Chris Westgate,2011-06-20

Ryan,2004-01-04

Broken Spirits *Lost Souls* provides a rare valuable look at a silent yet potentially deadly problem plaguing families today Reactive Attachment Disorder RAD Children born into crisis or ambivalence are vulnerable to attachment disturbances because the roots of this horrendous disorder occur when basic life enhancing needs of newborns and infants go unnoticed or unmet Consequently children who are victims of early neglect or trauma are at grave risk The candid stories in *Broken Spirits* *Lost Souls* told by parents of disturbed youngsters paint a clear picture of their chilling dangerous behavior Attachment disorder may be demonstrated by out of control children as young as three years old By their teens these kids predictably defy authority and challenge every accepted familial and societal norm At their best individuals with RAD represent the embryonic stages of an antisocial personality at their worst they are full blown psychopaths consumed by the search for another victim RAD is not a rare phenomenon and is primarily preventable through early identification and by employing simple sound parenting skills Fair Play Judith Rudakoff,1990-09-01

Lost Souls Niles Elliot Goldstein,2002 These days it is no longer just adolescents who feel that the universe is falling apart In *Lost Souls* Niles Goldstein writes of the chaos and fear so many of us experience in our public and private lives and makes it clear that we are not nor have we ever been alone in our angst To illustrate the different stages we often encounter when we feel lost whether the trigger for our disorientation and despair is the loss of a loved one or a job or the result of an injury or depression Goldstein interweaves contemporary stories of men and women he has met through his work as a rabbi and a law enforcement chaplain with those of biblical figures such as Cain David and Bathsheba Samson Tamar and several of the prophets As in his last book *God at the Edge* Goldstein explores the shadow side of the human condition His accounts are often disturbing but his insights are always inspiring What he brings us is a message of particular relevance today namely that a journey through the wilderness be it emotional existential or geographical is a transformative and strengthening process even though it may not seem so at the time In chronicling the stories of survivors who have traveled through perilous and at times unexplored territory Goldstein not only shows us how to face the challenges of being human he also delivers a promise of meaning direction and hope in our lives
