The Strong Eye of Shamanism Robert E. Ryan, 1999 An exploration of shamanism and the archetypal symbolism that sits at the foundation of all human life Not just an academic work Helps the reader experience the actual mindset of the shaman Presents a cohesive view of the recurrent patterns of symbolism and visionary experience that underlie all religion The human psyche contains archetypal patterns largely lost to contemporary society but which shamans have employed for over 30 000 years to gain access to the spiritual world Shamanic symbols both affect and reflect these durative patterns that exist with uncanny similarity in civilizations separated by expanses of time and
