Ten Poems to Open Your Heart Roger Housden,2007-12-18 Ten Poems to Open Your Heart is a book devoted to love, to the intimacy of personal love and lovemaking, to a loving compassion for others, and to the love that embraces both this world and the next. This new volume from Roger Housden features a few of the same poets as his extraordinarily moving Ten Poems to Change Your Life, such as Mary Oliver and Pablo Neruda, along with contributions from Sharon Olds, Wislawa Szymborska, Czeslaw Milosz, Denise Levertov, and others. Any one of the ten poems, and indeed any one of Housden's reflections on them, can open, gladden, or pierce your heart. Through the voices of these ten inspiring poets and through illustrations from his own life, Housden expresses the tenderness, beauty, joys, and sorrows of love, the presence of which more than anything else gives human existence its meaning. As Housden says in his eloquent introduction: "Great poetry happens when the mind is looking the other way and words fall from the sky to shape a moment that would normally be untranslatable. When the heart opens, we forget ourselves, and the world pours in, this world and also the invisible world of meaning that sustains everything that was and ever shall be." From the Hardcover edition.

Reading, Praying, Living The US Bishops' Open Wide Our Hearts Alison M. Benders,2020-02-27 In 2018, for the first time in nearly forty years, the United States Conference of Catholic Bishops published a pastoral letter against racism. Open Wide Our Hearts is a call to a humble and expansive love that respects human dignity and unites us all in Christ. Now, in Reading, Praying, Living The US Bishops' Open Wide Our Hearts, Alison Benders offers a resource designed to help parishes, RCIA programs, campus ministries, and Catholic readers unpack and grapple with this important document. Benders provides background on the social doctrine that grounds the document, describes why it's so timely, and offers a plan for studying the letter personally or as a group. In an engaging and accessible way, she walks readers through the scriptural, theological, and moral guidance needed to form our consciences and convert our hearts. And because the work of racial healing is a journey, not an event, each section of the guide also includes questions for personal reflection and attentive discussion, and prayers for spiritual renewal or reconciliation.

The Keys to Leading John Horan-Kates, 2007-11. What do you stand for? What is the foundation of your leadership approach? And what's really important to you? Many leaders know the answers to these questions, but few have expressed themselves in writing on these important leadership underpinnings. *The Keys to Leading* provides leaders the opportunity to take their thinking to a deeper level. Organized around ten time-honored principles essential to effective ethical leadership, this journal introduces these keys in a week-to-week format. By quoting respected exemplars and posing important questions each day, leaders are asked to express their thoughts on integrity, commitment, purpose, and other fundamental leadership principles. The exercise of writing one's deepest thoughts can be clarifying, therapeutic, and often eye-opening. This book is about both what other great leaders have said and, more importantly, it's about what you have to say. How you respond to this journal can be a transformative experience.

The Leader's Journal John Horan-Kates, 2011-06-09. What do you stand for? What is the foundation of your leadership approach? And what's really important to you? Many leaders know the answers to these questions at an intellectual level, but interestingly, they don't talk about them very often, and most have never expressed themselves in writing on these important leadership underpinnings. *The Leader's Journal* provides leaders the opportunity to take their thinking to a deeper level. Organized around twelve time-honored principles essential to effective ethical leadership, this book introduces these keys in a week-to-week format. By quoting respected exemplars and posing important questions each day, you are asked to express your thoughts on integrity, commitment, purpose, and other fundamental leadership principles. The exercise of writing your deepest thoughts can be clarifying, therapeutic, and often eye-opening. Writing can help you think through ideas or problems where answers may not be readily apparent. The more diligent you are in journaling, the more you'll learn about yourself and about your capacity to lead others. In this sense, this book is interactive and engaging. It's about both what other great leaders have said and, more importantly, it's about what you have to say. Just be aware that what you record in this journal may be transformative.

The Heart of Healing Dawson Church,2004

Multidimensional Heart Hélène Konokovi Abiassi,2022-08-22 When we speak about the heart we often talk about sentimental and emotional matters Nonetheless what I mean to explore here is the heart as a chakra as an energy center as an intelligence and as pure love In the heart one can deal with and work on all subjects However in this day and age human beings are programmed and conditioned to experience life through another energy center the mental chakra which is also very important Today we talk about the heart chakra as a center of energy and strength it is a combination This is about so much more than I can describe We all have many bodies you can imagine them as Russian dolls stacked inside one another Because of our experience and because of the decisions we make as human beings our energy will activate many of these bodies and the heart chakra activates many others Our personal development goes through balancing and aligning all our chakras and energy centers and what our service here is about is to give attention to and to reach the heart chakra This approach is very enriching and it expands this chakra We develop ourselves in a personal and deep way throughout our evolutionary journey The heart chakra is very caring with us in the true sense of the word care First of all it loves us and it teaches us to find this love in ourselves I am not talking about vanity nor narcissism I am talking about a real deep love about accepting our reality and the being that we truly are
