 Love's Essential Operations in Hepatobiliary and Pancreatic Surgery Ashley Dennison,Guy Maddern,Jia Fan,2024-11-15

Bailey Love's Essential Operations in Hepatobiliary and Pancreatic Surgery provides step by step explanations of both the core operations and more complex procedures. Written by acknowledged experts and trainers from around the world and with abundant diagrams and figures to explain the operative steps, this new resource will enable hepatobiliary and pancreatic surgeons to increase their skills in this demanding and technically challenging field. Over 70 easy to read chapters cover the entire range of HPB surgery. Essential management principles and technical points are included. Preferred operative techniques are described and alternative options discussed. The practice of HPB surgery requires familiarity and expertise with a wide range of technologies and these are described and integrated within the text. The text is enhanced by clear colour images ensuring that best practice in HPB surgery is made clear and accessible for a global audience. As surgical trainees around the world continue to be faced with the reduction in training time, surgical skills need to be increasingly codified so that trainees can reach a high level of proficiency as quickly as possible. This manual ensures that surgeons will be able to access the core information that they need quickly and with ease and in the process increase their clinical judgement, their experience and their technical skills.

The Love Commandment in Mark George Keerankeri, 2003. This research work investigates the problem whether the texts of the love commandment of Mk 12:28-34 which are quotations of Deut 6:4-5 and Lev 19:18 have their original OT meaning in the gospel of Mark or whether they acquire besides this a specific Markan enrichment. The study not only affirms such a specificity but also demonstrates its richness and depth. It establishes that the distinctiveness of the Markan conception of the love commandment is closely linked to the person of Jesus and is expressed in a multiplicity of data both formal and thematic which can be discovered in an integral reading of the gospel. The methodology employed is modern redaction criticism which differs from classical redaction criticism in that it is synchronic and takes the text as it stands as a coherent and wholistic document to be understood in terms of itself and thus studies it in an integral reading. The investigation has two parts involving four chapters and a general conclusion. Part I comprising Ch I and Ch II dwells on the OT meaning and context of the texts of the love commandment and provides a lucid account of them which serves as the basis for its study in the gospel. Part II researches the commandment in Mk in two chapters. Of these Ch III represents the gospel's theoretical interpretation of the commandment and Ch IV Jesus' fulfillment of it in the Passion, his instruction by example. Together they complete Mark's total interpretation of the love commandment. Following this the general conclusion sees the Markan specificities in a unifying theological vision defined by the gospel's Christology and closes by drawing its consequences. George Keerankeri was born on 10 December 1944 at Kothanalloor in Kerala, India. He entered the Society of Jesus in 1962 and was ordained a priest in 1974. He holds an M.A. in Social Cultural Anthropology and completed his Licentiate in Sacred Scripture (LSS) at the Pontifical Biblical Institute, Rome, in 1979. Ever since he is a lecturer of the New Testament at Vidyajyoti College of Theology, the Jesuit Faculty of Theology in Delhi, India.
