Radical Lutherans/Lutheran Radicals Jason A. Mahn, 2017-06-09 Can a Lutheran be sociopolitically radical Can a radical be theologically and faithfully Lutheran This book answers yes Written by teacher scholars from five ELCA colleges Radical Lutherans Lutheran Radicals follows Martin Luther Soren Kierkegaard Dietrich Bonhoeffer Dorothee Soelle and others as they sink deep roots in the Lutheran Christian tradition while simultaneously resisting the status quo with their words their deeds and sometimes their very lives Each chapter shows how the Lutheran theologian returns to the roots of Luther's life and writing and puts them toward radical social and political ends including critiques of cultured Christianity resistance to state or market preferential options for the poor and suffering deep commitments to peace justice and ecological sustainability and direct nonviolent resistance The book highlights theological themes popularized by Luther justification by grace two kingdoms thinking theology of the cross and vocation and then shows how these theological staples when deeply and creatively retrieved can inform political protest intentional living and other countercultural movements The compelling claim throughout is that Luther's theology at its root has resources for radical political participation and social transformation as exemplified by the writings and lives of these radical Lutherans Lutheran radicals

Transfiguring Luther Vitor Westhelle, 2017-02-23 Luther's theology has inspired many since 1517 when he nailed his ninety five theses to the door of the Castle Church It was the trigger for the Reformation a change in the very fabric of Christianity that is still studied extensively to this day Much of this work however has been conducted from either a European or North American perspective With Lutheranism becoming more and more common in the southern hemisphere new interpretations of Luther's theology are needed for these emergent and different contexts In Transfiguring Luther Vitor

Westhelle offers a reading of Luther and his legacy that goes beyond the traditional geopolitics of Luther research exploring realities where the Reformer's reception and the latent promise of his theology receive unsuspected appraisal Westhelle provides both a revisitation of the past and an invitation to a new orientation By establishing a texture rather than a rigid actuality Westhelle allows the reader to reach their own conclusions about these seldom examined aspects of Luther's theology

Luther, Conflict, and Christendom Christopher Ocker, 2018-09-17 Martin Luther monk priest intellectual or revolutionary has been a controversial figure since the sixteenth century Most studies of Luther stress his personality his ideas and his ambitions as a church reformer In this book Christopher Ocker brings a new perspective to this topic arguing that the different ways people thought about Luther mattered far more than who he really was Providing an accessible highly contextual and non partisan introduction Ocker says that religious conflict itself served as the engine of religious change He shows that the Luther affair had a complex political anatomy which extended far beyond the borders of Germany making the debate an international one from the very start His study links the Reformation to pluralism within western religion and to the coexistence of religions and secularism in today's world **Luther Conflict and Christendom** includes a detailed chronological chart

Radicalizing Reformation Karen L. Bloomquist, Craig L. Nesson, Hans G. Ulrich, 2016 Radicalizing Reformation provides critical perspectives from North American theologians involved in the international project Radicalizing Reformation Provoked by the Bible and Today's Crises This project explores the radical roots of what was ignited 500 years ago in order to bring more attention to the systemic challenges that must be addressed today drawing from both the strengths and the weaknesses of the Reformation legacy Authors in this all English volume include Brigitte Kahl Paul S Chung Samuel Torvend Cynthia Moe Lobeda Craig L Nesson Peter Goodwin Heltzel Charles Amjad Ali Karl Koop Wanda Deifelt Vitor Westhelle and Karen L Bloomquist Each article has been published in one of the previous five volumes This volume also includes background on the overall project the 94 theses and a guide for discussion in local contexts Series Radicalizing Reformation Die Reformation Radikalisieren Vol 6 Subject Religious Studies [Lutheran Tradition as Heritage and Tool](#) Niclas Blåder, 2015-09-23 All of the member churches of the Lutheran World Federation LWF are related to Lutheran theology in one way or another However that does not mean they act similarly or draw the same conclusions about any particular issue Rather Lutheran churches around the globe display great diversity This book has its background in a study of five Lutheran churches the ILCO in Costa Rica the IECLB in Brazil the ELCI in Iceland the FLM in Madagascar and the HKBP in Indonesia It addresses the questions of how the Lutheran heritage today is expressed in different churches and what is the role of Lutheran theology in how they handle their respective situations The churches in this study share with other churches the need to handle dilemmas such as the relations between community and pluralism openness and particularity power and servanthood and closeness to culture and being an alternative to culture In doing this they use their culture and history as well as their Lutheran heritage as tools

Luther's Revolution Nathan Montover, 2012-09-27 Till

now history has neglected the utterly radical nature of Luther's thought. In bringing together the political, theological, conceptual, and cultural dimensions of Luther's work, Montover brings his readers to an awareness of their truly radical nature. Luther's understanding of the universal priesthood of believers was not simply another evangelical concept that dealt only with the office of ministry. In serving as a means for reordering the concepts of temporal authority and the temporal order, it challenged the cosmological foundations of the political structure of his day. A compelling work that can only serve to revive the study of this monumental figure of theology.

Free in Deed Craig L. Nesson, 2022-01-11 *Free in Deed* serves as a primer in Lutheran ethics for faith and the church as the body of Christ. It captures the fruit of Craig L. Nesson's teaching of ethics and his research and reflection on Christian ethical existence over his entire career. The heart of Lutheran ethics, Nesson claims, involves serving neighbors. When Christ sets us free, indeed John 8:36, we are set free to serve others in deed. Ethics involves intentional and disciplined reflection together in community on the choices we must make in living out our lives in the world. While the focus on loving the neighbor is not unique to Lutheran ethics, the author contends in this book that it is the most distinctive feature of ethics in the Lutheran perspective. To that end, Nesson explores biblical authority and Lutheran hermeneutics alongside the authority of the traditional elements of tradition, reason, and experience. He moves on to explore what gospel freedom looks like in the current American context. Nesson acknowledges the misinterpretation of Luther's two kingdoms teaching, opting to describe Luther's two kingdoms as God's two strategies to bring forth the kingdom, shalom of God. Also addressed are the themes of justification and sanctification, the vocation of the universal priesthood, the ethics of the cross, Lutheran ethics and political advocacy, and the ethics of forgiveness. The book is accessibly written with theology students, pastors, and interested lay readers in mind.

The Alternative Luther Else Marie Wiberg Pedersen, 2019-09-18 Contributors to this book analyze areas of Martin Luther's and Lutheran theology that have otherwise been neglected or underrepresented in the five hundred years since the Reformation. They constructively widen the scope of Luther and Lutheran theology by viewing both from the perspectives of the subaltern, those whose voices are barely or rarely heard. The book formulates an inclusive Lutheran theology that reaches out but does not close out. The book's sections address Precarious Life from Luther's own precarious existence as an outlaw under a death sentence to other precarious life situations seen from various Lutheran perspectives; Body and Gender, addressing different aspects of gender and sexuality from new angles; Women and Sexual Abuse, focusing on present-day problems of abuse in an encounter with Luther's exegesis of biblical texts of terror; and Economy, Equality, and Equity, addressing Lutheran views on economy and equality that break new ground regarding common goods and the Anthropocene.

Healing a Broken World Cynthia D. Moe-Lobeda, 2002-08-08 Moe-Lobeda shows how the advent of globalization places a new horizon on the spiritual quest for religious experience. *Healing a Broken World* places spirituality and contemplative experience in relation to today's most pressing problems.

Martin Luther's Theology of Two Kingdoms in Buddhist and Christian Communities Pa

Yaw,2024-05-29 Socially engaged religion teaches that people of faith have a responsibility to address and reduce suffering in all its forms both physical and spiritual including suffering resulting from social injustice exploitation oppression false faith and so forth True religion engages with society to alleviate suffering and bring transformation In other words religious violence is an obscenity a deviation from the true character of religion Martin Luther s Theology of Two Kingdoms in Buddhist and Christian Communities examines the principle of separation between religion and politics in the context of both Buddhist and Christian communities In predominantly Buddhist contexts such as Myanmar where a reciprocal relationship between religion and politics is expected separation is not effective Attempts by Christians to separate religion and politics cause the church to run away from tyranny and follow the state with blind obedience Martin Luther s model of two distinct but interconnected systems for religion and politics creates space for each institution to give constructive advice and criticism to the other for the health of all human beings *The Spirit of God Transforming Life* P. Chung,2009-11-09 By re examining the central themes of Reformation theology Chung clearly and carefully describes the fundamental shape of Reformation thinking and introduces the reader to what was and is at stake in the Reformation s insistence on the centrality of the Gospel **Freedom in Resistance and Creative Transformation** Michael St. A. Miller,2013-04-11 In Freedom in Resistance and Creative Transformation Michael Miller addresses the concept of freedom that is central to the grammar of Christian faith and important in a wide range of religious and nonreligious settings across the globe He confronts the fact that despite the claimed importance of freedom there continues to be interpersonal socio political and religious power hierarchies that keep some people dominant and others subjugated The book suggests that often these hierarchies are informed by Christian teachings that deny freedom to human beings on the basis of their humanity per se Having classified humanity as fallen we are instructed that freedom is experienced by disparaging our humanity as we actually experience it seeing ourselves as our own worst enemies and accepting bondage to God the bondage reflected in the character of relations with those seen as God s special representatives in the world Miller presents a case against this understanding of the human situation and in the process he critically engages the Old and New Testaments along with ideas of significant representatives of Christian orthodoxy As an alternative he promotes freedom that is finite realistically libertarian and relational as most compatible with the character of human beings that are partially self creating and self determining Contributing to this position is the view that an infinitely temporal God by character and desire participates in human life in a way that ensures the requisite space for authentic decision making from which emerges genuinely novel possibilities for human life This dynamic has implications for the continued development of the human species and the quality of life in the cosmos as a whole A History of Lutheranism Eric W. Gritsch, In a clear nontechnical way this noted Reformation historian tells the story of how the nascent reforming and confessional movement sparked and led by Martin Luther survived its first battles with religious and political authorities to become institutionalized in its religious practices and teachings Gritsch then traces the

emergence of genuine consensus at the end of the sixteenth century followed by the age of Lutheran Orthodoxy the great Pietist reaction Lutheranism's growing diversification during the Industrial Revolution its North American expansion and its increasingly global and ecumenical ventures in the last century **Public Theology in an Age of World Christianity** P. Chung, 2010-04-26 This book aims to rearticulate and reinterpret a Christian concept of God's mission and evangelization in light of the universal irregular and transversal horizon of God's narrative as it pertains to the realities of public sphere

Compelling Knowledge Mary M. Solberg, 1997-01-01 Asks what sorts and sources of knowing we should consider compelling as we seek to live morally responsible lives. Contends that Martin Luther's theology of the cross provides a solid theological and ethical basis for a surprisingly congenial conversation with feminist thought and scholarship on these issues

True Faith in the True God Hans Schwarz, 2015-08-03 True Faith in the True God meets the deep need for a clear and concise introduction to the life and teachings of the great church reformer Martin Luther. After a brief overview of his life the book devotes chapters to Luther's thoughts on key topics including the knowledge of God church and sacraments the Scriptures marriage and parenthood and vocation. The author incorporates extensive quotations from Luther's own writings to show how Luther's insights have relevance for all Christians today
