfect babies being abandoned on the ice floes to be eaten by wild animals His grandfather s diary tells him how to increase the beat of the Heart the first step to making the land glorious once more Arrogant as he is he sets the machine in motion All he needs is an army of Imperfect servitors to control the resulting power Isandor is Imperfect an ex Knight apprentice betrayed by his best friend and running for his life The queen Jevathi is Imperfect living like a prisoner amidst leering Knights surviving only because the common people would rebel if their beloved queen were harmed Both are young and desperate and should be grateful that Tandor wants to rescue them from their hopeless situations Or so he thinks The youngsters however have no inclination to become heartless ghosts but while they defy Tandor the Heart beats and he alone cannot control its power For people who like their fantasy dark and gritty Think Joe Abercrombie Karen Miller Robin Hobb George R R Martin free freebie dark fantasy steampunk post apocalyptic magic sorcery epic fantasy knights eagles bears fantasy free books fantasy series
