This book is the story of my life with Svante Wold Svante was a brilliant Swedish scientist who started the field of Chemometrics how to extract information from large datasets We met at a conference in New Hampshire when Chemometrics was in its infancy and fell madly in love Everything separated us We lived in different countries were from differing cultures had established careers and were in long term relationships But love and destiny won We got married lived together worked together and were never apart We founded a company and succeeded in growing and expanding the field of Chemometrics to what it is today a forever young discipline showing the capacity to adapt and solve new challenges in the Natural and Life Sciences Simca the software we started has become the standard of Multivariate Analysis Above all this book is a love story and a tribute to a wonderful and unique man **Rick Owens: Temple of Love** Rick Owens, Miren

Arzalluz, Alexandre Samson, 2025-07-08 With his provocative and subversive approach to design Rick Owens has been a transformative force in fashion since he founded his label in 1994 This essential volume is the first critical appraisal of Owens's work documenting the evolution of nearly three decades of the designer's inimitable worldview Owens remains one of the most daring and influential fashion designers working today Often described for his grunge meets glamor aesthetic Owens has cultivated a devoted international following In his creations grace and grit are paired with an obsession with structural

transformation and movement where diaphanous flowing shapes contrast with opaque forms and sharp edges an approach to formal invention that is complemented by a mania for new and often exotic materials Timed to coincide with the first comprehensive show of the designer's work taking place at the Palais Galliera in Paris in summer 2025 the scope and breadth of this exhibition promises to be a treat to both longtime fans and the uninitiated Owens will reimagine the grand nineteenth century palace housing the museum with temporary installations that will serve as vitrines to his many creations In effect dividing the book between the conception of showcases and the precious objects that they display within the curatorial essays bookending this visual narrative will attempt to describe the multidisciplinary even architectural approach Owens has to his creations
