Lost Mariner:

Inventing Benjy Frédérique Spill, 2024-01-30 *Inventing Benjy* William Faulkner's Most Splendid Creative Leap is a groundbreaking work at the intersection of Faulkner studies and disability studies Originally published in 2009 by Presses de la Sorbonne Nouvelle as *L'Idiotie dans l'œuvre de Faulkner* this translation brings the book to English language readers for the first time Author Frédérique Spill begins with a sustained look at the monologue of Benjy Compson the initial first person narrator in Faulkner's *The Sound and the Fury* Spill questions the reasons for this narrative choice bringing readers to consider Benjy's monologue which is told by a narrator who is deaf and cognitively disabled as an impossible discourse This paradoxical discourse which relies mostly on senses and sensory perception sets the foundation of a sophisticated poetics of idiocy Using this form of writing Faulkner shaped perspective from a disabled character revealing a certain depth to characters that were previously only portrayed on a shallow level This style encompasses some of the most striking forms and figures of his leap into modernist writing In that respect *Inventing Benjy* thoroughly examines Benjy's discourse as an experimental workshop in which objects and words are exclusively modelled by the senses This study regards Faulkner's decision to place a disabled character at the center of perception as the inaugural and emblematic gesture of his writing Closely examining excerpts from Faulkner's novels and a few short stories Spill emphasizes how the corporal temporal sensorial and narrative figures of idiocy are reflected throughout Faulkner's work These writing choices underlie some of his most compelling inventions and certainly contribute to his unmistakable writing style In the process Faulkner's writing takes on a phenomenological dimension simultaneously dismantling and reinventing the intertwined dynamics of perception and language
