Marginal Paris, 2024-09-09 This volume invites you to wander through the shadows of the City of Light and discover another, often invisible and silent Paris. Its chapters explore Parisian margins including various populations, spaces, and practices as represented in French literature and cinema since 1800. You will take a peek at the Parisians' criminal activities and nocturnal lives in the nineteenth century and witness how industrialization and capitalism between the 1850s and the 1970s reshaped the socioeconomic map of the city by creating or reinforcing spaces of social inequity. You will also meet marginalized groups that are often ignored or neglected in today's Paris and French society, including the LGBTQIA, Black, and immigrant communities.

The Routledge Companion to Popular Music Analysis Ciro Scotto, Kenneth M. Smith, John Brackett, 2018-09-28 The Routledge Companion to Popular Music Analysis: Expanding Approaches widens the scope of analytical approaches for popular music by incorporating methods developed for analyzing contemporary art music.
