and communications network as key to the development of Irish music across a series of increasingly visible public sites Birmingham's branch of Comhaltas Ceoltíreann was established in the domestic space of an amateur musician Birmingham's folk clubs encouraged a blend of Irish music with socialist politics from which the Dublin singer Luke Kelly honed his trade Irish solidarity was fostered in Birmingham's churches Each of these examples begins with a performance at Birmingham Town Hall in order to show how a single venue also provides musical representations that are mutable over time The culmination is Birmingham's St Patrick's Parade This the largest Irish procession outside Dublin and New York manifests an incoherent blend of sounds The audio montage nevertheless creates a coherent metanarrative one in which the local community has conquered a number of challenges most especially that of the IRA bombings of the area and has moved Irish music from private arenas to the centre of this large civic event

The Real Ireland Harvey O'Brien, 2004 The Real Ireland is the first study of Irish documentary film but more than that it is a study of Ireland itself of how the idea of Ireland evolved throughout the twentieth century and how documentary cinema both recorded and participated in the process of change More than just a film studies work it is a discussion of history politics and culture which also explores the philosophical roots of the documentary idea and how this idea informs concepts of society self and nation It features rare and previously unseen illustrations and a detailed documentary filmography the first of its kind in print anywhere

Just how Irish is traditional Irish music? *Trad Nation* combines ethnography, oral history, and archival research to challenge the longstanding practice of using ethnic nationalism as a framework for understanding vernacular music traditions. Tes Slominski argues that ethnic nationalism hinders this music's development today in an increasingly multiethnic Ireland and in the transnational Irish traditional music scene. She discusses early 21st century women whose musical lives were shaped by Ireland's struggles to become a nation, follows the career of Julia Clifford, a fiddler who lived much of her life in England, and explores the experiences of women LGBTQ musicians and musicians of color in the early 21st century. **Proceedings of the ...
