Love Law And Christian Life Basic Attitudes Of Christian Morality:

Love, Law and Christian Life Vincent MacNamara, 1988 *Happiness and the Christian Moral Life* Paul J. Wadell, 2012-02-16 Happiness and the Christian Moral Life introduces students to Christian Ethics looking at ethics as a path to the good life and happiness rather than a strict set of rules or regulations Revised and updated throughout the second edition maintains the book's distinctive focus on happiness Each chapter now features a list of suggested readings to point students and instructors towards further resources Other changes to the second edition include a more fully developed account of Augustine's understanding of happiness new discussions of how technology shapes relationships and happiness and consideration of the relationship between the natural law and the virtues **Catholic Moral Theology and Social Ethics** Christina Astorga, 2013-12-01 Proposing a new method for moral theology Christina Astorga seeks to recast our understanding of the discipline by drawing from the faith vision of the entire theological enterprise including scripture dogmatic theology social ethics and spirituality Ethics Padilla, 1993 **Conscience and Catholicism** Robert J. Smith, 1998 The understanding and use of conscience in Roman Catholicism has undergone evaluation within the broader efforts of the renewal of moral theology called for by Vatican II A review of the literature reveals that among contemporary Catholic moral theologians there are differences in the way conscience is understood and employed These differences are reflected in the distinct perspectives of D Ethics for the Health-care Professions'99 Edition , *Restoration & Renewal* Joseph F. George, 1998-03-01 Germain Grisez has been a leading voice in moral philosophy and theology since the Second Vatican Council In this book such major thinkers as John Finnis Ralph McInerny and William E May consider issues in ethics metaphysics and politics that have been central to Grisez's work Grisez's

reconsideration of the philosophical foundations of Christian moral teaching seeking to eliminate both legalistic interpretation and theological dissent has won the support of a number of leading Catholic moralists In the past decade moreover many philosophers outside of Catholicism have weighed carefully Grisez's alternatives to theories that have long dominated secular moral philosophy This book presents a broad spectrum of viewpoints on subjects ranging from contraception to capital punishment and considers such controversies as the scriptural basis of Grisez's work his interpretations of Aquinas and his new natural law theory The collection includes not only contributions from Grisez's supporters but also from critics of his thought from proportionalist Edward Collins Vacek SJ to the neo Thomist Ralph McInerney A reply by Grisez written with Joseph M Boyle Jr addresses the issues and viewpoints expressed while an afterword by Russell Shaw reviews Grisez's pioneering work and conveys a vivid sense of the philosopher's personality As Grisez's influence grows this volume will serve as an important touchstone on his contributions to moral and political philosophy and theology

Teaching with Authority Richard R. Gaillardetz, 1997 This book faithfully represents the teaching of Roman Catholicism on the Church's doctrinal authority while pointing to areas where there remains a gap between an ecclesiological vision of the Church informed by Vatican II and the popular understanding and concrete exercise of that authority in the life of the Church today

Agape Gene H. Outka, 1977-09-10 This study is the most comprehensive account to date of modern treatments of the love commandment Gene Outka examines the literature on agape from Nygren's *Agape and Eros* in 1930 Both Roman Catholic and Protestant writings are considered including those of D Arcy Niebuhr Ramsey Tillich and above all Karl Barth The first seven chapters focus on the principal treatments in the theological literature as they relate to major topics in ethical theory The last chapter explores further the basic normative content of agape and discusses some of the most characteristic problems The book is in my judgment the best recent work in religious ethics Outka brings together analytic moral philosophy and theological ethics providing a masterly survey of views and issues arising in the past forty years I can think of few books of interest to scholars in both philosophy and theology but Outka's is one Unlike some scholars who are at home in continental theology Outka is also at home in secular analytic philosophy he brings them together in a mutually illuminating way

Donald Evans Outka has mastered this vast literature on love and has brought a critical and clarifying analysis to bear upon it This is a most important book on a most important subject and brings the whole discussion into a new phase

John Macquarrie The first thing to be said about Outka's book quite simply is that it is excellent in fact it is probably the very best available book about contemporary Christian ethical theory

Vision and Values Judith A. Dwyer, 1999-08-27 A concise introduction to Christian ethics this book surveys the moral values of the Catholic tradition and applies them to contemporary issues Prominent authors address such topics as scriptural sources reverence for human life sexuality and intimacy family responsibilities the concept of peace in the modern world economics and Catholic higher education Vision and Values is both an overview of the major perspectives which inform moral decisions and a guide to how these principles interrelate It can help readers determine how to make complex moral judgments in a Christian context as it demonstrates the vitality of the Catholic theological tradition

The Churchman, 1914 **Christian Ethics and Moral Values** Albert D'Souza, 2005 **Morality, Metaphysics, and Chinese Culture** Vincent Shen, Van Doan Tran, 1992 **Light in the Darkness - God with Us** Semyon Ludwigovich Frank, Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com/2023/01/book-inventory-vladimir-djambov-talmach.html> then this statement is particularly applicable to thoughts about Christianity Something absolutely new could only be false here everything true has already been felt understood and expressed by someone over many centuries of the Christian era But restating these old truths does not mean falling into the platitude of discovering America Everything experienced and perceived insofar as it is possible to express it somewhat accurately no matter how old and well known it may be is in some sense renewed reveals itself from some new side Bearing the imprint of living personal experience it thereby reflects the uniqueness of a given era a given spiritual situation and in the end becomes as new and unique as any specific human experience is new and unique And on the other hand without this connection with living experience i.e. recognized only as a traditional inherited teaching the content of faith fades and loses its living meaning

Christian Theology and Medical Ethics James B. particular approaches to moral reasoning and their considered responses to selected medico moral issues The final chapter reflects some of the author s own critical responses in dialogue with the study s four subjects and offers general suggestions about the moral perspective afforded by Christian theology This volume should be of interest both to those seeking a fuller understanding of contemporary discussions in bioethics and to those studying Christian ethics in the modern era
