## **Lying Abroad Diplomatic Memoirs:**

**Lying Abroad** Henry Brind, 1999-12-31 An ambassador is an honest man sent to lie abroad for the good of his country Sir Henry Wotton 1604 Harry Brind did not emulate his illustrious seventeenth century diplomatic predecessors as can be seen from his compelling account of British diplomacy in difficult and exotic locations from the last days of empire to the late twentieth century After leaving the army Harry Brind joined the Colonial Service in the Gold Coast and Ghana after independence This was a period of vital importance in the history of the British policy on decolonization of which Ghana was regarded as a key example Brind went on to Canada an independent and long established former Dominion and in the sharpest contrast after a spell in London dealing with Britain's application to join the Common Market to Uganda during Idi Amin's tyranny In *Lying Abroad* he gives a graphic and harrowing picture of one of the worst episodes in Africa's modern history His time in Mauritius might in comparison seem idyllic but there were pressing diplomatic problems in an island of mixed ethnicity and still bearing the stamp of its French colonial past Brind's period as ambassador in Somalia is of great interest to students of modern history and international relations the story of a vital piece on the chessboard of global political interest in the turbulent Horn of Africa His account of his last major appointment as High Commissioner in Malawi during Hastings Banda's rule gives a sharply etched picture of contrasts a poor but stable country ruled almost as a personal fief by a Life President both demonised and admired *Lying Abroad* encapsulates a period when the problems of post imperial Britain were at their height Brind describes the pressures of international diplomacy with humour lightness of touch and authority

**The Foreign Office and British Diplomacy in the Twentieth Century** Gaynor Johnson, 2013-09-13 This book examines the evolution of the Foreign Office in the 20th century and the way in which it has responded to Britain's changing role in international affairs The last century was one of unprecedented change in the way foreign policy and diplomacy were conducted The work of The Office expanded enormously in the 20th century and oversaw the transition from Empire to Commonwealth with the merger of the Foreign and Colonial Offices taking place in the 1960s The book focuses on the challenges posed by waging world war and the process of peacemaking as well as the diplomatic gridlock of the Cold War Contributions also discusses ways in which the Foreign and Commonwealth Office continues to modernise to meet the challenges of diplomacy in the 21st century This book was previously published as a special issue of the journal *Contemporary British History*

*The 21st Century Ambassador* Kishan S. Rana, 2004

*Revolt of the Ministers* Colin Baker, 2001-03-23 I certainly had very extreme views very violent views and I certainly did advocate extreme methods So a leading Nyasaland nationalist characterised the struggle for independent Malawi but Dr Hastings Banda a highly respected medical doctor based for many years in London was invited back to Nyasaland to lead the movement to independent Malawi and the Malawi National Congress Here was or so it seemed a loyal and progressive Government with pro Western leadership a final success in the story of British decolonisation Yet within three months all but one of the cabinet ministers

had resigned or were dismissed former ministers fled the country including distinguished members of the independence movement Even the pro Congress Europeans feared for their lives Colin Baker unravels this potentially disastrous episode in Malawi s history and in the story of decolonisation He illuminates not only the immediate post independence problems of Malawi a newly independent African state but charts the growth of Banda s autocracy This detailed and revealing study reveals the problems inherent in the whole momentous story of Africa in independence and decolonisation *Diplomacy* G. Berridge,2005-03-25 This is a completely revised and updated edition of the standard textbook on diplomatic theory and practice It includes comprehensive coverage of the main issues from telecommunications to summitry With new sections on the importance of following up agreements and the adaptability of the resident embassy this third edition of *Diplomacy* offers the most up to date information about the real world practice of international relations It will be essential reading for students and professionals alike

**European Decolonization** Martin Thomas,2017-05-15 This collection brings together twenty one key articles that explore the nature and impact of colonial withdrawal Ranging across all the European colonial powers the articles discuss various aspects of decolonization including the role of political violence changing popular attitudes to empire and the inter actions between colonial conflict and Cold War

Memoirs of Globetrotters Tengku Halimah Salim,2016-04-23 In *Memoirs of Globetrotters* I write about Asians who have made lives in other countries other than their own viz America England Australia Italy and Malaysians Some have left their mother country from an early age following their families on diplomatic postings I also touched on life in the diplomatic world which I found interesting and which I feel would be interesting to the readers I also touched on places some remote some familiar to readers which were their hometowns before they left to venture to faraway places Th eir experiences as a foreigner are all mentioned as part of their life overseas Most of these events happened as far back as in the 1950s I have categorized the characters under three diff erent groups viz Children of Diplomats Th e Missionaries and Th e Adventures based on their life stories and experiences All the stories are true and some heart breaking and it touches on the path of life through the choices we made through their own or was chosen for them

Political Memoir George W. Egerton,1994 The

genre of political memoir has a long history from its origins in classical times through its popularity in the age of courts and cabinets to its ubiquity in modern mass cultures where retired politicians increasingly attract large and eager readerships for their revelations Yet there is virtually no scholarly criticism which treats this complex form of literature as a distinct genre fusing autobiographical historical and political elements The essays in this book draw together the collaborative findings of a team of British European American and Canadian scholars to present a pioneering historical and critical study of the genre of political memoir analysing the development of its distinct functions and assessing leading memoirists in European American Canadian Indian and Japanese societies The editor George Egerton introduces the volume and surveys the principal features of the genre over its long history Otto Pflanze analyses the memoirs of Bismarck Robert Young Milton Israel Joshua Mostow and Robert Bothwell study the memoir literature of France India Japan and Canada respectively Barry Gough and Tim Travers look at naval and military memoirists while Zara Steiner B J C McKercher and Valerie Cromwell assess the memoirs of diplomats and their families Leonidas Hill examines the memoirs of leading Nazis John Munro Francis Heller and Robert Ferrell convey inside information on the making of memoirs notably by the Canadian Prime Ministers Diefenbaker and Pearson and the American President Truman Stephen Ambrose assays Nixon as memoirist while Janos Bak portrays the status of memoirists under totalitarian regimes Wesley Wark and John Naylor analyse the proliferation of intelligence memoirs and government efforts to protect official secrets from the revelations of the candid memoirist The principal findings reached by the contributors in their study of this problematic but influential genre are set out by the editor in the concluding chapter
