Irritation of Life Jörg Metelmann, Scott Loren, 2015-12-09 Irritation of Life ist ein Buch über die politische Kraft des Gefühlskinos Loren und Metelmann deuten die preisgekrönten Filme von Haneke Lynch und von Trier als Experimente in denen sich Melodrama und Irritation treffen Melodrama als Signale für emotionale Berührung Irritation als Verfahren der Avantgarde Zusammen gebracht ergeben sie eine spezifische Ästhetik die die Wahrnehmung der Zuschauer verändert Man kann sich nicht nicht verhalten zu den Bildern der drei Autorenfilmer Das Buch führt zunächst die zentralen theoretischen Begriffe ein und entwickelt daraus im Anschluss an Elsaesser Hagener ein allgemeines Modell der Filmanalyse das die Affektordnung des Films historisch und systematisch erschließt Film und Wahrnehmungsgeschichte Genre Stil Den Hauptteil bilden drei ausführlichen Lektüren die das Filmwerk von Haneke Lynch und von Trier erläutern Die reich bebilderte Studie mündet in Überlegungen zum Verhältnis von Kunst und Gesellschaft Der politische Film heute verbindet gefühlsethische Aufregung mit Selbstreflexion und geht so über die Wiederholung von Rezeptionsmustern hinaus in Richtung Neukartografierung der Wahrnehmung Er ist nicht Imitation of Life sondern Irritation of Life

Pulling Focus Jane Stadler, 2008-09-15 The most powerful films have an afterlife Their sensory appeal and their capacity to elicit involvement in story character and conflict reaches beyond the screen to subtly reframe the way spectators view ethical issues and agents within the narrative and in the world outside the cinema Pulling Focus Intersubjective Experience and Narrative Film questions how cinematic narratives relate to and affect ethical life Extending Martha Nussbaum and Wayne Booth's work on moral philosophy and literature to consider cinema Dr Stadler shows that film spectatorship can be understood as a model for ethical attention that engages the audience in an affective relationship with characters and their values Building on Vivian Sobchack's Address of the Eye and Carnal Thoughts she uses a phenomenological approach to analyse ethical dimensions of film extending beyond narrative content arguing that the camera describes experience and views screen characters with an evaluative form of perception an ethical gaze in which spectators participate Films discussed include Dead Man Walking Lost Highway Batman Begins Nil By Mouth and Eternal Sunshine of the Spotless Mind

Cosmic American Rhapsody Ray Sweatman, 2024-08-12 Get ready for a wild ride as country rock pioneer Gram Parsons struggles to survive both physically and spiritually at the Lost Highway Motel As his life flashes before him several colorful characters try to help him find the meaning of life such as the ghosts of his parents a strange policeman a transcendentalist and the animated animals from Hee Haw With rich allusions to both popular and classical culture it is at turns hilarious poetic tragic and thought provoking

The Complete Lynch

David Hughes,2014-04-30 After working with David on his previous work for the series The Complete Kubrick we knew we were on to a winner for this book Not only is David Lynch a master of modern film making but David Hughes is well qualified to write this complete book The book covers all Lynch s films including Mulholland Drive TV and other projects as well as the unrealised ventures such as Revenge of the Jedi later directed by Richard Marquand as Return of the Jedi It also includes a foreword by Barry Gifford the novelist behind Wild at Heart and co writer with Lynch of the screenplay for Lost Highway and excerpts from a new interview David Hughes carried out with David Lynch himself The Complete Lynch is the only comprehensive study of this great director **Texture In Film** Lucy Fife Donaldson,2014-08-13 Drawing on

interdisciplinary perspectives of art literature and music Donaldson develops a stimulating understanding of a concept that has received little detailed attention in relation to film Based in close analysis Texture in Film brings discussion of style and affect together in a selection of case studies drawn from American cinema David Lynch Justus Nieland,2012-04-15 A key figure in the ongoing legacy of modern cinema David Lynch designs environments for spectators transporting them to inner worlds built by mood texture and uneasy artifice We enter these famously cinematic interiors to be wrapped in plastic the fundamental substance of Lynch s work This volume revels in the weird dynamism of Lynch s plastic worlds Exploring the range of modern design idioms that inform Lynch s films and signature mise en sc ne Justus Nieland argues that plastic is at once a key architectural and interior design dynamic in Lynch s films an uncertain way of feeling essential to Lynch s art and the prime matter of Lynch s strange picture of the human organism Nieland s study offers striking new readings of Lynch s major works Eraserhead Blue Velvet Wild at Heart Mulholland Dr Inland Empire and his early experimental films placing Lynch s experimentalism within the aesthetic traditions of modernism and the avant garde the genres of melodrama film noir and art cinema architecture and design history and contemporary debates about cinematic ontology in the wake of the digital This inventive study argues that Lynch s plastic concept of life supplemented by technology media and sensuous networks of an electric world is more alive today than ever **The Architecture of David Lynch** Richard Martin,2014-10-23 From the

Red Room in Twin Peaks to Club Silencio in Mulholland Drive the work of David Lynch contains some of the most remarkable spaces in contemporary culture Richard Martin s compelling study is the first sustained critical assessment of the role architecture and design play in Lynch s films Martin combines original research at Lynchian locations in Los Angeles London and L dz with insights from architects including Adolf Loos Le Corbusier and Jean Nouvel and urban theorists such as Jane Jacobs and Edward Soja In analyzing the towns cities homes roads and stages found in Lynch s work Martin not only reveals their central importance for understanding this controversial and distinctive film maker but also suggests how Lynch s films can provide a deeper understanding of the places and spaces in which we live *The Oneiric in the Films of David Lynch* Raphael Morschett,2024-06-27 The Oneiric in the Films of David Lynch is the first systematic book length study to explore the nature and function of dreams in David Lynch s different phases and audio visual formats There is hardly a contemporary

film director whose name is as closely linked to the dream like as that of David Lynch Both popular and academic discourse frequently identify Lynch's films by their dreamlike qualities However in the existing literature on Lynch these qualities tend to remain underspecified in terms of their experiential dimension Departing from an interest in the phenomenon of dream experience this is the first systematic book length study exploring the nature and function of the oneiric in the director's different phases and audio visual formats It shows that over the course of 50 years Lynch has developed a cinematic aesthetics of the oneiric an ensemble of four dream related dimensions that unfolds its full potential in the dynamic interplay between sensory address and reflective medialization On the one hand the Lynchian oneiric presents a markedly sensory perceptual mode of experience both characters and viewers are challenged in their perceptual patterns while at the same time being immersed in the material dream scenario On the other hand the Lynchian oneiric provides a mode of both psychological and medial reflection Not only the characters but the films themselves are inclined to turn back on themselves in a dream exploring the preconditions possibilities and limitations of their own existence and ability to know the world The oneiric in Lynch's films is thus of phenomenological media theoretical and philosophical interest

Film as Philosophy Bernd Herzogenrath, 2017-03-21 Film and philosophy have much in common and books have been written on film and philosophy But can films be or do philosophy Can they think *Film as Philosophy* is the first book to explore this fascinating question historically thematically and methodically Bringing together leading scholars from universities across the globe *Film as Philosophy* presents major new research that leads film studies and philosophy into a productive dialogue It provides a uniquely sweeping historical overview of the confluence of film and philosophy for more than a century considering films from Jean Renoir Lars von Trier Jrgen Leth David Lynch Michael Haneke and others the written works of filmmakers who also theorized on the medium including Sergei Eisenstein and Jean Epstein and others who have written on cinema including Hugo Münsterberg Béla Balázs André Bazin Henri Bergson Gilles Deleuze Stanley Cavell Alain Badiou Jacques Rancière and many more Representing a major step toward establishing a media philosophy that puts the status role and function of film into a new perspective *Film as Philosophy* removes representational techniques from the center of inquiry replacing these

with the medium's ability to think. Hence it accords film with agency and the dialogue between it and philosophy and even neuroscience is negotiated anew. Impure Cinema Lúcia Nagib, Anne Jerslev, 2013-10-24. *Impure Cinema* goes back to Bazin's original title precisely for its defence of impurity applying it on the one hand to cinema's interbreeding with other arts and on the other to its ability to convey and promote cultural diversity. In contemporary progressive film criticism ideas of purity, essence and origin have been superseded by favourable approaches to hybridization, transnationalism, multiculturalism and cross fertilizations of all sorts. *Impure Cinema* builds on this idea in novel and exciting ways as it draws on cinema's combination of intermedial and intercultural aspects as a means to bridge the divide between studies of aesthetics and culture. Film is revealed here as the location par excellence of media encounters, mutual questioning and self dissolution into post medium experiments. Most importantly the book argues film's intermedial relations can only be properly understood if their cultural determinants are taken into account. Scholars and students of film, cinefiles and students of the arts will discover here unexpected connections across many artistic practices.

Pervert in the Pulpit Jeff Johnson, 2004-03-18. Filmmaker David Lynch's work is viewed here as patriotic and Puritanical. This Lynch is an idealistic conservative on a reformer's mission. Lynch promotes a return to the values inherent in a mythological America but he indulges in a voyeuristic pleasure which he simultaneously condemns. Like Jeffrey peeking through the slats of Dorothy's closet in *Blue Velvet* the viewer of Lynch's work is a rationalist plagued by his dreams, intrigued and repulsed, fascinated and judgmental. He both craves and resists cultural assimilation. Works presented include all features from *Eraserhead* to *Mulholland Drive*, shorts such as *The Amputee* and *The Grandmother* and contributions to television such as *Hotel Room* and of course *Twin Peaks*. This study develops an idea of Lynch's politics, analyzes his work and explores Lynch's paradox of condemning an immoral world through disturbing images and concepts and touches on such points as the identifiable figure of evil in his works as well as the archetypes of the nymphet, well meaning traditionalist and struggling ethicist. Also included are a history of moralistic criticism in American literature and a review of existing Lynch criticism within this context.

The Philosophy of David Lynch William J. Devlin, Shai Biderman, 2011-03-25. From his cult classic television series *Twin Peaks* to his most recent film *Inland Empire* 2006, David Lynch is best known for his unorthodox narrative style. An award winning director, producer and writer, Lynch distorts and disrupts traditional storylines and offers viewers a surreal, often nightmarish perspective. His unique approach to filmmaking has made his work familiar to critics and audiences worldwide and he earned Academy Award nominations for Best Director for *The Elephant Man* 1980, *Blue Velvet* 1986 and *Mulholland*

Drive 2001 Lynch creates a new reality for both characters and audience by focusing on the individual and embracing existentialism In The Philosophy of David Lynch editors William J Devlin and Shai Biderman have compiled an impressive list of contributors to explore the philosophy at the core of the filmmaker s work Lynch is examined as a postmodern artist and the themes of darkness logic and time are discussed in depth Other prominent issues in Lynch s films such as Bad faith and freedom ethics politics and religion are also considered Investigating myriad aspects of Lynch s influential and innovative work The Philosophy of David Lynch provides a fascinating look at the philosophical underpinnings of the famous cult director

The Shape of Things to Come Greil Marcus,2007-08-21 From the author of Mystery Train and Lipstick Traces an exhilarating and provocative investigation of the tangle of American identity America is a place and a story made up of exuberance and suspicion crime and liberation lynch mobs and escapes its greatest testaments are made of portents and warnings biblical allusions that lose all certainty in the American air It is this story of self invention and nationhood that Greil Marcus rediscovers beginning with John Winthrop s invocation of America as a city on the hill Lincoln s second inaugural address and Martin Luther King Jr s speech about his American dream Listening to these prophetic founding statements Marcus explores America s promise as a New Jerusalem and the nature of its covenant first with God and then with its own citizens In the nineteenth century this vision of the nation s story was told in public as part of common discourse to be fought over in plain speech and flights of gorgeous rhetoric Since then Marcus argues it has become cryptic a story told more in art than in politics He traces it across the continent and through time hearing the tale in the disparate voices of writers filmmakers performers and actors Philip Roth David Lynch David Thomas Allen Ginsberg Sheryl Lee and Bill Pullman In The Shape of Things to Come the future and the past merge in extraordinary and uncanny ways and Marcus proves once again that he is our most imaginative and original cultural critic

Richard Pryor in Hollywood Anthony Balducci,2018-07-05 Hollywood studios were once eager to bring stand up comedy king Richard Pryor s dynamic humor to the big screen so much so that studio executives gave him full access to available resources and creative control to develop his own projects Unfortunately Pryor s screen talents were far less acclaimed than his stage ones and flops such as The Toy and Superman III greatly diminished his reputation The author examines how this downfall unfolded through comprehensive analyses of each of Pryor s movies
