Love Politics And More:

Empathy in Politics and Leadership Claire Yorke, 2025-10-03 A timely account of empathy politics and leadership showing how greater understanding and connection can foster trust community and innovation Empathy has become a cliché of contemporary politics often espoused but rarely understood Yet the capacity to understand other worldviews is neither easy nor comfortable Seeing through others eyes requires strength courage integrity and an ability to reason across the harshest political divides and in a time of heightened marginalization disconnection and polarization empathy in our leaders and across society is vitally important Claire Yorke offers the first account of empathy in politics and leadership drawing on examples from across the world Including model leaders like Nelson Mandela and Jacinda Ardern as well as figures on the right such as Donald Trump who mobilize different forms of empathy Yorke asks what distinguishes empathetic leaders from the rest and examines why empathy is essential for a more human centred politics Demonstrating empathy's radical potential and disputing its connotations of weakness this book shows how we can build a political ecosystem that fosters belonging and engagement and cultivate the necessary dialogue to find common ground Activism in the Name of God Jami L.

Say More Jen Psaki, 2024-05-07
INSTANT NEW YORK TIMES BESTSELLER
Former White House Press Secretary and current MSNBC host Jen Psaki shares the surprising lessons she's learned on her path to success and offers unique yet universal advice about how to be a more effective communicator in any situation. Not many White House Press Secretaries capture the nation's interest the way Jen Psaki did. Refreshingly candid and clear, Psaki quickly became known for her ability to break through the noise and successfully deliver her message. In her highly anticipated book, Psaki shares her journey to the Briefing Room and beyond, taking you along the campaign trail to the State Department and inside the White House under two Presidents. With her signature wit, Psaki writes about reporting to bosses from the hot-tempered Rahm Emanuel to the coolly intellectual Barack Obama to the surprisingly tenderhearted John Kerry. She also talks about her time working closely with President Joe Biden from the start of his administration to set a new tone for the country, restoring a sense of calm and respect for the role of the media in our Democracy. Since leaving the White House, Psaki's star has continued to rise. She launched a highly rated show on MSNBC and was so successful that in just six months she was given an additional primetime Monday slot ahead of Rachel Maddow. And Psaki's work doesn't end at the office. She is the mother of two young children and shares her stories about the journey of communicating as a parent. During one bedtime briefing, her young daughter asked the question, "Why do wars start?" which Jen carefully explained, and then got a follow-up: "Have you ever seen a unicorn?" In *Say More*, Psaki explains her straightforward approach to communication, walking you through difficult conversations as well as moments where humor saves the day, whether it is with preschoolers, partners, or presidents. She addresses the best ways to give and receive feedback, how to connect with your audience, how to listen actively, and much more. *Say More* is the book Psaki wishes she had when she started her career and is a trove of entertaining, essential lessons from one of the most prominent voices in American politics today.

Earthly Encounters Stephanie D. Clare, 2019-08-23
Earthly Encounters develops a fuller account of the lived experience of racialized gender formation as it exists on this planet earth. It analyzes sensations: the chill of winter, the warm embrace of the wind, the feeling of being immersed in water, and a stifling sense of containment. Through this analysis in settler colonial and colonial contexts in twentieth-century North America and Africa, Stephanie D. Clare shows how sensation is unevenly distributed within social worlds and productive of racial, national, and gendered subjectivities. From revealing the relevance of phenomenology, especially in the writings of Maurice Merleau-Ponty and Frantz Fanon, to debates concerning new materialism and affect theory, Clare shows how the phenomenology of race and gender must consider both the production of the body-subject and the environment. She concludes by making a case for the continued significance of sensation in the context of the Anthropocene.
