Yusuf's Fragrance Mahmud Gaami; tr. Mufti Mudasir, 2022-12-05 It can be said of the 19th century Kashmiri poet Mahmud Gaami that he was a pioneer in introducing the Persian genres of the ghazal nazm masnavi and na't into Kashmiri Mahmud Gami's contribution to Kashmiri poetry is unique in both scope and depth Not only is he the first truly prolific poet who has written entirely in the Kashmiri language but much of his poetry also stands out for its beauty of expression and depth of thought such as in the lyrical romance of Shireen Khusrau Yusuf Zulaikha and Layla Majnun Yusuf's Fragrance is both a celebration as well as an homage to Gami's oeuvre Through these beautiful verses we explore themes of love both physical and metaphysical philosophy folklore and tradition through different narrative devices such as nazms masnavis and vatsuns

The English Romance in Time Helen Cooper, 2004-06-17 The English Romance in Time is a study of English romance across the Middle Ages and the Renaissance It explores romance motifs quests and fairy mistresses passionate heroines and rudderless boats and missing heirs from the first emergence of the genre in French and Anglo Norman in the twelfth century down to the early seventeenth This is a continuous story since the same romances that constituted the largest and most sophisticated body of secular fiction in the Middle Ages went on to enjoy a new and vibrant popularity at all social levels in black letter prints as the pulp fiction of the Tudor age This embedded culture was reworked for political and Reformation propaganda and for the writing of England as well as providing a generous reservoir of good stories and dramatic plots The different ways in which the same texts were read over several centuries or the same motifs shifted meaning as understanding and usage altered provide a revealing and sensitive measure of historical and cultural change The book accordingly looks at those processes of change as well as at how the motifs themselves work to offer a historical semantics of the language of romance conventions It also looks at how politics and romance intersect the point where romance comes true The historicizing of the study of literature is belatedly leading to a wider recognition that the early modern world is built on medieval foundations This book explores both the foundations and the building Similarly generic theory which previously tended to operate on transhistorical assumptions is now acknowledging that genre interacts crucially with cultural context with changing audiences and ideologies and means of dissemination The generation into which Spenser

and Shakespeare were born was the last to be brought up on a wide range of medieval romances in their original forms and they could therefore exploit their generic codings in new texts aimed at both elite and popular audiences Romance may since then have lost much of its cultural centrality but the universal appeal of these same stories has continued to fuel later works from Bunyan's *Pilgrim's Progress* to C S Lewis and Tolkien
