The New Encyclopedia of Southern Culture M. Thomas Inge,2014-02-01 Offering a comprehensive view of the South's literary landscape past and present this volume of The New Encyclopedia of Southern Culture celebrates the region's ever flourishing literary culture and recognizes the ongoing evolution of the southern literary canon As new writers draw upon and reshape previous traditions southern literature has broadened and deepened its connections not just to the American literary mainstream but also to world literatures a development thoughtfully explored in the essays here Greatly expanding the content of the literature section in the original Encyclopedia this volume includes 31 thematic essays addressing major genres of literature theoretical categories such as regionalism the southern gothic and agrarianism and themes in southern writing such as food religion and sexuality Most striking is the fivefold increase in the number of biographical entries which introduce southern novelists playwrights poets and critics Special attention is given to contemporary writers and other individuals who have not been widely covered in previous scholarship

Lowcountry Hurricanes Walter J. Fraser, Jr.,2009-03-01 At once sobering and thrilling this illustrated history recounts how for the past three hundred years hurricanes have altered lives and landscapes along the Georgia South Carolina seaboard A prime target for the fierce storms that develop in the Atlantic the region is especially vulnerable because of its shallow gradually sloping sea floor and low lying coastline With an eye on both natural and built environments Fraser's narrative ranges from the first documented storm in 1686 to recent times in describing how the lowcountry has endured some of the severest effects of wind and water This chronology of the most notable lowcountry storms is also a useful primer on the basics of hurricane dynamics Fraser tells how the 800 ton Rising Sun foundered in open water near Charles Town during the hurricane of 1700 About one hundred persons were aboard All perished Drawing on eyewitness accounts he describes the storm surge of an 1804 hurricane that submerged most of Tybee Island and swept over the fort on nearby Cockspur Island drowning soldiers and civilians Readers may have their own memories of Hurricanes Andrew Opal and Hugo Although hurricanes frequently lead to significant loss of life Fraser recounts numerous gripping instances of survival and rescue at sea and ashore The author smoothly weaves the lowcountry's long social political and economic history with firsthand reports and data accumulated by the National Weather Service and the National Oceanic and Atmospheric Administration Generously illustrated with contemporary and historical photographs this is a readable and informative resource on one of nature's most awesome forces

The Half-Life of Policy Rationales Fred E. Foldvary,Daniel B. Klein,2003-05-03 The Half Life of Policy

Rationales argues that the appropriateness of policy depends on the state of technology and that the justifications for many public policies are dissolving as technology advances As new detection and metering technologies are being developed for highways parking and auto emissions and information becomes more accessible and user friendly this volume argues that quality and safety are better handled by the private sector As for public utilities new means of producing and delivering electricity water postal and telephone services dissolve the old natural monopolies rationales of the government This volume includes essays on marine resources lighthouses highways parking auto emissions consumer product safety money and banking medical licensing electricity water delivery postal service community governance and endangered species The editors have mobilized the hands on knowledge of field experts to develop theories about technology and public policy The Half Life of Policy Rationales will be of interest to readers in public policy technology property rights and economics
