Lugard and the Abeokuta Uprising Harry A. Gailey, 1982 First published in 1982 Routledge is an imprint of Taylor Francis an informa company **Lugard and the Abeokuta Uprising** Harry A. Gailey, 2016-03-31 First published in 1982 Routledge is an imprint of Taylor Francis an informa company *Lugard and the Abeokuta Uprising* Harry A. Gailey, 2014-02-25 First published in 1982 This book makes sense of Lugard's administration in Egba land by devoting space to the history religion and political structure created by the African peoples of western Nigeria Only by looking at the Egba traditional system and their attempts to modernize their state prior to 1914 can one fully appreciate their sense of loss and betrayal after annexation The Abeokuta uprising was a very important event during the imperial phase of Nigerian history Nigerian History, Politics and Affairs Adiele Eberechukwu Afigbo, 2005 These essays attempt to focus the light of history on Nigeria Nigerians and their contemporary condition The root idea here is that fundamental to all historical works that when the mind interacts with the past the result is something like a torchlight whose beam is focused on the present thus enabling us to achieve a better understanding of the problems which face us Afigbo has probed deep into Nigeria's past bringing out all the facets all the elements and all the issues that are necessary to improve the present **Cooperation and Empire** Tanja Bührer, Flavio Eichmann, Stig Förster, Benedikt Stuchtey, 2017-08-01 While the study of indigenous intermediaries is today the focus of some of the most interesting research in the historiography of colonialism its roots extend back to at least the 1970s The contributions to this volume revisit Ronald E Robinson's theory of collaboration in a range of historical contexts by melding it with theoretical perspectives derived from postcolonial studies and transnational history In case studies ranging globally over the course of four centuries these essays offer nuanced explorations of the varied complex interactions between imperial and local actors with particular attention to those shifting and ambivalent roles that transcend simple binaries of colonizer and colonized Biafra Roy Doron, 2025 The Nigerian Civil War 1967-1970 also known as the Biafran War remains one of the most politically charged and divisive issues in contemporary Nigerian politics During its three years of violence the war resulted in an astonishing number of deaths This included civilians who suffered starvation due to the siege which ultimately ended with no victors Biafra discusses the major political military and diplomatic factors that came to play in the war as well as the matters of genocide humanitarian relief and the memory of Biafra Author Roy Doron delineates the war's operational history from its origins to its military engagements failures in leadership international reactions and its resolution and legacy Biafra also examines how the country was affected after the war when Nigeria's military government imposed a no victors no vanquished policy in order to minimize further conflict and promote national unity Providing the first comprehensive narrative history of the Nigerian Civil War in more than 50 years Biafra offers a new basis for scholars and readers to understand one of postcolonial Africa's most devastating and consequential conflicts *Consensus, Conflict, and Change* Margaret Peil, Olatunji Y. Oyeneye, 1998 Two very distinguished sociologists

here undertake an extensive and comparative examination of African societies from a sociological perspective addressing the various aspects and agents of transformation The study is against the background of the transformation of African societies triggered by such factors as dysfunctions within values beliefs and norms general economic and political factors and adjustments due to external forces particularly new culture and technologies The issues are examined from the perspective that democratisation modernisation and globalisation are forces influencing African societies whilst traditional values and cultures produce a conflict of interest The chapters cover social organisation interaction differentiation families education religion economic activities cities social problems and social change Exporting empire Christopher Prior,2017-03-01 For Africans rank and file colonial officials were the most visible manifestation of British imperial power But in spite of their importance in administering such vast imperial territories the attitudes of officials who served between the end of the nineteenth century and the Second World War as well as what shaped such attitudes have yet to be examined in any systematic way In this original and revisionist work Prior draws upon an enormous array of private and official papers to address some key questions about the colonial services How did officials education and training affect the ways that they engaged with Africa How did officials relate to one another How did officials seek to understand Africa and Africans How did they respond to infrastructural change How did they deal with anti colonial nationalism This work will be of value to students and lecturers alike interested in British imperial and African history **Historical Dictionary of the British Empire** Kenneth J. Panton,2015-05-07 For much of the nineteenth and early twentieth centuries Britain was the dominant world power its strength based in large part on its command of an Empire that in the years immediately after World War I encompassed almost one quarter of the earth s land surface and one fifth of its population Writers boasted that the sun never set on British possessions which provided raw materials that processed in British factories could be re exported as manufactured products to expanding colonial markets The commercial and political might was not based on any grand strategic plan of territorial acquisition however The Empire grew piecemeal shaped by the diplomatic economic and military circumstances of the times and its speedy dismemberment in the mid twentieth century was similarly a reaction to the realities of geopolitics in post World War II conditions Today the Empire has gone but it has left a legacy that remains of great significance in the modern world The Historical Dictionary of the British Empire covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Britain Handbook of Research on Management and Organizational History Kyle Bruce,2020-04-24 Emerging from what was a somewhat staid sub discipline there is currently a battle for the soul of Management and Organizational History MOH at the centre of which is a widespread concern that much recent work has been more about how one should or might do history rather than actually

doing historical work If ever there was a time for a new volume on MOH this is certainly it **Political Conflict and Economic Change in Nigeria** Henry Bienen,2013-11-26 First Published in 1985 In the early morning hours of 31 December 1984 the Nigerian military once again removed an elected head of state A coup carried out by senior military officers ended the Second Republic which had been ushered in by elections at the end of 1979 Political Conflict and Economic Change in Nigeria is based on articles and essays written between 1978 and 1983 *Studies in Southern Nigerian History* Boniface I. Obichere,2005-07-27 First Published in 1982 Nigerians on the whole have a strong sense of history and a rich heritage of historical traditions This collection of essays is a contribution to the total effort of the study of the history of Southern Nigeria

Margery Perham and British Rule in Africa Mary Bull,Alison Smith,2013-12-02 Margery Perham was an outstanding influence on official and academic thinking on British Colonial rule and decolonization in Africa during the middle part of the century The book traces how the Second World War transformed her view of colonial rule and of the rate at which it would have to be relinquished **UNESCO General History of Africa, Vol. VII, Abridged Edition** Unesco. International Scientific Committee for the Drafting of a General History of Africa,1990-06-25 This volume reflects how the different peoples of Africa view their civilizations and shows the historical relationships between the various parts of the continent Historical connections with other continents demonstrate Africa s contribution to the development of human civilization

At the Feet of Abraham Levi UC Nkwocha,2020-11-30 This book advances an Abrahamic asymmetric mutual substitutive model of hospitality as a practical approach to establish peaceful coexistence between Muslims and Christians The merits include its helpful survey of the four models of interfaith dialogue and its clear exposition of the dialogue of life its constructive use of the philosophy of Levinas particularly in supporting its vision of asymmetrical moral responsibility among Muslim and Christians and its familiarity with an extensive philosophical literature on alterity gift exchange and responsibility The research also demonstrates strong command of the relevant Christian and Muslim scriptures and Catholic teaching on interfaith relations in addition to a wide range of background material on African Ubuntu spirit visible in Nigerian sociocultural and religious interdependent relations Through a consistent engagement of these philosophical ethical and cultural dimensions the Abrahamic theology of hospitality is ingeniously crafted to fill the age old gap mutual inability to deal with religious otherness At once the book provokes further scholarship inquiries on and around the identified concerns Its commonness and concreteness with the proposed respect for each other s faith commitment further underscores its quality **West African Warfare in Bahia and Cuba** Manuel Barcia,2014-09-25 West African Warfare in Bahia and Cuba seeks to explain how a series of historical events that occurred in West Africa from the mid 1790s including Afonja s rebellion the Owu wars the Fulani led jihad and the migrations to Egband had an impact upon life in cities and plantations in western Cuba and Bahia Manuel Barcia examines the extent to which a series of African led plots and armed movements that took place in western Cuba and Bahia between 1807 and 1844 were the result or a continuation of events that had occurred in

and around the Yoruba and Hausa kingdoms in the same period Why did these two geographical areas serve as the theatre for the uprising of the Nag s the Lucum s and other West African men and women The answer Barcia argues relates to the fact that plantation economies supported by unusually large numbers of African born slaves from the same or close geographical and ethnic heritage transformed the rural and urban landscape in western Cuba and Bahia To understand why these two areas followed such similar social patterns it is essential to look across the Atlantic it is not enough to repeat the significance of the African background of Bahian and Cuban slaves By establishing connections between people and events with a special emphasis on their warfare experiences Barcia presents a coherent narrative which spans more than three decades and opens a wealth of archival research for future study *The Cambridge History of Africa* J. D. Fage,Roland Anthony Oliver,A. D. Roberts,1975 This seventh volume in The Cambridge History of Africa examines the period 1905-40 in African history **How Colonialism Preempted Modernity in Africa** Olúfémi Táíwò,2010-01-11 Based on the idea that Africa was already becoming modern before being derailed by colonialism the author insists that Africa can get back on track and advocates a renewed engagement with modernity Tools toward shaping a positive future for Africa are immigration capitalism democracy and globalization **The History Teacher** ,1982 **Bibliographie Internationale D'anthropologie Sociale Et Culturelle** International Committee for Social Science Information and Documentation,1986-11-20 First published in 1986 Routledge is an imprint of Taylor Francis an informa company
