On: 100 Most Popular Male Actors in Hindi Cinema Wikipedia contributors, **Fitzgerald and Hemingway on Film** Candace Ursula Grissom, 2014-04-02 A comprehensive guide to all major film adaptations based on the novels of F Scott Fitzgerald and Ernest Hemingway this is essential for scholars of American modernism and film studies The author takes the approach that all visual and printed literature is born from a cycle of celebrity culture in which authors continually create new works and reconstruct their personal images based on audience reception The text includes two dozen reviews of individual films from the silent era to present day hits such as Baz Luhrman s *The Great Gatsby* as well as critical commentary from leading scholars of both modernist literature and film studies *The Complete Films of Laurence Olivier* Jerry Vermilye, 1992 Laurence Olivier portrayed characters that were as diverse as they were memorable From Hamlet to Heathcliff from a Nazi dentist in *Marathon Man* to a cunning mystery writer in *Sleuth* his roles made him one of the most highly acclaimed actors of all time This book celebrates his career including casts credits synopses and production notes from every movie in which he appeared Photographs illustrate the text with rare candid photos borrowed from Olivier collectors

Ernst Lubitsch's The Student Prince in Old Heidelberg John W. Fawell, 2018-06-20 This book takes a close look at a film that has heretofore been significantly undervalued by film scholars Ernst Lubitsch s *The Student Prince in Old Heidelberg* In so doing it not only advocates for the elevation of the film within the canon of Lubitsch s films but also for an appreciation of the certain kind of filmmaking that it represents one favored in the classical era of Hollywood which is characterized by aesthetics meticulous structure and delicate understatement over explicit content or social relevance This book argues that *The Student Prince in Old Heidelberg* has perhaps been neglected because of the tendency in contemporary film criticism to devalue films that are not overtly serious in their subject matter *The Student Prince in Old Heidelberg* represents a master class in classical Hollywood technique a kind of filmmaking that is characterized by charm beauty and elegant form and which chooses not to express its ideas explicitly but to encase them in the substance structure and very experience of the film

Authoring Hal Ashby Aaron Hunter, 2018-02-22 Casting fresh light on New Hollywood one of American cinema s most fertile eras Authoring Hal Ashby is the first sustained argument that rather than a period dominated by genius auteurs New Hollywood was an era of intense collaboration producing films of multiple authorship Centering its discussion on the films and filmmaking practice of director Hal Ashby Harold and Maude Shampoo Being There Hunter s work demonstrates how the auteur paradigm has served not only to diminish several key films and filmmakers of the era but also to underestimate and undervalue the key contributions to the era s films of cinematographers editors writers and other creative crew members Placing Ashby s films and career within the historical context of his era to show how he actively resisted the auteur label the author demonstrates how this resistance led to Ashby s marginalization by film executives of his time and within subsequent film scholarship Through rigorous analysis of several films Hunter moves on to demonstrate Ashby s own signature authorial contributions to his films and provides thorough and convincing demonstrations of the authorial contributions made by several of Ashby s key collaborators Building on emerging scholarship on multiple authorship Authoring Hal Ashby lays out a creative new approach to understanding one of Hollywood cinema s most exciting eras and one of its most vital filmmakers
