

Lough Neagh

Dr William Burke, Dr Liam Campbell

Lough Neagh:

The Lough Neagh Monster Sam McBratney,2013-06-07 When NESSIE arrives from Scotland to visit her monster cousin NOBLETT there is bound to be trouble Noblett loves his peaceful secret garden and has little time for his troublesome cousin from Loch Ness Memories of Lough Neagh Pat Grimes,Ardboe Literary, Photographic and Historical Association,Ardboe Heritage,2012-10 No further information has been provided for this title **Lough Neagh** R.B. Wood,R.V. Smith,2013-04-18 Lough Neagh is the largest lake in the British Isles It covers an area of 383 km² being 30 km along its longest axis From pre historic times the lake and its rivers influenced the settlements of man in the role of a fishery and communication link with the interior of Ireland Ireland's first canal completed in 1787 linked the small but significant coal deposits of Tyrone to Dublin by way of the lough and later the Lagen Canal became an important commercial route to the new city of Belfast Today only sand barge transport persists but the lough supports Europe's largest eel fishery and provides commercial salmon trout and perch catches besides acting as an important centre for recreational pursuits Increasingly it has become the major water resource for Northern Ireland supplying much of the demand for the heavily populated Belfast area Biologically the lough is rich sustaining enormous invertebrate populations of for example chironomids and gammarids alongside the comparatively exotic glacial relict Mysis relicta Its bird life makes the lough an area of very special conservation interest as a Ramsar site The book describes the basic ecology of the lough with particular emphasis on both the interaction of the physical chemical and biological components and the role of ecology in resource management Extensive recent researches are set in geological geographical and historical context and together with palaeolimnological studies of the sediments are used to trace major changes in the ecology of the lough under man's influence especially in the past 100 years Lough Neagh Places Patrick McKay,Kay Muhr,2007-01-01 Lough Neagh covers an area of one hundred and forty nine square miles and is the largest lake in Britain and Ireland and the fifth largest in Europe It is approximately nineteen miles long and ten miles wide This book deals with the place names of the area and takes the form of a journey round the lough beginning and ending at the historic town of Antrim at the north eastern corner In the course of this journey a wide range of place names is encountered ranging from names of rocks and islands to names of townlands towns villages rivers parishes and native Irish territories some of which have fallen out of use but all of which provide a fascinating insight into the character of the region and its history **Explore Lough Neagh** P. J. McKeever,Geological Survey of Northern Ireland,2000 **By the Shores of Lough Neagh** Brian Cassells,2008 Where would you ever start a journey around such a vast lake often described as Ulster's Inland Sea Well for me that is obvious start at home in Derryadd a townland in the Montiaghs outside Lurgan in the South Lough Neagh wetlands the place where I was born Lough Neagh Dr William Burke,Dr Liam Campbell,2024-01-09 It is impossible for any observer to look at a map of Ireland and fail to notice the expanse of blue in the centre of Northern Ireland denoting what many have described as a

freshwater inland sea Standing on the shoreline whether it be in Ballyronan Washingbay Oxford Island or Antrim one could easily be transported to some coastal seascape but for the faint outline of the opposite shore often set in a haze by the winter drizzle or the summer heat This is Lough Neagh the largest lake in these islands It is the scale and geography that makes Lough Neagh such a unique heritage feature This cascades downwards to incorporate the natural environment archaeology historical structures and communities For millennia people have lived by the lough and earned a livelihood along its shoreline and on its waters The enigmatic beauty and effervescence of the lough has inspired poets and authors singers and songwriters Bringing together archaeologists geographers historians scientists and other experts in their field many with a strong connection to Lough Neagh this beautifully illustrated volume includes 50 essays which explore the diversity of interactions between the people of the lough and the natural cultural and built environment from the earliest times to the present day

The Industrial Archaeology of Northern Ireland William Alan McCutcheon, 1984 A major study of the growth and decline of transport and industry in Ulster this extremely detailed and comprehensive book throws new light on the infrastructure of corn grinding spade forging paper making and other industries and examines the mechanics of early road bridge and canal construction more than 850 photographs and charts are contained in this volume

Mapping the Sacred Jamie S. Scott, Paul Simpson-Housley, 2001 Interweaving the interpretative methods of religious studies literary criticism and cultural geography the essays in this volume focus on issues associated with the representation of place and space in the writing and reading of the postcolonial The collection charts the ways in which contemporary writers extend and deepen our awareness of the ambiguities of economic social and political relations implicated in sacred space the sense of spiritual significance associated with those concrete locations in which adherents of different religious traditions past and present maintain a ritual sense of the sanctity of life and its cycles Part I Land Religion and Literature after Britain explores how postcolonial writers dramatize the contested processes of colonization resistance and decolonization by which lands and landscapes may be viewed as now sacred now desacralized now resacralized Part II Sacred Landscapes and Postcoloniality across International Literatures draws upon postcolonial theory to inquire into how contemporary fiction drama and poetry represent themes of divine dispensation dispossession and reclamation in regions as diverse as Haiti Israel Bosnia Herzegovina the Arctic and the North American frontier A critical Afterword considers the implications of such multi disciplinary approaches to postcolonial literatures for present and future research in the field

Writers discussed in the essays include Russell Banks James K Baxter Ursula Bethell Erna Brodber Marcus Clarke Allen Curnow Edwidge Danticat Mak Dizdar Sara Jeannette Duncan Zee Edgell Grey Owl Haruki Murakami Seamus Heaney Peter Heg Hugh Hood Janette Turner Hospital James Houston Dany Laferriere B Koko Laing Lee Kok Liang K S Maniam Mudrooroo R K Narayan Ngugi wa Thiong'o Ben Okri Chava Pinchas Cohen Mary Prince Nancy Prince Nayantara Sahgal Ken Saro Wiwa Ibrahim Tahir Amos Tutuola W D Valgardson Derek Walcott and Rudy Wiebe Maps accompany almost every essay **The Transactions of the Royal Irish Academy** ,1904 The Geological Magazine Or Monthly Journal of Geology ,1879
