Love Of Tiger Flower A Tale By Robert Vavra Around Paintings By Fleur Cowles:

The Publishers Weekly ,1980 **American Bookseller** ,1984 *The New Yorker* Harold Wallace Ross,William Shawn,Tina Brown,David Remnick,Katharine Sergeant Angell White,Rea Irvin,Roger Angell,1977 American Book Publishing Record ,1982-04 Teach the Children Meditation Saly L. Harper,2003-03-31 Many people dream of a world filled with peace and kindness I believe that a key that will unlock the door to that dream is teaching children ours and others to meditate Wouldn't it be wonderful to see children not in any particular religious or cultural setting meditating just to be peaceful What a gift it would be to our children ourselves and our communities to open this magic door of the inner self to our children Some religions and spiritual communities in this country teach meditation as a way to know God and ourselves Yet the children are not taught to meditate at least not in any systematic way Yoga or TM Transcendental Meditation are two exceptions In the following chapters you will find a planned design to entice a child to open the magic door of self through the practice of meditation This book is like a series of lesson plans designed to teach meditation to individuals and groups of children of all ages These instructions can be used by parents teachers and caregivers even if they have never meditated There are many types and styles of meditations discussed in this book You may find you want to use others with which you are more familiar If you choose to vary or add to the methods presented be willing to take the time to use a framework and follow the steps leading through the process The plans described here will make it easier for you to create a successful routine for developing an effective meditation process with children and teens You may ask Why do I need to teach meditation or need a plan to follow If you have meditated on a regular schedule from before your child's birth and not let the birth interfere with that meditation schedule and if your child has watched you do so and if that child has joined you from time to time by imitation or invitation or both and if you've encouraged the child with discussion and invitation to join you then you don't need a plan Your life style is the plan People from some eastern cultures grow up in this type of environment Their lifestyle and culture support the meditation process In these countries adults often meditate regularly and children observe and imitate this practice Few people in western cultures experience that kind of example However with a bit of patience preparation and a willingness to accept meditation as a daily priority we can enjoy this practice and the accompanying peace it brings to our lives and those of our families This may sound like a lot of work following a plan and making all the preparations to sit quietly for just a few minutes a day But stop and ask yourself do you necessarily follow the practices that could provide you with a better lifestyle just because you believe in them If you believe it is wise and good for you to meditate and that you will probably benefit from doing so will you do it Will you teach your children to do it If the answer is yes then wonderful you probably don't need this book But if you are like most of us and you need the external discipline of a plan some steps to follow to lead you where you want to go then this book is for you Having a plan and using organization and structure are only means to an end This book offers a plan within a structure that works for me and for those I have taught It takes very little

time to learn this plan Give it a chance and you ll soon be meditating with your sons and daughters The benefits are nothing short of claiming a space for your soul and the soul of your child to grow in Here is where giving and receiving become one When teaching meditation parents come as bearers of peace and gentleness to their children You will be teaching and learning how to make a space in your lives for something very precious There is no doubt in my mind that you can do it Don't be afraid to try it Do not be impatient with yourself If you skip a day or get side tracked take a deep breath and start again Peace begins within each individual heart and spreads out to encompass all the world The Peace Song song says Let there be peace on earth and let it begin with me It is always true as a parent that as we teach our children we teach ourselves It is the child's gift to us Let the fact that you picked up this book be a special sign to yourself A sign of willingness of desire for peace and of your love of a child
