Love And Other Passions:

Of Love and Other Passions Guiomar Dueñas-Vargas, 2015-06-01 In *Of Love and Other Passions* Guiomar Dueñas-Vargas delves into the world of emotions among the bourgeois elite in Bogotá from the end of the colonial period to 1870. While most studies of the period focus solely on the country's political activity, Dueñas-Vargas shows how Colombia's social, cultural, and political changes transformed the meaning of love, which contributed to the evolution of new models of femininity and masculinity. By examining sources such as personal letters and diaries, Dueñas-Vargas presents the emotional profiles of families and couples, demonstrating how their conduct challenged the established order. As lovers insisted on choosing their own mates rather than marrying spouses selected by their parents, they undermined the patriarchal structure of Colombian society. Such decisions unveil the many functions women assumed in both public and private life and how they participated in the invention of a nation.

Love, Hatred, and Other Passions Paolo Santangelo, Donatella Guida, 2006-12-01 This volume aims at starting a debate on the function, role, and relevance of states of mind in Chinese history and civilization. It focuses on an anthropological aspect of human experience: the affective world as it is represented and evaluated in the various sources. A number of well-known specialists, ranging from the philosophical basic concepts to some fundamental questions about terminology, analyze literary, historical, and judicial materials. This collection of essays presents different opinions, experiences, and perspectives on the understanding of emotional and mental states in Chinese civilization, as well as about the difficulties met on the topic. A fascinating and useful reading for all those who are interested in humanities and in the history of mentality.

The Passions of the Soul and Other Late Philosophical Writings René Descartes, 2015-11-12 Those most capable of being moved by passion are those capable of tasting the most sweetness in this life. Descartes is most often thought of as introducing a total separation of mind and body. But he also acknowledged the intimate union between them, and in his later writings he concentrated on understanding this aspect of human nature. *The Passions of the Soul* is his greatest contribution to this debate. It contains a profound discussion of the workings of the emotions and of their place in human life, a subject that increasingly engages the interest of philosophers and intellectual and cultural historians. It also sets out a view of ethics that has been seen as a radical reorientation of moral philosophy. This volume also includes both sides of the correspondence with Princess Elisabeth of Bohemia, one of Descartes's keenest disciples and shrewdest critics, which played a crucial role in the genesis of *The Passions*, as well as the first part of *The Principles of Philosophy*, which sets out the key positions of Descartes's philosophical system.

In Cupid's Chains and Other Poems. Thoughts about Love and Other Thoughts. Spiritual Evolution Benjamin Franklin Woodcox,1912 **Love and Lies** Clancy Martin,2015-02-03 A provocative and unsettling look at the nature of love and deception Is it possible to love well without lying At least since Socrates s discourse on love in Plato s *Symposium* philosophers have argued that love can lead us to the truth about ourselves and the ones we love But in the practical experience of erotic love and perhaps especially in marriage we find that love and lies often work hand in hand and that it may be difficult to sustain long term romantic love without deception both of oneself and of others Drawing on contemporary philosophy psychoanalysis and cognitive neuroscience his own personal experience and such famed and diverse writers on love as Shakespeare Stendhal Proust Adrienne Rich and Raymond Carver Clancy Martin himself divorced twice and married three times explores how love truthfulness and deception work together in contemporary life and society He concludes that learning how to love and loving well inevitably requires lying but also argues that the best love relationships draw us slowly and with difficulty toward honesty and trust *Love and Lies* is a relentlessly honest book about the difficulty of love which is certain to both provoke and entertain

Human Nature, and Other Sermons Joseph Butler,2019-12-04 In *Human Nature and Other Sermons* Joseph

Butler articulates a compelling exploration of human morality and ethics through a series of sermons that blend theological insight with philosophical rigor. Written in the 18th century, Butler's work combines the clarity of Enlightenment thought with a profound commitment to the Christian faith, examining the essence of human nature and its implications for moral action. His literary style is marked by an elegant use of language, persuasion, and a systematic approach to ethics that invites readers to reflect deeply on the principles guiding human conduct.

Joseph Butler, an Anglican bishop and moral philosopher, drew upon his deep theological roots and academic background at Oriel College, Oxford, to pen this influential work. His unique perspective is informed by his experiences in the ecclesiastical landscape of England, grappling with contemporary philosophical debates and the challenges posed by deism and skepticism. Butler's commitment to understanding humanity in relation to the divine motivated his exploration of the principles of conscience and reason. This book stands as a vital contribution to the discourse on human nature and morality, making it essential reading for those interested in ethical philosophy, theology, and the interplay of religion and reason. Butler's insights will resonate with scholars and general readers alike, providing timeless wisdom on the complexities of human motivations and the moral frameworks that shape our lives.

Cyclopaedia: Or, An Universal Dictionary of Arts and Sciences Ephraim Chambers, 1786 *On Solov'yev's View of Love and its Affinities with Proclus and Maximus the Confessor* Paraskevi Zacharia, 2025-09-20

This dissertation explores the concept of love in the work of Russian philosopher Vladimir Solov'yev (1853-1900) with a focus on two of his writings: *La Sophia* (1875-1876) and *Smysl lyubvi* (The

Meaning of Love 1892 1894 The author analyzes how the concept of Sophia wisdom as a feminine divine force and the idea of All Unity a universal all encompassing unity converge in Solov y v s deeper philosophical theological vision of love The study connects Solov y v s ideas to those of the Neoplatonist Proclus and the Christian Church Father Maximus the Confessor The central research questions are what is the relationship between love and Sophia in Solov y v s thought and which Neoplatonic and Patristic elements influenced his conception of love The author argues that The Meaning of Love does not explicitly mention the name Sophia but implicitly describes a Sophianic reality in which love fulfills a theurgical function This reality has three dimensions philosophical religious mystical and social Through comparisons with Proclus and Maximus the author shows how Solov y v develops a unique integrative vision in which love leads to the unification of the individual humanity and the divine This research offers an original approach to Solov y v s thought with particular attention to mystical experience metaphysical love and the striving for wholeness It fills a gap in the existing literature by systematically exploring the connection between love Sophia and the influence of Proclus and Maximus Paraskevi Zacharia 1983 studied Classical Languages in Athens and later Russian She obtained her PhD at Radboud University with a dissertation on Solov y v s philosophy of love She has published on theology mysticism and Neoplatonism taught students and presented internationally She is an active member of various academic networks and received several fellowships including OIKOS the International Society for Neoplatonic Studies the International Orthodox Theological Association and the Mystical Theology Network
