Judgments of Love in Criminal Justice Farhad Malekian, 2017-03-31 This volume is a new chapter in the future history of law Its general perspective could not be more original and its critical ethical edge on the state of international law could not be timelier It explores a compassionate philosophical approach to the genuine substance of law criminal procedure international criminal law and international criminal justice It divides law into three interrelated disciplines i.e. legality morality and love The norm love is derived from human reason for man's advancement and the securing of natural law It is more than a mere mandatory norm Its goal is to generate a normative and positive powerful result therefore avoiding any impurity that may exist in the application of other norms because of political or juridical pressures a one-eyed justice The norm love also renders justice with the principles of legal accountability transparency and the high moral authentic values of humanity The notion of justice cannot be trusted in the absence of the norm love The volume indicates the conditions of its efficiency by proving the reasons for its existence in the context of fairness objectivity and concern for all individuals and

entities The concept of the norm love should be the core academic corpus for lecturing law in all faculties of law It is simply the enlightenment of the 21st century A lawyer with requisite knowledge and skill is not a lawyer if he cannot understand that the law does not need a lawyer with ethical competence in its provisions for income purposes but one with knowledge of its essence for the advanced morality of justice and the sheer essence of love for justice **Rhythms of Love -**

Love Beyond Time Mehmet Tanberk,2013-07-10 Long before the universe is created there is no concept of time or place In this ocean of absolute wisdom and existence the Lord contemplates creating a planet where humans will not only know him but also be respected and loved by the angels As the creation unfolds one of the angels is so enchanted by the process that he desires to be a part of human evolution It is not long before the Great Angel is born in ancient Nubia to a mother who makes the ultimate sacrifice As he takes his first breath his mother dies but not before she makes his brother Kumma promise to look after the baby who is named Semneh Fifteen years later Semneh and Kumma have grown into men After Kumma saves the life of an Egyptian prince he and his brother are taken to the prince's palace where they begin a new life Kumma joins the Egyptian army and Semneh becomes an artist But when both brothers fall in love with a beautiful princess their lives change forever Semneh commits an act that he will carry with him for the rest of this life and beyond In this visionary tale ancient Egypt and Anatolian civilizations collide as a soul is reincarnated through multiple lifetimes in the quest for salvation *The Allegory of Love in the Early Renaissance* James Calum O'Neill,2023-07-31
