Lost Messiah In Search Of Sabbatei Sevi:

The Lost Messiah John Freely, 2001 The Lost Messiah is the astonishing story of Sabbatai Sevi a 17th century rabbi who through the mysticism of the kabbalah convinced vast numbers of Jews throughout Europe the Middle East and North Africa that he was the long awaited Messiah Many of his followers were disappointed when he embraced Islam on threat of execution from the Turkish sultan but many others continued to believe in him Some of them even converted to Islam creating the sect known as the Donme outwardly Muslim yet clinging secretly to Judaism Today a few Sabbatians still secretly hold true to their beliefs patiently waiting for their Messiah to return and lead them to redemption they believe that Sabbatai is not dead but merely hidden from human view despite more than three centuries having passed since he left them

Sabbatai Zevi David J. Halperin, 2011-12-01 Sabbatai Zevi stirred up the Jewish world in the mid seventeenth century by claiming to be the messiah then stunned it by suddenly converting to Islam The story is presented here for the first time through contemporary documents written by Sabbatai s followers and by one of his detractors in translations that brilliantly capture the vividness of this landmark episode in early modern Jewish history *The Burden of Silence* Cengiz Sisman, 2017 This is the first comprehensive social intellectual and religious history of the wide spread Sabbatean movement from its birth in the Ottoman Empire in the seventeenth century to the Republic of Turkey in the first half of the twentieth century claiming that they owed their survival to the internalization of the Kabbalistic burden of silence [Imagining Religious Toleration](#) Alison Conway, David Alvarez, 2019-07-15 Formerly a site of study reserved for intellectual historians and political philosophers scholarship on religious toleration from the perspective of literary scholars is fairly limited Largely ignored and understudied techniques employed by writers to influence cultural understandings of tolerance are rich for exploration In investigating texts ranging from early modern to Romantic Alison Conway David Alvarez and their contributors shed light on what literature can say about toleration and how it can produce and manage feelings of tolerance and intolerance Beginning with an overview of the historical debates surrounding the terms toleration and tolerance this book moves on to discuss the specific contributions that literature and literary modes have made to cultural history studying the literary techniques that philosophers theologians and political theorists used to frame the questions central to the idea and practice of religious toleration Tracing the rhetoric employed by a wide range of authors the contributors delve into topics such as conversion as an instrument of power in Shakespeare the relationship between religious toleration and the rise of Enlightenment satire and the ways in which writing can act as a call for tolerance **The Beliefnet Guide to Kabbalah** Arthur Goldwag, 2007-12-18 This lively easy to follow guide to Kabbalah introduces the ancient Jewish mystical tradition that has captured the interest of Hollywood stars and the general public alike With celebrities like Madonna Paris Hilton Demi Moore and Britney Spears announcing their fascination with Kabbalah curiosity about this ancient Jewish mystical tradition continues to grow The Beliefnet Guide to Kabbalah is a highly informative reader friendly overview of Kabbalah whose messages Moses is said to

have received from God on Mount Sinai A collection of speculations on the nature of divinity the creation the origins and fate of the soul and the role of human beings in the world Kabbalah s meaning and messages have influenced Jews Christians and others alike and intrigued scholars for generations The Beliefnet Guide to Kabbalah covers the essentials of Kabbalah s history sheds light on what Kabbalists believe including their views on angels and demons and on the afterlife and provides instructions on both traditional and contemporary meditative devotional mystical and magical practices Sidebars featuring key facts anecdotes and frequently asked questions add to the book s scope and appeal From the premier source of information on religion and spirituality the Beliefnet Guides introduce you to the major traditions leaders and issues of faith in the world today

The Concept of Fluidity in the Baroque Age Jelena Todorović,2023-05-26 The Baroque world was a flowing one a realm of slippery presences in constant flux Everything seemed to be in endless motion space time emotions and the individual itself It was a deeply shifting world and this absence of solidity and certainty would come to define both the macro and the microcosms of these inconstant times Like other Baroque phenomena fluidity encompassed a rather complex and wide ranging set of manifestations from the swirls of angels on the ceilings of Pietro da Cortona and the polyvalence of space in the complex interiors by Guarini to the fluidity of being that marked equally the statues of Messerschmidt and Bernini s Borghese mythologies This book charts different aspects of this fluidity discussing fluid geographies fluidity of presence fluidity of spaces and materials fluid souls and water in Baroque culture

Apocalypse Now Damien Tricoire,Lionel Laborie,2022-08-03 Eschatology played a central role in both politics and society throughout the early modern period It inspired people to strive for social and political change including sometimes by violent means and prompted in return strong reactions against their religious activism From the fifteenth to the eighteenth century numerous apocalyptic and messianic movements came to the fore across Eurasia and North Africa raising questions about possible interconnections Why were eschatological movements so pervasive in early modern times This volume provides some answers to this question by exploring the interconnected histories of confessions and religions from Moscow to Cusco It offers a broad picture of Christian and to a lesser extent Jewish and Islamic eschatological movements from the fifteenth to the eighteenth century thereby bridging important and long standing gaps in the historiography Apocalypse Now will appeal to both researchers and students of the history of early modern religion and politics in the Christian Jewish and Islamic worlds By exploring connections between numerous eschatological movements it gives a fresh insight into one of the most promising fields of European and global history

Peace Be Upon You Zachary Karabell,2009-03-12 In a narrative that is at once thoughtful and passionate an award winning historian reveals the history of peaceful coexistence between Muslims Christians and Jews over the course of fourteen centuries until the present day The harsh reality of religious conflict is daily news and the rising tensions between the West and Islam show no signs of abating However the relationship between Muslims Christians and Jews has not always been marked with animosity there is also a deep and nuanced history of peace

From the court of caliphs in ancient Baghdad where scholars engaged in spirited debate to present day Dubai where members of each faith work side by side Karabell traces the forgotten legacy of tolerance and cooperation these three monotheistic religions have enjoyed a legacy that will be vital in any attempt to find common ground and reestablish peace

Essays on the Making of the Early Hebrew Book Marvin J. Heller, 2021-08-09 Winner of the 2022 Association of Jewish Libraries Judaica Bibliography Award A varied collection of articles on early Hebrew printing encompassing motifs on title pages such as lions eagles and fish as well as the entitling of Hebrew books The next section is on authors and places of publication addressing such diverse topics as a much republished book opposed to gambling authors of books on philology and on the massacres of tah ve tat 1648 49 of articles on diverse and disparate places of printing Chierie Hamburg Offenbach Verona and Slavuta generally small barely remembered publishers of interesting works and in the last location properly identifying the printer of the highly regarded Slavuta press Included is a section on Christian Hebraism with articles on Altdorf where polemical books were published and another on William Wotten a Christian vicar who published the first English translation of Mishnayot The result is a wide ranging series of articles highlighting the activities of early Hebrew presses and printers

The Great Sea David Abulafia, 2011-06-01 Connecting Europe Asia and Africa the Mediterranean Sea has been for millennia the place where religions economies and political systems met clashed influenced and absorbed one another In this brilliant and expansive book David Abulafia offers a fresh perspective by focusing on the sea itself its practical importance for transport and sustenance its dynamic role in the rise and fall of empires and the remarkable cast of characters sailors merchants migrants pirates pilgrims who have crossed and re crossed it Ranging from prehistory to the 21st century The Great Sea is above all a history of human interaction Interweaving major political and naval developments with the ebb and flow of trade Abulafia explores how commercial competition in the Mediterranean created both rivalries and partnerships with merchants acting as intermediaries between cultures trading goods that were as exotic on one side of the sea as they were commonplace on the other He stresses the remarkable ability of Mediterranean cultures to uphold the civilizing ideal of convivencia living together Now available in paperback The Great Sea is the definitive account of perhaps the most vibrant theater of human interaction in history

Aladdin's Lamp John Freely, 2010-03-09 Aladdin s Lamp is the fascinating story of how ancient Greek philosophy and

science began in the sixth century B C and during the next millennium spread across the Greco Roman world producing the remarkable discoveries and theories of Thales Pythagoras Hippocrates Plato Aristotle Euclid Archimedes Galen Ptolemy and many others John Freely explains how as the Dark Ages shrouded Europe scholars in medieval Baghdad translated the works of these Greek thinkers into Arabic spreading their ideas throughout the Islamic world from Central Asia to Spain with many Muslim scientists most notably Avicenna Alhazen and Averro s adding their own interpretations to the philosophy and science they had inherited Freely goes on to show how beginning in the twelfth century these texts by Islamic scholars were then translated from Arabic into Latin sparking the emergence of modern science at the dawn of the Renaissance which climaxed in the Scientific Revolution of the seventeenth century

Before Galileo John Freely,2013-08-27 A physicist and historian sheds light on scientific minds breakthroughs and innovations that paved the way for the Scientific Revolution Histories of modern science often begin with the heroic battle between Galileo and the Catholic Church a conflict which ignited the Scientific Revolution and led to the world changing discoveries of Isaac Newton As a consequence of this narrative frame virtually nothing is said about the European scholars who came before In reality more than a millennium before the Renaissance a succession of scholars paved the way for the exciting discoveries usually credited to Galileo Newton Copernicus and others In Before Galileo John Freely examines the pioneering research of the first European scientists many of them monks whose influence ranged far beyond the walls of the monasteries where they studied and wrote

Transnational Networks and Cross-Religious Exchange in the Seventeenth-Century Mediterranean and Atlantic Worlds Brandon Marriott,2016-03-09 In 1644 the news that Antonio de Montezinos claimed to have discovered the Lost Tribes of Israel in the jungles of South America spread across Europe fuelling an already febrile atmosphere of messianic and millenarian expectation By tracing the process in which one set of apocalyptic ideas was transmitted across the Christian and Islamic worlds this book provides fresh insight into the origin and transmission of eschatological constructs and the resulting beliefs that blurred traditional religious boundaries and identities Beginning with an investigation of the impact of Montezinos s narrative the next chapter follows the story to England examining how the Quaker messiah James Nayler was

viewed in Europe The third chapter presents the history of the widely reported but wholly fictitious story of the sack of Mecca a rumour that was spread alongside news of Sabbatai Sevi The final chapter looks at Christian responses to the Sabbatian movement providing a detailed discussion of the cross religious and international representations of the messiah The conclusion brings these case studies together arguing that the evolving beliefs in the messiah and the Lost Tribes between 1648 and 1666 can only be properly understood by taking into account the multitude of narrative threads that moved between networks of Jews Conversos Catholics and Protestants from one side of the Atlantic to the far side of the Mediterranean and back again By situating this transmission in a broader historical context the book reveals the importance of early modern crises diasporas and newsgathering networks in generating the eschatological constructs disseminating them on an international scale and transforming them through this process of intercultural dissemination into complex new hybrid religious conceptions expectations and identities
