Impact Statement, Clyde River Project United States. Office of Hydropower Licensing, 1995 *The Lost Generations*

Christopher Chima, Ph.D, 2004-03-23 *The Lost Generations* is a fictional tale of life in America as experienced by a foreigner. Through the eyes of the main character who is caught between the complexities of his dual culture as he travels back and forth between his home in America and his homeland, this powerful novel explores the important global issues of our time. *The Lost Generations* is a novel that enlightens readers about what happens on a daily basis and what life is like in the other parts of the world outside America. It takes the reader on a journey through the vicious cycle that occurs everyday in the less developed countries. It tells a complete story and allows the audience to become a part of the act, and this is what makes the novel powerful. The narrative voice is mainly third person omniscient and does not remain that way throughout the novel. It is a new and different voice.

The Society for the Oversea Settlement of British Women, 1919-1964

Bonnie White, 2019-03-18 This book examines the British government's response to the superfluous women problem and concerns about post war unemployment more generally by creating a migration society that was tasked with reducing the number of single women at home through overseas migration. The Society for the Oversea Settlement of British Women (SOSBW) was created in 1919 to facilitate the transportation of female migrants to the former white settler colonies. To do so, the SOSBW worked with various domestic and dominion groups to find the most suitable women for migration while also meeting the dominions demands for specific types of workers, particularly women for work in domestic service. While the Society initially aimed to meet its original mandate, it gradually developed its own vision of empire settlement and refocused its efforts on aiding the migration of educated and trained women who were looking for new modern and professional work opportunities abroad.

Writing the Lost Generation Craig Monk, 2010-11 Members of the Lost Generation American writers and artists who lived in Paris during the 1920s continue to occupy an important place in our literary history. Rebellious against increased commercialism and the ebb of cosmopolitan society in early twentieth century America, they rejected the culture of what Ernest Hemingway called a place of broad lawns and narrow minds. Much of what we know about these iconic literary figures comes from their own published letters and essays revealing how adroitly they developed their own reputations by controlling the reception of their work. Surprisingly, the literary world has paid less attention to their autobiographies. In *Writing the Lost Generation*, Craig Monk unlocks a series of neglected texts while reinvigorating our reading of more familiar ones. Well known autobiographies by Malcolm Cowley, Ernest Hemingway, and Gertrude Stein are joined here by works from a variety of lesser known but still important expatriate American writers including Sylvia Beach, Alfred Kreymborg, Samuel

Putnam and Harold Stearns By bringing together the self reflective works of the Lost Generation and probing the ways the writers portrayed themselves Monk provides an exciting and comprehensive overview of modernist expatriates from the United States

Wars Civil and Great David J. Silbey, Kanisorn Wongsrichanalai, 2023-07-11 Although the Civil War and the Great War were fought only fifty years apart the perceived time between these two cataclysmic events seems far longer in popular American memory the Civil War was the centerpiece of the nineteenth century and lies deep in America's past whereas World War I was a modern prelude to World War II a conflict still in living memory Wars Civil and Great breaks down these barriers of time and memory and shows how close and how similar these two conflicts really were in the American experience Setting both wars in the long nineteenth century the authors of this volume reveal how the Civil War cast its long shadow over the events of the Great War President Wilson looked to Lincoln during the Great War for guidance on national leadership at wartime General John J Pershing remembered the Civil War of his childhood and sought to learn lessons from Grant and McClellan and the doughboys on European battlefields held firm to the culture of honor and duty that had inspired their forefathers to take up arms In this volume every author as an expert in their own field addresses four overarching questions What legacy did the Civil War leave Did the Great War generation interpret the lessons of the Civil War and if so how How did the Great War change the lessons from the Civil War era And finally how did both wars contribute to the modernization of the United States Wars Civil and Great highlights the striking similarities between the two wars by analyzing how the Civil War affected the American reaction to and experience in the Great War while attending to enlisted men military officers and political leaders Other chapters address the environmental effects of both wars the wars impacts on medicine and mental trauma and the experiences of Black American soldiers in both wars as they fought for a country that treated them so terribly This volume while at first appearing as a disparate pairing of conflicts deftly opens a new window into the past and establishes an illuminating paradigm in the two wars of the long nineteenth century

Canada's Residential Schools: The Legacy Commission de vérité et réconciliation du Canada, 2016-01-01 Between 1867 and 2000 the Canadian government sent over 150 000 Aboriginal children to residential schools across the country Government officials and missionaries agreed that in order to civilize and Christianize Aboriginal children it was necessary to separate them from their parents and their home communities For children life in these schools was lonely and alien Discipline was harsh and daily life was highly regimented Aboriginal languages and cultures were denigrated and suppressed Education and technical training too often gave way to the drudgery of doing the chores necessary to make the schools self sustaining Child neglect was institutionalized and the lack of supervision created situations where students were prey to sexual and physical abusers Legal action by the schools former students led to the creation of the Truth and Reconciliation Commission of Canada in 2008 The product of over six years of research the Commission's final report outlines the history and legacy of the schools and charts a pathway towards reconciliation Canada's Residential Schools The Legacy describes what Canada must do to overcome the schools tragic legacy and move towards reconciliation with the country's first peoples For over 125 years Aboriginal children suffered abuse and neglect in residential schools run by the Canadian government and by churches They were taken from their families and communities and confined in large frightening institutions where they were cut off from their culture and punished for speaking their own language Infectious diseases claimed the lives of many students and those who survived lived in harsh and alienating conditions There was little compassion and little education in most of Canada's residential schools Although Canada has formally apologized for the residential school system and has compensated its Survivors the damaging legacy of the schools continues to this day This volume examines the long shadow that the residential schools have cast over the lives of Aboriginal Canadians who are more likely to live in poverty more likely to be in ill health and die sooner more likely to have their children taken from them and more likely to be imprisoned than other Canadians The disappearance of many Indigenous languages and the erosion of cultural traditions and languages also have their roots in residential schools

Stepney Samantha L. Bird, 2010-10-12 This book is the first single volume history of Stepney in modern times It sets out to provide a vivid and yet scholarly portrait of an iconic London borough situated in the heart of the East End Stepney is an area with very many well known associations and images from the horrifying murders of Jack the Ripper to the soaking up of the heavy bomb damage during the Blitz from the classical confrontation between Mosley's fascists and the socialist left at the Battle of Cable Street to the dramatic Siege of Sidney Street when Liberal Home Secretary Winston Churchill rooted out an anarchist cell Beyond these dramatic episodes Stepney witnessed the perennial struggle for subsistence among the many
