Love And Awakening Discovering The Sacred Path Of Intimate Relationship:

Love and Awakening John Welwood, 1996 Combining practical advice like that of Harville Hendrix with spiritual teaching like those of Thomas Merton the bestselling author of *Journey of the Heart* *Challenge of the Heart* and *Awakening the Heart* creates an extraordinary book about the sacred power of intimate relationships *Perfect Love, Imperfect Relationships* John Welwood, 2007-03-27 A nationally known couples therapist reveals the single root cause of all relationship problems and offers revolutionary advice on what to do about it While most of us have moments of loving freely and openly it is often hard to sustain this where it matters most in our intimate relationships If love is so great and powerful why are human relationships so challenging and difficult If love is the source of happiness and joy why is it so hard to open to it fully and let it govern our lives In this book John Welwood addresses these questions and shows us how to overcome the most fundamental obstacle that keeps us from experiencing love's full flowering in our lives *Perfect Love Imperfect Relationships* begins by showing how all our relational problems arise out of a universal wound of the heart that affects not only our personal relationships but the quality of life in our world as a whole This core wound shows up as a pervasive mood of unlove a deep sense that we are not intrinsically lovable just as we are It shuts down our capacity to trust so that even though we may hunger for love we have difficulty opening to it and letting it circulate freely through us This book takes the reader on a powerful journey of healing and transformation that involves learning to embrace these imperfections within ourselves and within our relationships as trail markers along the path to great love It sets forth a process for releasing deep seated grievances we hold against others for not loving us better and against ourselves for not being better loved And it shows how our longing to be loved can magnetize the great love that will free us from looking to others to find ourselves Written with penetrating realism and a fresh lyrical style that honors the subtlety and richness of our relationship to love itself this revolutionary book offers profound and practical guidance for healing our lives as well as our embattled world

Relationship Is a Living Thing Russell Crescimanno,2009-04 Many marital relationships that dissolve could survive and even thrive if the couple realized that there is an art and science to love and intimacy and were willing to learn and practice it This involves learning how to experience the difference between our ego and our Self Quieting the mind through meditation using methods both traditional and home made is the key to this experience It is the felt sense of the deep Self within that moves us to choose to be kind or considerate when our egos would have us behave otherwise When we extend ourselves in friendship a genuine fondness for one another begins to grow which then nurtures the soul of our relationship Cultivating these qualities promotes deep spiritual partnership and long term intimacy This book offers both principles and practices for those who feel they may be ready to engage this kind of soul centered learning Russell Crescimanno Ph D is Professor Emeritus at Piedmont Virginia Community College He has been teaching courses in sociology for forty years One in particular called Marriage and Family Relations became his passion as both his personal life and the climate of the culture regarding marriage and divorce changed over time He has also been a student and practitioner of the science of meditation and Self realization for twenty years This work has complemented his specialization in the sociology of knowledge and his desire to understand how society shapes human consciousness and therefore our relationships Motivated by the growing divorce rate in the country the painful stories of so many students who come from broken homes and the dissolution of his first two marriages he has been increasingly invested in learning what it takes to keep love alive and what we now know is sure to deaden it **Integral**

irrelevance A glaring example of this cultural shift was the tremendous popularity of Tina Turner's song with the title boldly declaring "What's Love Got to Do with It." I was saddened and appalled when I interviewed a well-known female rapper at least twenty years my junior who when asked about love responded with biting sarcasm: "Love, what's that? I have never had any love in my life." Youth culture today is cynical about love. And that cynicism has come from their pervasive feeling that love can not be found. Expressing this concern in "When All You've Ever Wanted Isn't Enough," Harold Kushner writes: "I am afraid that we may be raising a generation of young people who will grow up afraid to love, afraid to give themselves completely to another person because they will have seen how much it hurts to take the risk of loving and have it not work out. I am afraid that they will grow up looking for intimacy without risk, for pleasure without significant emotional investment. They will be so fearful of the pain of disappointment that they will forgo the possibilities of love and joy. Young people are cynical about love. Ultimately cynicism is the great mask of the disappointed and betrayed heart." When I travel around the nation giving lectures about ending racism and sexism, audiences, especially young listeners, become agitated when I speak about the place of love in any movement for social justice.
