

The background of the book cover is a complex collage. It features several faces, some of which are partially obscured or layered. A prominent face in the upper right is looking upwards. Another face in the lower left is looking downwards. The collage is filled with a pattern of stars, similar to the stars on the American flag, which are scattered across the entire surface. A thick red horizontal bar is positioned across the middle of the collage, containing the word 'LURE AND' in white, bold, sans-serif capital letters.

Reflecting critically on the discipline of African American studies is a complicated undertaking Making sense of the black American experience requires situating it within the larger cultural political economic and ideological dynamics that shape American life This volume moves away from privileging racial commonality as the fulcrum of inquiry and moves toward observing the quality of the accounts scholars have rendered of black American life This book maps the changing conditions of black political practice and experience from Emancipation to Obama with excursions into the Jim Crow era Black Power radicalism and the Reagan revolt Here are essays classic and new that define historically and conceptually discrete problems affecting black Americans as these problems have been shaped by both politics and scholarly fashion A key goal of the book is to come to terms with the changing terrain of American life in view of major Civil Rights court decisions and legislation

Toward a Womanist Ethic of Incarnation Eboni Marshall Turman, 2013-12-18 The Black Church is an institution that emerged in rebellion against injustice perpetrated upon black bodies How is it then that black women s oppression persists in black churches This book engages the Chalcedonian Definition as the starting point for exploring the body as a moral dilemma **Identity and Ideology in Haiti** Paul C. Mocombe, 2018-04-27 Using a structurationist phenomenological

structuralism understanding of practical consciousness constitution as derived from what the author calls Haitian epistemology Haitian Vilokan Idealism this book explores the nature and origins of the contemporary Haitian oppositional protest cry the children of P tion v the children of Dessalines Although traditionally viewed within racial terms the mulatto elites v the African black poor majority Mocombe suggests that the metaphor contemporarily as utilized by the educated

black grandon class middle class bourgeois blacks has come to represent Marxist categories for racial class nationalistic struggles on the island of Haiti within the capitalist world system under American hegemony The ideological position of P tion represents the neoliberal views of the mulatto Arab elites and petit bourgeois blacks and nationalism economic reform and social justice represent the ideological and nationalistic positions of Dessalines as articulated by the grandon actual children of Toussaint Louverture seeking to speak for the African majority the children of Sans Souci the Congolese born general of the Haitian Revolution whose practical consciousness the Vodou Ethic and the spirit of communism differ from both the children of Dessalines and P tion In the final analysis the moniker is a truncated understanding of Haitian identity constitution ideologies and their oppositions The Wire, Deadwood, Homicide, and NYPD Blue Jason P. Vest, 2010-11-02 This book offers the only examination of the television writing of David Milch and David Simon as significant contributions to American culture literature and social realism David Milch and David Simon are two of the most prolific and successful television drama writers in the last 30 years These talented writers have combined real world knowledge with wild imaginations and understandings of the human psyche to create riveting shows with realistic environments and storylines Minch and Simon s writing have resulted in television series that have earned both critical acclaim and millions of viewers The Wire Deadwood Homicide and NYPD Blue Violence is Power is the most comprehensive text yet written about Milch and Simon and documents how television dramas of the 1980s 1990s and 2000s mirrored American culture with unprecedented sociological accuracy The author explains how both individuals are not only capable dramatists but also insightful cultural critics This book also examines the full range of Milch s and Simon s authorial careers including Milch s books True Blue The Real Stories behind NYPD Blue and Deadwood Tales of the Black Hills and Simon s Homicide A Year on the Killing Streets and The Corner A Year in the Life of an Inner City Neighborhood Age of Fracture Daniel T. Rodgers, 2012-09-03 In the last quarter of the twentieth century the ideas that most Americans lived by started to fragment Mid century concepts of national consensus managed markets gender and racial identities citizen obligation and historical memory became more fluid Flexible markets pushed aside Keynesian macroeconomic structures Racial and gender solidarity divided into multiple identities community responsibility shrank to smaller circles In this wide ranging narrative Daniel Rodgers shows how the collective purposes and meanings that had framed social debate became unhinged and uncertain Age of Fracture offers a powerful reinterpretation of the ways in which the decades surrounding the 1980s changed America Through a contagion of visions and metaphors on both the intellectual right and the intellectual left earlier notions of history and society that stressed solidity collective institutions and social circumstances gave way to a more individualized human nature that emphasized choice agency performance and desire On a broad canvas that includes Michel Foucault Ronald Reagan Judith Butler Charles Murray Jeffrey Sachs and many more Rodgers explains how structures of power came to seem less important than market choice and fluid selves Cutting across the social and political arenas of late twentieth century life and thought

from economic theory and the culture wars to disputes over poverty color blindness and sisterhood Rodgers reveals how our categories of social reality have been fractured and destabilized As we survey the intellectual wreckage of this war of ideas we better understand the emergence of our present age of uncertainty

Gender Talk Johnnetta B. Cole, Beverly Guy-Sheftall, 2009-01-16 Why has the African American community remained silent about gender even as race has moved to the forefront of our nation's consciousness In this important new book two of the nation's leading African American intellectuals offer a resounding and far reaching answer to a question that has been ignored for far too long Hard hitting and brilliant in its analysis of culture and sexual politics Gender Talk asserts boldly that gender matters are critical to the Black community in the twenty first century In the Black community rape violence against women and sexual harassment are as much the legacy of slavery as is racism Johnnetta Betsch Cole and Beverly Guy Sheftall argue powerfully that the only way to defeat this legacy is to focus on the intersection of race and gender Gender Talk examines why the race problem has become so male centered and how this has opened a deep divide between Black women and men The authors turn to their own lives offering intimate accounts of their experiences as daughters wives and leaders They examine pivotal moments in African American history when race and gender issues collided with explosive results from the struggle for women's suffrage in the nineteenth century to women's attempts to gain a voice in the Black Baptist movement and on into the 1960s when the Civil Rights movement and the upsurge of Black Power transformed the Black community while sidelining women Along the way they present the testimonies of a large and influential group of Black women and men including bell hooks Faye Wattleton Byllye Avery Cornell West Robin DG Kelley Michael Eric Dyson Marcia Gillispie and Dorothy Height Providing searching analysis into the present Cole and Guy Sheftall uncover the cultural assumptions and attitudes in hip hop and rap in the O J Simpson and Mike Tyson trials in the Million Men and Million Women Marches and in the battle over Clarence Thomas's appointment to the Supreme Court Fearless and eye opening Gender Talk is required reading for anyone concerned with the future of African American women and men

The African-Americanization of the Black Diaspora in Globalization or the Contemporary Capitalist World-System Paul C. Mocombe, Carol Tomlin, Christine Callender, 2016-11-16 This work sets forth the argument that in the age of neoliberal globalization black people around the world are ever so slowly becoming African Americanized They are integrated and embourgeoised in the racial class dialectic of black America by the material and ideological influences of the Protestant ethic and the spirit of capitalism as promulgated throughout the diaspora by two social class language games of the black American community the black underclass Hip Hop culture speaking for and representing black youth practical consciousness and black American charismatic liberal conservative bourgeois Protestant preachers like TD Jakes Creflo Dollar etc speaking for and representing the black bourgeois educated professional and working classes Although on the surface the practical consciousness and language of the two social class language games appear to diametrically oppose one another the authors argue given the two groups material wealth within the Protestant

ethic and the spirit of capitalism of corporate neoliberal America they do not Both groups have the same underlying practical consciousness subjects agents of the Protestant Ethic and the spirit of capitalism The divergences where they exist are due to their interpellation embourgeoisement and differentiation via different ideological apparatuses of the society church and education i e schools for the latter and prisons the streets and athletic and entertainment industries for the former Contemporarily in the age of globalization and neoliberalism both groups have become the bearers of ideological and linguistic domination in black neoliberal America and are antagonistically converging the practical consciousness of the black or African diaspora towards their respective social class language games We are suggesting that the socialization of other black people in the diaspora ought to be examined against and within the dialectical backdrop of this class power dynamic and the cultural and religious heritages of the black American people responsible for this phenomenon or process of convergence we are referring to as the African Americanization of the black diaspora The Vodou Ethic and the Spirit of Communism Paul C. Mocombe,2016-02-04 Using a variant of structuration theory what Paul C Mocombe calls phenomenological structuralism this work explores and highlights how the African religion of Vodou and its ethic i e syncretism materialism communal living or social collectivism democracy individuality cosmopolitanism spirit of social justice xenophilia balance harmony and gentleness gave rise under the leadership of oungan yo manbo yo gangan yo and granmoun yo to the Haitian spirit of communism and the counter plantation system Jean Casimir s term in the provinces and mountains of Haiti What Mocombe calls the Vodou Ethic and the spirit of communism of the African people of Haiti would be juxtaposed against the Catholic Protestant Ethic and the spirit of capitalism of the white mulatto gens de couleur and petit bourgeois free black classes of the island This latter worldview the Catholic Protestant Ethic and the spirit of capitalism Mocombe goes on to argue exercised by the free bourgeois blacks and mulatto elites Affranchis on the island undermined the revolutionary and independence movement of Haiti commenced by subjects agents oungan yo manbo yo gangan yo dokt fey and granmoun yo of the Vodou ethic and the spirit of communism and made it the poorest most racist and tyrannical country in the Western Hemisphere Shattered Bonds Dorothy Roberts,2009-02-23 The story of foster care in the United States is the story of the failure of the social safety net to aid poor largely black parents in their attempt to make a home for their children Shattered Bonds tells this story as no other book has before from the perspective of a prominent black female legal theoretician The current state of the child welfare system in America is a well known tragedy Thousands of children every year are removed from their parents homes often for little reason other than the endemic poverty that afflicts women and children more than any other group in the United States Dorothy Roberts an acclaimed legal scholar and social critic reveals the racial politics of child welfare in America through extensive legal research and original interviews with Chicago families in the foster care system She describes the racial imbalance in foster care the concentration of state intervention in certain neighborhoods the alarming percentages of children in substitute care the difficulty that poor and black families have in meeting state s

standards for regaining custody of children placed in foster care and the relationship between state supervision of families and continuing racial inequality **Tensions in the American Dream** Melanie E L Bush,Roderick Bush,2015-01-16 Could the promise of upward mobility have a dark side In Tensions in the American Dream Melanie and Roderick Bush ask how does a nation of immigrants pledge inclusion yet marginalize so many citizens based on race class and gender The authors consider the origins and development of the U S nation and empire the founding principles of belonging nationalism and exceptionalism and their lived reality Tensions in the American Dream also addresses the relevancy of nation to empire in the context of the historical world capitalist system The authors ask is the American Dream a reality only questioned by those unwilling or unable to achieve it What is the good life and how is it particularly American
