Postregional Fictions Clare Chadd, 2021-07-07 Drawing from recent debates about the validity of regional studies and skepticism surrounding the efficacy of the concept of authenticity Clare Chadd's *Postregional Fictions* focuses on questions of southern regional authenticity in fiction published by Barry Hannah from 1972 to 2001 The first monograph on the Mississippi author's work to appear since his death this study considers the ways in which Hannah's novels and short stories challenge established conceptual understandings of the U S South Hannah's writing often features elements of metafiction through which the putative sense of southernness his stories dramatize is complicated by an intense self reflexivity about the extent to which a sense of place has never been foundational or essential but has always been constructed and performed Such texts locate a productive terrain between the local and the global with particular relevance for critical apprehensions of the post South and postsouthern literature Offering sustained close readings of selected stories and focusing especially on Hannah's late work Chadd argues that his fiction reveals the region constantly shifting in a process of mythmaking dialogue and performance In turn she uses Hannah's work to suggest how notions of the South and southernness might survive the various deconstructive approaches leveled against them in recent decades of southern studies scholarship Rather than seeing an impasse between the regional and the global Chadd's reading of Hannah shows the two existing and flourishing in tandem In *Postregional Fictions* Chadd offers a new interpretation of Hannah based on an appreciation of the vital intersection of southern and postmodern elements in his work

French Louisiana Music and Its Patrons Patricia

Peknik, 2018-09-10 French Louisiana music emerged from the bayous and prairies of Southwest Louisiana in the late nineteenth and early twentieth centuries. Pioneered by impoverished Acadian and Afro Caribbean settlers, the sound is marked by a high pitched fiddle playing loud and fast above the bellow of a diatonic accordion. With lyrics about disaster and heartache sung cheerfully in a French dialect, the effect is dissonant and haunting. French Louisiana music was largely ignored in mainstream music culture except by a handful of collectors, scholars and commercial promoters who sought to popularize it. From the first recordings in the 1920s to the transformation of the genre by the 1970s, the spread of this regional sound was driven by local, national and international elites who saw the music's traditions and performers in the context of larger social, political and cultural developments including the folk revival and the civil rights and ethnic revival movements. Patricia Peknik illuminates how the music's history and meaning were interpreted by a variety of actors who brought the genre onto a national and global stage, revealing the many interests at work in the popularization of a regional music.

To Find My Own Peace

BOOK JACKET **Empire, Technology and Seapower** Howard J. Fuller, 2014-01-03

This book examines British naval diplomacy from the end of the Crimean War to the American Civil War, showing how the mid-Victorian Royal Navy suffered serious challenges during the period. Many recent works have attempted to depict the mid-Victorian Royal Navy as all-powerful, innovative and even self-assured. In contrast, this work argues that it suffered serious challenges in the form of expanding imperial commitments, national security concerns, precarious diplomatic relations with European Powers and the United States, and technological advancements associated with the armoured warship at the height of the so-called Pax Britannica. Utilising a wealth of international archival sources, this volume explores the introduction of the monitor form of ironclad during the American Civil War, which deliberately forfeited long-range power projection for local coastal command of the sea. It looks at the ways in which the Royal Navy responded to this new technology and uses a wealth of international primary and secondary sources to ascertain how decision-making at Whitehall affected that at Westminster. The result is a better balanced understanding of Palmerstonian diplomacy from the end of the Crimean War to the American Civil War, the early evolution of the modern capital ship, including the catastrophic loss of the experimental sail and turret ironclad *HMS Captain*, naval power projection and the nature of empire, technology and seapower. This book will be of great interest to all students of the Royal Navy and of maritime and strategic studies in general.

The Columbia Guide to Contemporary African American Fiction Darryl Dickson-Carr, 2005-12-06 In both the literal and metaphorical senses it seemed as if 1970s America was running out of gas The decade not only witnessed long lines at gas stations but a citizenry that had grown weary and disillusioned High unemployment runaway inflation and the energy crisis caused in part by U.S. dependence on Arab oil characterized an increasingly bleak economic situation As Edward D. Berkowitz demonstrates the end of the postwar economic boom Watergate and defeat in Vietnam led to an unraveling of the national consensus During the decade ideas about the United States how it should be governed and how its economy should be managed changed dramatically Berkowitz argues that the postwar faith in sweeping social programs and a global U.S. mission was replaced by a more skeptical attitude about government's ability to positively affect society From Woody Allen to Watergate from the decline of the steel industry to the rise of Bill Gates and from Saturday Night Fever to the Sunday morning fervor of evangelical preachers Berkowitz captures the history tone and spirit of the seventies He explores the decade's major political events and movements including the rise and fall of détente congressional reform changes in healthcare policies and the hostage crisis in Iran The seventies also gave birth to several social movements and the rights revolution in which women gays and lesbians and people with disabilities all successfully fought for greater legal and social recognition At the same time reaction to these social movements as well as the issue of abortion introduced a new facet into American political life the rise of powerful politically

conservative religious organizations and activists Berkowitz also considers important shifts in American popular culture recounting the creative renaissance in American film as well as the birth of the Hollywood blockbuster He discusses how television programs such as All in the Family and Charlie's Angels offered Americans both a reflection of and an escape from the problems gripping the country

Man Up Morna Ramday, 2015-10-05 Much has been written regarding the New Woman in the fin de siècle and the changes women's groups fought so hard to achieve However the social and gender changes demanded by women as the nineteenth century drew to a close necessitated a corresponding change in traditional masculinities Redefinition of the male role was not easily negotiated in an era of rampant patriarchy and Victorian supremacy the distinct boundaries between male and female social space made this increasingly problematic for both genders Some Victorian men who had seen the public sphere as exclusively theirs felt both their masculinity and male privilege threatened and were confused by women's challenges and their attempted encroachment into what had previously been perceived as solely male domains While many female authors explored possibilities for the New Woman figure as the fin de siècle approached male authors began to consider how masculinities might respond to changing gender dynamics Authors such as Sir Arthur Conan Doyle and Bram Stoker amongst others addressed ways in which their male characters could negotiate a quandary of masculinities under threat by alterations to conventional gender spheres while remaining manly in situations which required a rethinking of many of their basic tenets during this time of flux This book examines the opinions of women within both the dominant and reverse discourses and parallels them with ideas surrounding changes in masculinities that began to emerge in male authored texts As such it details an often vociferous negotiation of volatile issues which led to a major upheaval of gender roles in the approach to a new century that demanded changes which were difficult to achieve

Quixotic Authority Jodi L. Wyett, 2026-01-13 Quixotic Authority reveals how deeply absorbed reading was

inextricable from and essential to British women's professional writing and cultural commentary from the mid eighteenth to the mid nineteenth century The trope of quixotism what we might today call fangirling had distinctly gendered implications as the female quixote was almost exclusively associated with uncritical overly absorptive novel reading and often portrayed as a self centered deluded ill educated home wrecker who must be reformed or punished But what do we make of the fact that women wrote most of the depictions of female quixotes in novels of this period Jodi Wyett shows that authors such as Charlotte Lennox and Jane Austen wrote quixote narratives to assert their own professional cachet as well as validate the passion and intelligence of women novel readers Harnessing the power of the genre they debunked proscriptive contemporary discourse denigrating both women and the novel This book redefines the female quixote as a fierce fangirl both modeled in fiction and embodied by her creators **American Book Publishing Record**, 1999 *Encyclopedia of Feminist Literature* Mary Ellen Snodgrass, 2014-05-14 An accessible one volume encyclopedia this addition to the Literary Movements series is a comprehensive reference guide to the history and development of feminist literature from early fairy tales to works by great women writers of today Hundred **The 106th Cavalry's Story** William H. Dreese, 2015-09-16 Old Dorm which served as the first classroom and dormitory of the Gettysburg Lutheran Theological Seminary is a familiar tourist site Union Cavalry General John Buford directed the opening stages of the battle of Gettysburg from the building's distinctive cupola and some of the bloodiest fighting of the three day conflict took place on Seminary Ridge However few visitors realize the building's important role as the second largest hospital at Gettysburg both during and after the battle During the peak occupancy 600 700 wounded soldiers from both armies were cared for at this site This work presents the history of the Gettysburg Seminary

during the Civil War and the important cast of characters that have passed through its halls by utilizing the firsthand accounts of soldiers civilians surgeons and relief agency personnel Also included is the prewar and postwar history of the Seminary as well as information about President Samuel S Schmucker and the abolition movement **Count d'Esterhazy and the Esterhaz-Kaposvar Hungarian Colony in Western Canada** Joseph G. Nagy,2024-09-03 Throughout the late 1800s waves of immigrants came over from Europe to North America their arrival serving a dual purpose On the one hand the immigrants were seeking a better life for themselves and their families On the other hand the Canadian federal provincial and territorial governments were seeking to populate their territory in a bid to maintain sovereignty over the land and to develop it for agriculture Among these immigrants were the Hungarian and Western Slavic settlers who founded the Esterhaz Colony which later became known as the Kaposvar and Kolin districts in southeastern Saskatchewan A key figure in the founding of this colony was the enigmatic Count Paul O d Esterhazy a k a Janos Baptiste Packh As an immigration agent for the Canadian and American governments he worked tirelessly not only to promote immigration to the Kaposvar and Kolin districts but also to improve the lives of the immigrants who settled there Although d Esterhazy was not without his detractors this book takes pains to emphasize the sincerity of his vision of a Little Hungary on the Canadian Prairies and the many challenges that he and other proponents of the colony faced as they sought to see that vision fulfilled Meticulously researched and documented this book offers a treasure trove of insight into not only the Esterhaz colony and surrounding area but also the myriad and often conflicting forces involved in the founding of Canada as a nation Fuzzy Sets and Their Extensions: Representation, Aggregation and Models Humberto Bustince,Francisco Herrera,Javier Montero,2007-10-30 This carefully edited book presents an up to date state of current research in the use of fuzzy sets and their extensions It pays particular attention to foundation issues and to their application to four important areas where fuzzy sets are seen to be an important tool for modeling and solving problems The book s 34 chapters deal with the subject with clarity and effectiveness They include four review papers introducing some non standard representations
