Love by Degree Debbie Macomber, 1987 Love By Degree by Debbie Macomber released on Mar 25 1987 is available now for purchase

Learning to Love Debbie Macomber, 2011-11-22 Sugar and Spice Librarian Jayne Gilbert needs a man a man she can bring to her high school reunion She wants to prove to her former classmates that she isn't the lonely bookworm they predicted she'd become So naturally Jayne turns to a book It's called How to Pick Up a Man And it works even if she attracts the attention of good looking Riley Chambers only because she's carrying that book not because she followed its advice Love by Degree Going back to college hitting the books That's Ellen Cunningham's new life But money's a little tight and she's lucky enough to find inexpensive lodging in a house with three young college boys Ellen plays housemother a situation that works for everyone except Reed Morgan the absentee owner He's not pleased to find his house occupied by a bunch of college kids and Ellen Especially Ellen

Dao Theory The Ultimate Theory Based on the Universe Origin Xiao Ran Huang, 2024-10-12 Dao theory is an all inclusive ultimate theory established by ancient Chinese thinkers according to the Origin of the universe It is used to explain all the basic phenomena in the universe to guide people's thought and behavior to guide the establishment of a just and perfect society and so on It can be proved through Dao theory that the Origin of the universe is a spiritual body in a zero state which is the most perfect The universe comes from the Origin of the universe The theory established according to the Origin is bound to be all inclusive and can explain the most important phenomena in the universe life and consciousness Because the Origin is the most perfect the theory established according to the Origin will inevitably be able to guide mankind to build a perfect society There are two versions the physical version and the popular version The popular version contains spiritual physics that explains consciousness and soul omitting general physics The physical version has the results of the author's research on general physics suitable for researchers teachers and readers who are interested in physics The cover of physical version is blue and the cover of the popular version is yellow This book is the physical version

Love's Enlightenment Ryan Patrick Hanley, 2017-03-30 A number of prominent moral philosophers and political theorists have recently called for a recovery of love But what do we mean when we speak of love today Love's Enlightenment examines four key conceptions of other directedness that transformed the meaning of love and helped to shape the way we understand love today Hume's theory of humanity Rousseau's theory of pity Smith's theory of sympathy and Kant's theory of love It argues that these four Enlightenment theories are united by a shared effort to develop a moral psychology that can provide both justificatory and motivational grounds for concern for others in the absence of recourse to theological or transcendental categories In this sense each theory represents an effort to redefine the love of others that used to be known as caritas or agape a redefinition that came with benefits and costs that have yet to be fully appreciated

The Quest for God William Switala, 2020-11-10 The Quest for God is a study of the explosion of interest in newer approaches to spirituality that took place in the west among Christians Jew and Muslims in the twelfth century The book explores the

historic internal and external forces that influenced members of the three major faith groups who were looking for new ways to approach their personal relationship with God It contains a detailed explanation of the new attitudes and religious practices that emerged among the three groups during that century This includes special emphasis placed on the mysticism of Christian monks and nuns the Kabbalah of the Jews and the tenets of Sufism in Islam It also paints a clear picture of the role played by the leading figures both male and female who pioneered this effort A unique feature of the book is the linkage of similar imagery biblical references mystical attitudes and actual religious practices utilized by all three faith systems to achieve a newer more mystical approach to spirituality The fundamental development of spiritual approaches initiated by these three faiths laid the foundation for many of the spiritual practices we have today Each of the three faiths is covered in a separate section Preceding the discussion of the spiritual elements of each is a chapter dealing with the historical setting in which that faith operated A final chapter summarizes the entire work and shows the common characteristics that each group had and links them together

Celebrating the Saints Robert Atwell, 2017-02-17 For every major feast saint's day and commemoration in the calendars of the Anglican churches in the UK this liturgical resource and spiritual companion offers a feast of readings that reflects the richness depth and variety of the Christian tradition *Dissertations on the Regenerate Life and Subjects Connected Therewith* James Arbouin, 1859 **The Saints Everlasting Rest, Etc** Richard Baxter, 1797 **Holiness** Matt Ayars, Christopher T. Bounds, Caleb T. Friedeman, 2023-10-17 The command to be holy is one of Christian life's most challenging and misunderstood commands Three scholars from the Wesleyan tradition constructively argue for a neo holiness that encourages the pursuit of Christian perfection while incorporating historic understandings of grace and the work of the Holy Spirit Embracing Contemplation John H. Coe, Kyle C. Strobel, 2019-02-26 What does a Christian life lived by the Spirit look like Bringing together Protestant scholars and practitioners of spiritual formation this volume offers a distinctly evangelical consideration of the benefits of contemplation Drawing on historical examples from the church including John Calvin Richard Baxter Jonathan Edwards and John Wesley this book considers how contemplative prayer can shape Christian living today
