Brenner, 2010-02-26 This fascinating and timely book traces the emergence and evolution of cybercrime as an increasingly intransigent threat to society *Cybercrime Criminal Threats from Cyberspace* is intended to explain two things what cybercrime is and why the average citizen should care about it To accomplish that task the book offers an overview of cybercrime and an in depth discussion of the legal and policy issues surrounding it Enhancing her narrative with real life stories author Susan W Brenner traces the rise of cybercrime from mainframe computer hacking in the 1950s to the organized professional and often transnational cybercrime that has become the norm in the 21st century She explains the many different types of computer facilitated crime including identity theft stalking extortion and the use of viruses and worms to damage computers and outlines and analyzes the challenges cybercrime poses for law enforcement officers at the national and international levels Finally she considers the inherent tension between improving law enforcement s ability to pursue cybercriminals and protecting the privacy of U S citizens **James Dean Transfigured** Claudia Springer, 2013-05-17 After the death of James Dean in 1955 the figure of the teen rebel permeated the globe and its presence is still felt in the twenty first century Rebel iconography which does not have to resemble James Dean himself but merely incorporates his disaffected attitude has become an advertising mainstay used to sell an array of merchandise and messages Despite being overused in advertisements it still has the power to surprise when used by authors and filmmakers in innovative and provocative ways The rebel figure has mass appeal precisely because of its ambiguities it can mean anything to anyone The global appropriation of rebel iconography has invested it with fresh meanings Author Claudia Springer succeeds here in analyzing both ends of the spectrum the rebel icon as a tool in upholding capitalism s cycle of consumption and as a challenge to that cycle and its accompanying beliefs In this groundbreaking study of rebel iconography in international popular culture Springer studies a variety of texts from the United States and abroad that use this imagery in

contrasting and thought provoking ways Using a cultural studies approach she analyzes films fiction poems Web sites and advertisements to determine the extent to which the icon s adaptations have been effective as a response to the actual social problems affecting contemporary adolescents around the world *Coping with Your Emotions* Kate Tym,Penny Worms,2005 A guide to show teenagers how to control and use their emotions for the better including expert advice on what to do if you are painfully shy feeling blue being afraid jealousy anger and love Voices in the Garden Lucia Chiappara-Bennett,2013-12-11 Voices in the Garden I know you had a dozen words to described my soft image of my personality But did you know I can see right through you My reflection can wonder in creating such manipulation The purpose of my life is to live each day and not worry what I didnt do yesterday but what I done today I created such achieving memories that no one knows my other potential in life that I fulfill And your only concerns what I didnt do I often learn to touch the love in my heart but I felt the values your previous concepts to establish to fulfill my dreams Writing Voices in the Garden is the second potential I had in my poetry But deep down I gave you my best days and my best life I am aware of my vulnerability conflicts and had developed new level of self growth in creating my new sound of poetry And you will not see any regrets Regardless of what you say but what you choose to tell that keeps me growing **Astro Horizon** Justin Tully,2010-02-26 Astro Horizon is the seventh poetry book written by the author Justin Tully This poetry book covers thoughts and feelings from August 2008 right up until January 2010 Topics include Christmas Vampires the recession NASA bombing the moon the death of Michael Jackson Zombies the 40th anniversary of The Beatles album cover for Abbey Road and the time I accidentally soaked money at work Love laughter fun serious issues all come together to create an Astro Horizon are you ready for the flight *Church of the Red Arrow* Michael Houlihan,2011-02-14 The Church of the Red Arrow is a book about everything at once It is perfect for people with ADD or people who just get bored easily You can flip around in it all day like the yellow pages and always wind up home In this respect it is like the old saying that all roads lead to Mecca It is poetry fiction and nonfiction with a section listing hundreds of unanswerable questions that are thought provoking and good topics of conversation There are also several short stories which start out linear and end up Joycian The book covers politics poetry and all sorts of paradoxes It is philosophical and sometimes just plain dumb I think you will find it an honest read sometimes whimsical sometimes seriously difficult sometimes fusing an antithesis or two often just by accident hence the conclusion that Lady Luck has smiled on this book Your author has written three other volumes which could or could not hook up quite nicely with this one if everything in the world were a train Mr Houlihan is also a member of the Lefty Jones Band but it is not his fault He refuses to play out or be seen in public Tourists, Retirees, and Other Reasons to Stay in Bed David Grimes,2016-11-01 David Grimes s humor column runs three times a week in the Sarasota Herald Tribune David began writing his humor column in 1985 when it became clear that he had no talent for other more useful jobs at the paper David has gleaned a lifetime of wisdom from his 25 years as a Florida resident and offers us his sage advice on topics such as
