Ryle, 2001-11 This book lays out the requirements and difficulties that will come with the pursuit of holiness in our Christian lives Ryle starts out with the way to achieve holiness and the difficulties that arise with pursuing a holy life and then going throughout the Bible giving true examples of the cost of holiness and the rewards it brings as the Bible promises us To often we sing and pray for such a life without being willing to undergo the necessary life changes and adjustments to get there This book lays out what we can expect in such a journey and what God will ask of each of us to get us to the point He wants us to be Sodomy Michael Carden, 2004 Study of the reception of Genesis 19 with Judges 19 21 in both Christian and Jewish traditions from antiquity to the Reformation period

**Tehiyat Ha-Metim** Harry Sysling, 1996 The study deals with all those passages in the Palestinian Targums the Aramaic translations of the Pentateuch that refer to the Resurrection of the Dead Of central interest in it is the question to what extent the targumic traditions on a future resurrection of the body or on the fate of the soul after death agree with or differ from corresponding traditions in rabbinic sources With a few exceptions the relation between targumic traditions and rabbinic sources has been neglected in targumic studies of the last decades This may have been caused by the questionable assumptions that a the Aramaic of the Palestinian Targums represents the spoken Aramaic of Palestine in the New Testament period b the Palestinian Targums contain an important number of early pre Christian traditions and c the Palestinian

Targums are popular in origin being written in the vernacular in contrast with the scholastic authoritative expositions in the learned rabbinic sources Harry Sysling first offers a survey of these and other important issues in targumic research of the past and of recent opinions on character origin and interrelationship of the Palestinian Targums In the following chapters the author makes a careful analysis of those passages in the Palestinian Targums that directly by the use of specific terminology or indirectly by the use of metaphors refer to the resurrection of the body and to the fate of the body and or soul after death
