Luther and the German Reformation Thomas Martin Lindsay, 1900 **The Richest Man Who Ever Lived** Greg Steinmetz, 2015-08-04 In the days when Columbus sailed the ocean and Da Vinci painted the Mona Lisa a German banker named Jacob Fugger became the richest man in history Fugger lived in Germany at the turn of the sixteenth century the grandson of a peasant By the time he died his fortune amounted to nearly two percent of European GDP In an era when kings had unlimited power Fugger dared to stare down heads of state and ask them to pay back their loans with interest It was this coolness and self assurance along with his inexhaustible ambition that made him not only the richest man ever but a force of history as well Before Fugger came along it was illegal under church law to charge interest on loans but he got the Pope to

change that He also helped trigger the Reformation and likely funded Magellan's circumnavigation of the globe His creation of a news service gave him an information edge over his rivals and customers and earned Fugger a footnote in the history of journalism And he took Austria's Habsburg family from being second tier sovereigns to rulers of the first empire where the sun never set Provided by publisher History+ for Edexcel A Level: Religion and the state in early modern Europe Robin Bunce, Sarah Ward, Christine Knaack, 2015-09-04 Exam Board Edexcel Level AS A level Subject History First Teaching September 2015 First Exam June 2016 Endorsed for Edexcel Enable your students to develop high level skills in their Edexcel A level History breadth and depth studies through expert narrative and extended reading including bespoke essays from leading academics Build a strong understanding of the period studied with authoritative well researched content written in an accessible and engaging style Ensure continual improvement in students essay writing interpretation and source analysis skills using practice questions and trusted guidance on successfully answering exam style questions Encourage students to undertake rolling revision and self assessment by referring to end of chapter summaries and diagrams across the years Help students monitor their progress and consolidate their knowledge through note making activities and peer support tasks Provide students with the opportunity to analyse and evaluate works of real history with specially commissioned historians essays and extracts from academic works on the historical interpretations This title has complete coverage of the following units in Edexcel's specification England 1509 1603 authority nation and religion Luther and the German Reformation c1515 55 The Dutch Revolt c1563 1609 **A History of the Reformation: The reformation in Germany from its beginning to the religious peace of Augsburg** Thomas Martin Lindsay, 1906 **The Devil's Doctor** Philip Ball, 2006-04-18 A vibrant original portrait of a man of contradictions the Renaissance era Swiss father of modern medicine Publishers Weekly starred review Philippus Aureolus Theophrastus Bombast von Hohenheim who called himself Paracelsus stands at the cusp of medieval and modern times A contemporary of Luther an enemy of the medical establishment a scourge of the universities an alchemist an army surgeon and a radical theologian he attracted myths even before he died His fantastic journeys across Europe and beyond were said to be made on a magical white horse and he was rumored to carry the elixir of life in the pommel of his great broadsword His name was linked with Faust who bargained with the devil Who was the man behind these stories Some have accused him of being a charlatan a windbag who filled his books with wild speculations and invented words Others claim him to be the father of modern medicine Philip Ball exposes a more complex truth in The Devil's Doctor one that emerges only by entering Paracelsus's time He explores the intellectual political and religious undercurrents of the sixteenth century and looks at how doctors really practiced at how people traveled and at how wars were fought For Paracelsus was a product of an age of change and strife of renaissance and reformation And yet by uniting the diverse disciplines of medicine biology and alchemy he assisted almost despite himself in the birth of science and the emergence of the age of rationalism Praise for The Devil's Doctor An enlivening portrait that will spark interest in

Antifraternalism and Anticlericalism in the German Reformation Geoffrey Dipple, 2016-12-05 Many of the leading figures of the Reformation and many of their most able opponents came from among the ranks of the Franciscan Order This Order became the focus of attack in a pamphlet war waged against it in 1523 by converts to the Reformation These criticisms were based on arguments by Luther in his Judgement on Monastic Vows and the pamphlets provided an important channel for these views Luther's arguments were also reinforced by criticisms of the mendicant orders drawn from medieval polemical and satirical literature The campaign of 1523 brought together both Reformation and pre Reformation anticlerical themes In this book Geoffrey Dipple looks at the perception of the Franciscan order in the 15th and 16th centuries placing the attacks firmly in the context of late medieval inter clerical rivalries He looks particularly at the anticlerical polemics of one of the primary participants Johann Eberlin von G nzburg the most vocal of the Franciscan's critics

Confessionalization in Europe, 1555-1700 John M. Headley,Hans J. Hillerbrand,2017-03-02 Confessionalization in Europe 1555 1700 brings together a closely focused set of essays by leading scholars from the USA UK and Europe in memory of Bodo Nischan They address what historians of the Early Modern period have recently come to define as the pre eminent issue in the history of the Reformation as they turn their emphases from the earlier part of the 16th century to the relatively neglected latter half of the century By the time of his death Bodo Nischan had distinguished himself as a significant contributor to this central problem of confessionalization The concept involves the practice of confession building which in relation to that of social disciplining promoted interrelated processes contributing decisively to the formation of confessional churches greater social cohesion and the emergence of the Early Modern absolute state Many religious practices earlier considered as adiaphora indifferent matters now became treated as marks of demarcation between the emerging Protestant confessional churches and at the same time politicized as the early modern state sought to impose greater social control Through the analysis of such liturgical ritual and ceremonial practices Nischan helped show the way towards a better understanding of the Reformation s engagement with the people These are the themes treated in this volume

The Survival of Dulles Michael M. Canaris,2021-08-17 This collection marking the centenary of Avery Dulles s birth makes an entirely distinctive contribution to contemporary theological discourse as we approach the second century of the cardinal s influence and the twenty first of Christian witness in the world Moving beyond a festschrift the volume offers both historical analyses of Dulles s contributions and applications of his insights and methodologies to current issues like immigration exclusion and digital culture It includes essays by Dulles s students colleagues and peers as well as by emerging scholars who have been and continue to be indebted to his theological vision and encyclopedic fluency in the ecclesiological developments of the post

conciliar Church Though focused more on Catholic and ecumenical affairs than interreligious ones the volume is intentionally outward facing and strives to make clear the diverse and pluralistic contours of the cardinal's nearly unrivaled impact on the North American Church which truly crossed ideological denominational and generational boundaries While critically recognizing the limits and lacunae of his historical moment it serves as one among a multitude of testaments to the notion that the ripples of Avery Dulles's influence continue to widen toward intellectually distant shores
