Britain's Lost Railways John Minnis, 2018-08-07 The beautifully restored St Pancras Station is a magisterial example of Britain s finest Victorian architecture Like the viaducts at Belah and Crumlin cathedral like stations such as Nottingham Victoria and spectacular railway hotels like Glasgow St Enoch s it stands proud as testament to Britain s architectural heritage In this stunning book John Minnis reveals Britain s finest railway architecture From the most cavernous engine sheds like Old Oak Common through the eccentric country halts on the Tollesbury line and the gantries of the Liverpool Overhead Railway to the soaring viaducts of Belah and Cumlin Britain s Lost Railways offers a sweeping celebration of our railway heritage The selection of images and the removable facsimile memorabilia including tickets posters timetables and maps allows the reader to step into that past serving as a testimony to an age of ingenuity and ambition when the pride we invested in our railways was reflected in the grandeur of the architecture we built for them

Lost Railway Journeys from Around the World Anthony Lambert, 2018-11-13 From the great cathedral like railways stations of the steam age to obscure lines built through spectacular landscapes to open up countries before the advent of motorised road transport this book is a celebration of our lost railway heritage and the lines that can no longer be travelled Through stunning images *Lost Railway Journeys from Around the World* evokes the romance and drama of these journeys taking the reader as close as they can possibly get to this lost world of dining cars sleeping cars station porters and international rail travel Organised by continent all of these routes have stories to tell and the lost journeys are captured in the old postcards and posters that accompany photographs drawn from collections and archives across the world

The Great Eastern Railway, The Early History, 1811-1862 Charles Phillips, 2025-08-05 This book is the first of two which

covers the history of the Great Eastern Railway and its predecessors from the first proposal for a railway in the eastern counties in 1811 for a railway from Islington to Wallasea Island and Mucking to its absorption into the London and North Eastern Railway under the 1923 Grouping of Railways This volume covers the period from 1811 up to the formation of the Great Eastern Railway in 1862 The history is the first history of the GER since Cecil J Allen s history of the railway which was first published in 1955 and which has long been out of print The book makes use of both previously published works on the GER and its predecessors but also contemporary documents such as the Directors reports to shareholders of the Eastern Counties Railway timetables reports in local and national newspapers as well as extracts from selected peoples diaries Some of which were not easily available to Allen when he wrote his history of the GER Incorporating these other sources means the book sheds new light on the Railway s history The book is intended for anyone who is either interested in railways and particularly the Great Eastern Railway and the railways of the east of England but also for anyone who is interested in general in the history of that part of England
