A Studied Impression of That Which Is R. Garner Brasseur, 2006-09 *The Mysteries of the Great Cross of Hendaye* Jay Weidner, Vincent Bridges, 2003-12-10 Decodes the message inscribed on the Great Cross of Hendaye in France Uses the work of 20th century alchemist Fulcanelli to predict the date of the fatal season of the apocalypse Shows how periodic galactic alignments may cause catastrophes on Earth Examines how the secret of the center of the galaxy reveals the true location of the lost civilization of Atlantis Reveals the

alchemical secret of the imperishable Light Body of ancient Egypt deep within our DNA The Mysteries of the Great Cross of Hendaye reveals one of Western occultism s deepest secrets The alchemical transformation of base metal into gold is also the transformation of the current Iron Age into the Golden Age Based on the work of the enigmatic 20th century alchemist Fulcanelli authors Weidner and Bridges show how the greatest alchemical secret is that of time itself and that coded into an obscure monument in southwestern France the cross in the town square of Hendaye is the imminent date of the apocalypse The authors explorations of this symbolism lead them from the cross of Hendaye to the western facade of the cathedral of Notre Dame in Paris the Pyrenees ancient Egypt and the secret origins of Atlantis in Peru to reveal that we are indeed living in a fatal season and that this season is intimately connected to our solar system s alignment with the galactic center The authors in depth examination of alchemy s connection with the coming end days also reveals that this astro alchemical knowledge was part of the sacred science of the Egyptians and the Atlanteans whose coded messages are at last deciphered to guide humanity to its future destiny *Nicholas Roerich* John McCannon,2022-11-15 Russian painter explorer and mystic Nicholas Roerich 1874 1947 ranks as one of the twentieth century s great enigmas Despite mystery and scandal he left a deep if understudied cultural imprint on Russia Europe India and America As a painter and set designer Roerich was a key figure in Russian art He became a major player in Diaghilev s Ballets Russes and with Igor Stravinsky he cocreated The Rite of Spring a landmark work in the emergence of artistic modernity His art his adventures and his peace activism earned the friendship and admiration of such diverse luminaries as Albert Einstein Eleanor Roosevelt H G Wells Jawaharlal Nehru Raisa Gorbacheva and H P Lovecraft But the artist also had a darker side Stravinsky once said of Roerich that he ought to have been a mystic or a spy He was certainly the former and close enough to the latter to blur any distinction His travels to Asia supposedly motivated by artistic interests and archaeological research were in fact covert attempts to create a pan Buddhist state encompassing Siberia Mongolia and Tibet His activities in America touched Franklin Delano Roosevelt s cabinet with scandal and behind the scenes affected the course of three US presidential elections In his lifetime Roerich baffled foreign affairs ministries and intelligence services in half a dozen countries He persuaded thousands that he was a humanitarian and divinely inspired thinker but convinced just as many that he was a fraud or a madman His story reads like an epic work of fiction and is all the more remarkable for being true John McCannon s engaging and scrupulously researched narrative moves beyond traditional perceptions of Roerich as a saint or a villain to show that he was in many ways both in equal measure **The Story of Jesus** William H. Kautz,2012-04-10 THE STORY OF JESUS AN INTUITIVE ANTHOLOGY Many contemporary Christians suspect that there is more to Jesus and his enduring message than the little that has survived in historical writings and the legendary Christian tradition This book offers a narrative account of Jesus life from the perspective of twenty contemporary writers who have developed their natural intuitive abilities to an unusually high level They are therefore able to bring forth new and detailed information not ordinarily accessible by historical or literary means

Some of them had demonstrated their unusual skill by probing deeply into the personal lives and minds of historical individuals other than Jesus while some had provided important and detailed technical information which was then verified scientifically They apply their intuitive skills here to uncover fresh information about the man Jesus his contemporaries and his extensive teachings which never found their way into the New Testament Gospels and related historical documents These new findings offer a much richer view of the man himself than that available from traditional Christian sources They also provide illuminating insights and a deep spiritual understanding of Jesus original and hidden teachings The Story of Jesus is essential reading for all inquirers and seekers into these hidden and previously lost portions of Christian spiritual history
